Summary:

The sequel to The Broken Story, a messed up retelling of The Lost Age.

1. Chapter 1

Golden Sun: The Lost Tale

Of course, the parody of Golden Sun: The Lost Age is being rewritten!

Yay for rewrites!

[Studio]

Isaac: *sigh* We have to do the prologue?

Garet: D= Why can't it just be skipped?

Ivan: Well, at least, once it's over, we can get some rest.

Mia: Thank goodness...

Jenna: Yay! ^_^ Our part of the tale is about to begin!

Felix: Is that director going to bug us now?

Director: v_v The Wise One said I had to stay...

Sheba: Oh... poor director...

Felix: Does the Wise One have it in for everyone?

Jenna: I think so...

Alex: Especially me. *sniff*

Sheba: Nobody cares.

Alex: T_T

[Prologue]

Isaac, Garet, Ivan and Mia are standing on a stage as they prepare to tell the story.

Isaac: Eons ago, or so the stories tell us, cheese ruled over the land.

The world bowed to the power of the mighty cheese. This is so messed up.

Garet: Cheese filled the stomachs of humanity, like lead into gold!

Ivan: But, eventually, their drooling mouths gave way to untold strife.

Dreams of endless food, of eternal cheese, dominion over dairy products...

dreams of cheese and war!

Mia: Cheese would have torn their lives apart, had it not been for a few

lactose intolerant men who sealed the cheese deep inside Mt. Aleph's Sol

Sanctum in the form of the Elemental Stars.

Djinn fly overhead dragging a banner with 'Prologue from Book One' scribbled upon it

Isaac: Vale guarded their unknown secrets for far too long, so, Jenna and I, who had lost our parents (well, okay, I only lost my father) got sneaky and trespassed into Sol Sanctum along with Gareth and Kraden.

Garet: Saturos and Menardi followed us there into Sol Sanctum, along with Felix, Jenna's brother whom we also thought lost in the storm 3 years before that took Isaac and Jenna's parents.

Ivan: Saturos and Menardi stole the beloved cheese, uh, Elemental Stars, the key to breaking the seal on the mighty cheese... I mean, Alchemy, and they kidnapped Jenna and Kraden in the process.

Mia: If the Elemental Stars were used to ignite the four lighthouses, then Alchemy would be let loose upon Weyard!

Isaac: Gareth and I set out to stop Saturos, rescue our friends, and bring the Elemental Stars back to Vale. Luckily, we already had one of them, the Mars Star.

Garet: We met a freaky Wind Adept named Ivan, with an unnatural cheese obsession, and we chased Saturos and Menardi all the way to the snowy village, Imil, right by the Mercury Lighthouse.

Ivan: There, we met Mia, the insane Furby obsessed Water Adept, and she came with us to meet Saturos on top of the Mercury Lighthouse.

Mia: We were too late to save Mercury Lighthouse and stop Saturos escaping with that traitor Alex! We chased them across the Karagol Sea...

Isaac: I made my way to Tolbi by different means however. I saved a man named Babi who plotted to make me fight alone in Colosso!

Garet: Since Isaac got ill, Mia lied her way to fighting alone in Colosso to show off her Psynergy... or rather, her Furbies. We gained Babi's trust and he told us a secret.

Ivan: Babi wished to find Lemuria, because he wished to be immortal! His excuse was that he wanted to find out stuff about Alchemy.

Mia: We went with Iodem to Lalivero and we learned that Saturos and Menardi had kidnapped a girl named Sheba and taken her to Venus Lighthouse with them.

Isaac: We fought and defeated Saturos and Menardi atop Venus Lighthouse, but we couldn't save the lighthouse. Ivan wept for his precious and the beacon was lit.

Garet: Sheba fell down into the sea and Felix dived after her. We never found them or Jenna either...

Ivan: We returned to Lalivero and Iodem gave us the Black Orb to use Babi's ship so that we could go and find Lemuria.

Mia: The next part of the story begins with Jenna, just before the Venus Lighthouse is lit.

Isaac, Garet, Ivan and Mia walk off the stage. The scene changes to somewhere in the Venus Lighthouse, where Jenna, Felix and Kraden are.

Jenna: Where are you going?

Felix: I'm going to the aerie because Saturos and Menardi are idiots and took Sheba up there for no reason, so I'm getting her back.

Kraden: Uh... are you sure that's a good idea?

Felix: Sure! *moves statue onto button, making electric barrier stop* Bye!

Jenna: Wait! Be careful! Don't fall off the lighthouse or anything!

Felix: ... Like I'd do that... *leaves*

Kraden: Yeah, I'm sure it's perfectly safe up there.

Jenna: ...

Kraden: What's the matter now?

Jenna: I should have stopped him...

Alex warps in

Alex: Hello.

Jenna: What?

Alex: What do you mean what?

Jenna: Why are you here?

Alex: Funny I should be asking the same of you.

Jenna: Why is that?

Kraden: Really, must you-

Alex: Because you should be at the ship.

Jenna: What ship?

Alex: The ship at Idejima!

Jenna: What ship at Idejima?

Kraden: *screams*

Alex: Saturos and Menardi's ship!

Jenna: Why do they have a ship?

Alex: To travel.

Jenna: Why do they need to travel?

Alex: So that they can get the beacons lit.

Jenna: Oh that's right!

Alex: The beacon's gonna be lit soon! *happy dance*

Kraden: Uh, why are you so happy?

Alex: Because Alchemy will soon be restored! And cheese!

Jenna: This cheese stuff is a load of hooey. There's no such thing as infinite cheese!

Alex: There is too!

Kraden: Honestly, I'm having a hard time believing it myself.

Alex: So, where's Felix?

Jenna: That's none of your business.

Kraden: He has gone to the aerie to shout at Saturos and Menardi for taking Sheba to the aerie.

Alex: Idiot.

Jenna: What did you say?

Alex: What makes you think I said anything, dear?

Jenna: Call me a dear again and I shall punch you!

Alex: I'm soooooo scared.

Kraden: Ahem, should we get going?

Jenna: No!

Alex: You wish to stay here?

Jenna: Yes.

Alex: Well, you can't, let's go. I'm disappointed with Felix, he should have escorted you two to the ship.

Kraden: Well, he didn't, so live with it.

Alex: ...

Jenna: Wait...

Alex: What now?

Jenna: =\ Will Isaac be up there?

Kraden: I believe he may be.

Jenna: Oh no! What if Felix and Isaac wind up fighting? Can't we go up there and talk to Isaac?

Alex: No.

Jenna: Why?

Alex: Because Isaac is an enemy.

Jenna: Why?

Alex: He does not respect the pure cheese born of Alchemy, his motives differ to ours and he doesn't want the beacons lit.

Jenna: But-

Alex: Let's get out of here...

A Fenrir: Hello.

Kraden: ACK! What's that doing here?

Fenrir: MWEHEHEHE!

Jenna: How cute! *grabs two dog collars on a leash out of nowhere and fastens the collars around the Fenrir's necks*

Alex: Jenna, what are you DOING?

Jenna: This Fenrir's my new pet!

Kraden: Oh bummer...

Jenna: Right, Fenrir? Here, want some cookies?

Fenrir: ARF? x_X;

Jenna: *feeds the Fenrir some cookies*

Fenrir: *chomp, chomp* ^_^

Alex: Jenna, you can't have a pet Fenrir!

Jenna: WHY?

Alex: Because... oh I give up, let's just go to Idejima.

Fenrir: Aroo! ^_^

Kraden: Keep that thing away from me...

Jenna, Kraden, Alex and Fenrir go out of the Venus Lighthouse and see some birds.

Fenrir: AAAARF!!! *tries to pounce the birds*

Jenna: Whoa, whoaaa! *almost falls over* Calm down!

Alex: Maybe that's why you cannot have a pet Fenrir?

Jenna: I don't care, he's mine!

Kraden: Why don't you just give him a name?

Fenrir: Awoo! ^_^

Jenna: Inu!

Alex: Why Inu?

Jenna: Because it's a dog right? Or at least a dog with two heads and Inu's the Japanese word for dog so there...

Alex: Whatever...

Kraden: Um, we have a bit of a problem here... *points to angry crowds*

Inu: *whimpers* Erroo...

People: Give us back Sheba now!

Alex: No! *starts throwing people in the air with Geyser*

Other people: *scream and run off*

Alex: There, the coast is clear, you two may go on to Idejima.

Jenna: Are you not coming?

Alex: No, I wish to go to Lalivero and have a meal, but you two keep going.

Kraden: That is unfair...

Alex: Not my problem. *leaves*

Jenna: The nerve of that guy! *walks the other way*

Kraden: Yeah...

Inu: Oooooo...

Ruffian: Hey! >=\

Jenna: o.o; What do you want?

Ruffian: Since there are just two of you, I shall fight you!

Jenna: *gets into fighting stance* Bring it on!

Kraden: *gulp* This could get violent...

Ruffian: Yahhhh! *charges at Jenna, waving dagger*

Jenna: Super Secret Technique... Kick in the Nuts! *sharply
kicks the

Ruffian in his family jewels*

Kraden: Super Secret Technique?

Ruffian: Owwww.... *collapses*

Jenna: What's the matter, you big pansy? Don't you want to
fight anymore?

Ruffian: *cries like a baby*

Kraden: Jenna, he's finished. Let's keep going.

Jenna: Okay...

Jenna, Kraden and Inu continue, and meet another Ruffian.

Ruffian: Haha, I shall not be defeated by a girl and her grandfather!

Jenna: *twitches* What did you say? Are you insinuating I'm related to that rambling old fart?!

Kraden: Hey! I'm right here!

Jenna: Sic him, Inu!

Ruffian: What the heck?!

Inu: ARF! *runs up and bites the Ruffian*

Ruffian: Ack! Argh! Ow! Get this thing off me! *collapses*

Inu: Woof! *wags tail and walks back to Jenna*

Jenna: Good dog. *pats* Let's keep going.

Ruffian: *whimper* Mommy...

Kraden: These guys aren't very tough, are they?

Jenna, Kraden and Inu keep going and walk into the mouth of a cave but step back out again. Three Ruffians appear.

Ruffian 1: It was a good idea to wait here. We got them!

Ruffian 2: You two are going nowhere.

Ruffian 3: Except back to Iodem!

Jenna: *poses* The agent of fire and passion, guided by the planet of war,
I, Magical Pretty Girl Jenna, will kick your asses in the name

of Mars! *strikes
a different pose*

Kraden: ...

Ruffians: ...

Director: ... *is frozen with cup of coffee halfway to mouth*

Everyone else watching: ...

Jenna: ...

... ..

Jenna: Well?! Did it sound cool or not?

Everyone:

Kraden: Um, Jenna, why don't you just defeat the ruffians?

Jenna: T_T *falls to knees, looking crushed* Nobody liked my cool speech...

Director: Here's a tip. Cheesy speeches went out a long time ago. This is not Sailor Moon! Please act a bit more serious!

Jenna: ;_;

Kraden: Jenna?

Ruffian 1: Is she insane?

Ruffian 2: Yeah, I think she's completely loco.

Ruffian 3: Should we really capture this crazy person? What if she harms

Master Iodem?

Jenna: ... You guys suck. Take this! Searing... BEAM! *fries the Ruffians until they are crispy and smoking*

Kraden: Uh, Jenna, you really can't-

Jenna: EASY. MODE. *gives Kraden deranged glare*

Kraden: Oh, we're playing Easy Mode, are we? *gulps* But don't you still need Djinn?

Jenna: ... We already have them all because the Director thinks it's too much hassle to be collecting them.

Kraden: I see... okay... let's go then. And, Jenna, please try to be more gentle with people who aren't Adepts!

Jenna: *looks at burned Ruffians who are barely moving* Uh... right.

Jenna, Kraden and Inu continue to Idejima.

Kraden: Ooh! A ship! This must be the one that Saturos and Menardi were talking about! *jumps in to explore*

Jenna: Ugh... you're like a kid with a new toy! ... *waits*

Kraden: *continues to explore*

Jenna: Hurry up in there!

Kraden: *jumps out* I can't make it move...

Jenna: Uh? Why were you trying to make it move?

Kraden: No particular reason...

Jenna: Then it must be a dud boat!

Kraden: How did it get here then?

Jenna: Uh... good point...

Kraden: I know. The... thingy that makes it go...

Jenna: Thingy?

Kraden: Yeah... that black orb that Saturos was carrying, that must have been it.

Jenna: Oh, well, we'll just have to wait for them then.

Alex: *appears* Jenna! Kraden!

Inu: Arf!

Alex: 0_o;;; Keep that demonic Fenrir away from me!

Jenna: I'm so fed up of waiting already...

Kraden: Why isn't Venus Lighthouse lit yet?

Alex: *stares at Venus Lighthouse* Oh! Hey! It's lit!

Kraden: Cool! But... should the ground be shaking so much?

Jenna: I think it's getting worse. I can barely stand up!

Inu: *whimpers*

Kraden: Mercury Lighthouse didn't react this way. What makes Venus Lighthouse different?

Alex: That last tremor just caused a rift through the Suhalla Range!

Idejima breaks off the continent and begins floating

Jenna: How are we supposed to get back to Gondowan now?

Kraden: This makes no sense! A piece of land shouldn't be able to float over the ocean!

Alex: Save your babbling for later!

Idejima continues to float away. Jenna and Kraden are lying on the ground and Alex is not in sight.

Jenna: Isaac must have been up there... I hope he's alright...

Kraden: He may have been fighting with Saturos and Menardi...

Jenna: Isaac... Felix... I miss them...

Kraden: I sure am hungry.

Jenna: How can you think about your stomach in a time like this?

Kraden: You're cranky today...

Jenna: I wish this stupid island would stop floating! And, you know, hit land or something.

Alex: *walks up* I have something to show you two.

Kraden: Ooh! Is there cheese? *jumps up*

Jenna: *stands* Don't be stupid, Kraden...

Alex: Come with me.

Alex, Jenna and Kraden walk to the beach where Inu is whining and sniffing at two people lying there

Jenna: Felix! Sheba!

Kraden: Sheba, Felix!

Jenna: *checks* They are alive...

Kraden: *also checks* Yes, they really are! But, what is this? What happened, Alex?

Alex: Hold on a minute while I gaze into my crystal ball. Oh, wait, I don't have one. I'm not a fortune teller!

Jenna: ... You're a jerk.

Kraden: T_T I guess it was a stupid question.

2. Chapter 2

Golden Sun: The Lost Tale

Finally, Piers gets to show up. He won't be joining yet though.

Pow pow Picard!

[Studio]

Sheba: Our adventure begins now. How fun!

Jenna: Yeah... burning monsters and stuff is just so exciting.

Felix: And that annoying Alex leaves us well alone. Good.

Alex: Why does everybody hate me?

Jenna: Because you suck.

Piers: Alex can't possibly compare to me. ^_^

Alex: At least I'm not a thousand years old.

Piers: I'm not that old! T_T

[Idejima]

Jenna, Kraden, Alex and Inu are standing and staring at Felix and Sheba who are lying on the ground

Jenna: I wonder what happened...

Kraden: Weren't they supposed to be on top of Venus Lighthouse?

Alex: And Saturos and Menardi never turned up either...

Sheba: Oog...

Jenna: Huh?

Kraden: Thank the elements, she's awake!

Sheba: *sits up and blinks* Huh?

Jenna: Sheba, are you okay?

Sheba: *looks around in confusion* Um... who are you people?

Alex: What? Has she forgotten us already?

Jenna: It's me! Jenna!

Kraden: We're on Idejima. It broke off from the mainland and is currently floating.

Sheba: What's Idejima? Why does it float?

Alex: Quit playing silly games, girl. How did you get here, and what about Felix?

Sheba: Who is Felix?

Kraden: Uh... it couldn't be... has she lost her memory?

Jenna: What?!

Alex: You're kidding... right?

Sheba: What am I doing here? Who the heck am I?

Jenna: Ugh... she doesn't seem to be faking it.

Inu: Arfy roo?

Sheba: *points at Inu* What's that?

Kraden: It is a Fenrir, an evil monster from Venus Lighthouse, that Jenna has, for some reason, made her own pet.

Sheba: And what's the Venus Lighthouse?

Alex: This is just a very bad dream, right?

Jenna: Venus Lighthouse is the reason we're floating away right now!

Felix: Uhhh... *stirs*

Jenna: Brother! Are you okay?

Felix: *sits up and shakes head* Dang... that was tiring...

Kraden: So you're alright, Felix?

Felix: *stands up* Uh, yeah.

Jenna: Should you really be standing up so quickly?

Alex: You don't seem to be so surprised to be standing in the middle of a floating island on the ocean.

Felix: Nope. I saw the island floating from the top of Venus Lighthouse and swam here with Sheba after jumping off.

Jenna: You jumped off? Why would you do such a crazy thing?

Felix: Sheba fell off, so I dived down to save her...

Sheba: Who is Sheba?

Alex: Oh, Sheba seems to have suffered memory loss. I swear we didn't do anything to her...

Jenna: She's got amnesia. =/ What do we do?

Inu: Aroooo!

Felix: O_O What the heck is that thing?!

Jenna: That's my pet Fenrir, Inu!

Inu: Arf. *tries to jump at Felix*

Felix: Aaaaahhhh! *runs and hides behind a tree*

Kraden: Get back here, Felix!

Alex: Yeah, you need to answer some questions!

Jenna: Inu won't hurt you, Felix...

Felix: R-really?

Everyone except Sheba: *nods*

Alex: (muttering) Although I'm dubious about that Fenrir's true intentions...

Felix: *nervously tiptoes back* Um, what do you want to know?

Alex: Where are Saturos and Menardi?

Felix: Well, we were on top of the Venus Lighthouse and Satty and Menny were threatening me, then Isaac and his weird friends came along and tried to kidnap Sheba, but we kept them away from her and I took some short kid's rod that we need to enter Jupiter Lighthouse, then they started fighting, and then Satty and Menny got knocked down, and Isaac and his friends tried to take Sheba away but then Satty and Menny lit the lighthouse and turned into a dragon, then Isaac and his friends beat them again...

Alex: Impossible!

Kraden: Longest. Sentence. Ever.

Felix: I saw it all. Then Saturos and Menardi fell down the Venus Lighthouse's beacon and died. The ground was shaking so hard, Sheba slipped and fell off and I had to jump down after her and I swam here.

Jenna: Do you have any idea how far you must have had to swim?!

Felix: Well, I did lose consciousness. It must have been pretty far...

Kraden: So... Saturos and Menardi are dead...

Alex: I just can't believe it...

Sheba: Who are Saturos and Menardi?

Jenna: Can you please stop asking questions!

Felix: She really doesn't remember anything, does she?

Alex: *stands on the beach and gasps* Ooh! Look!

Felix, Jenna and Kraden walk to the beach. Sheba is busy poking Inu and staring at him in confusion.

Jenna: It's an island!

Kraden: It's rather big for an island. It must be a continent!

Felix: So if we hit the continent, we're saved?

Kraden: Uh... no. We're passing north of the continent.

Jenna: Aw, man. This really sucks!

Alex: Oh, look. *points*

Felix: What is that?!

Kraden: It looks like... a tidal wave.

Jenna: It's coming right at us!

Felix: We're going to be hit by a freaking tidal wave?!

Kraden: Help!!!

Alex: Oh no, I've got a broken fingernail.

The tidal wave washes over Idejima. Later, Alex has disappeared and everyone is lying around unconscious.

Felix: *sits up* I am sick of water related incidents. ... I'd better check for injuries. *jumps up and starts shaking his limbs* Well, looks like I'm fine after all.

Inu: Arf! Arf! *runs up to Felix happily*

Felix: Aaahhhh! *runs to Jenna and shakes her* Help! Your Fenrir's going to eat me!

Inu: Woof? *sits and tilts head*

Jenna: *wakes up* Huh? Oh... we didn't get washed away after all. Thank goodness! *stands and looks around* It looks like we managed to hit the continent too. That tidal wave turned out to be a stroke of luck!

Felix: Are you ever going to get rid of that evil, ugly Fenrir?

Jenna: Felix! You'll hurt Inu's feelings! *rushes to hug Inu*

Felix: It's hopeless... *goes to wake Kraden*

Kraden: Ooh... thank goodness, we seem to be alive after all,
and we've
even hit land. How convenient.

Jenna: Hey! Sheba's over here! *wakes her up*

Sheba: Oog... my head...

Felix: Sheba! Are you okay?

Sheba: *stands and looks confused* What's happening? How
did we get
here? The last thing I remember is falling off Venus
Lighthouse... oh,
and Felix jumped off for me... and...

Jenna: You've got your memory back?

Sheba: Huh? I lost it?

Jenna: Yeah, for a while, you did...

Felix: Well, now that everything's back in order, let's go and
look
for a town!

Kraden: I'll explain everything to you on the way, Sheba.

Jenna: Alex isn't here. Oh well, he probably got washed away
and drowned
or something. Good riddance.

Felix: Either that, or he abandoned us. I'm fine with that too.
Alex was
a creep.

Kraden: I bet he went to look for a boat since the other
lighthouses are

across the sea. We need a boat to reach them.

Felix, Jenna, Sheba, Kraden and Inu go on, walking through Daila because it is boring, then go to the Kandorean Temple, get Lash, save Riki and Tavi at the Temple of the Sea God, then return to Daila

Felix: I feel like walking into that random house up there.

Jenna: Why did we even come back here?

Sheba: This place is dull...

Kraden: Well, what's in that random house anyway?

Felix: *walks in and then runs back out screaming*

Jenna: What's wrong?

Felix: It's that self-centred girly sociopath!

Alex: *walks out* What did you call me?!

Sheba: It's Alex!

Jenna: Ah... Alex...

Kraden: What are you doing here?

Alex: Looking for a boat...

Felix: Here?

Alex: Yes... but they have all been destroyed by a tidal wave so I shall head to Osenia...

Kraden: Hmm...

Jenna: Why did you leave us alone on Idejima?

Alex: Uh...

Sheba: That was mean, leaving us for dead after that tidal wave!

Alex: ...

Kraden: Hey, should we go with Alex to Osenia?

Felix/Jenna/Sheba: HELL NO!

Inu: Erf!

Alex: That's fine, I wouldn't want to travel with you lot, especially while you have that mangy two-headed mutt with you. *runs off*

Felix: H-hey!

Jenna: Get back here!

Kraden: He got away...

Felix: Never mind. Let's go find another coastal town.

The group wanders some more, going through the Dehkan Plateau, then find the beach with Piers's ship

Kraden: Ooh, a ship!

Felix: I wonder whose ship it is...

Jenna: Could it be Saturos and Menardi's ship?

Sheba: Can we use it then?

Kraden: No... we don't have the thingy that makes it go...

Sheba: Oh. I guess it's at the bottom of the ocean with them.

Jenna: Poo... maybe it's not Saturos's ship then... but we'll have
to find the person who really owns it.

Felix, Jenna, Sheba and Inu wander some more, ending up in Madra

Guy 1: Ack! Strange people!

Guy 2: Could they be Champa? Or Kibombo?

Sheba: Champa? What is that?

Jenna: What's a Kibombo?

Guy 1: ... Never mind. You lot seem to be alright.

Kraden: Has something happened?

Guy 2: Oh, just a little ruckus with people from Champa. We have
one of their men in jail though, heh. Those pesky people broke in
to free their man, Briggs... but we caught one of them.

The group goes to look inside the jail

Guy: Alright, 'fess up, Piers!

Shin: Yeah, we know you're Champa!

Piers: I am NOT Champa!

Shin: Then where are you from?

Guy: Shin, why do you wanna know anyway?

Shin: Be quiet, your girlfriend didn't get injured!

Piers: And you're blaming me?

Shin: Yeah! Tell me you're Champa, NOW!

Piers: Oh, shut up, Elbow.

Shin: Shin!

Guy: So, where are you from then?

Piers: You would never believe me...

Shin: CHAMPA CHAMPA CHAMPA!

Piers: Grrr...

Guy: Lay off, Shin...

Shin: Talk to me!

Piers: V.V Do not make me mad!

Shin: You smell!

Piers: ...

Shin: Captain Picard, Captain Picard!

Piers: Do not call me that!

Felix: What the heck?

Kraden: It's in the script, it seems...

Felix: But why is it scripted?

Shin: CAPTAIN PICARD!

Piers: I SAID DON'T CALL ME THAT!

Shin: CAPTAIN PICARD! Neener neener neener!

Piers: Thats it! *casts Glacier on Shin*

Director: Not Glacier! Frost! You're meant to cast Frost on the puddle of water beneath his feet!

Shin: *frozen solid*

Jenna: *casts Flare Storm, melting him out*

Shin: You... WAAAAHHHHHHH!!!! *flees*

Guy: W-what was that?

Piers: I thought he needed to cool down a bit...

Guy: You monster!

Piers: =\ I am no monster.

Guy: WAAAAH! *also flees*

Kraden: Felix, that was Psynergy, wasn't it?

Felix: Yeah.

Kraden: Well, let's get outta here- hey...

Sheba: Heh heh... *goes up and reads Piers's mind*

Piers: *thinking* I wanna go home..... hey, is someone using Psynergy on me? *looks at Sheba, then looks away again* Nah, I'm imagining things, they couldn't possibly be one of my kind...

Sheba: But we ARE Adepts!

Jenna: Ssh, Sheba!

The group goes outside

Mayor's wife: Has Piers escaped? *goes to check* Nah, he's fine... hey, you kids wanna go over the bridge to Osenia?

Felix/Jenna/Sheba: Yeah!

Mayor's wife: Ok, you can! Bye! *leaves*

Kraden: That was strange... well, let's go!

The group goes to Alhafra next and watches the Mayor of Madra and his group going toward the mansion.

Jenna: Um, weren't we supposed to help them in the desert?

Felix: We did.

Sheba: But-

Felix: We just did, live with it.

Kraden: You fail to appreciate the art of rushing things?

Jenna: O_o'

Inu: Arfy aroo!

Director: Can you please get rid of that stupid Fenrir?

Jenna: No! Precious!

Sheba: Jenna... a precious would be an item, not a living organism...

Kraden: Precisely! Every organism that has a mind of its own, no matter how dense, has a right to be free therefore we cannot actually claim them as our own and we must let them live freely as they wish to do...

Felix: Tell that to Isaac and his friends! They are trying to stop us lighting the lighthouses...

Kraden: So, Jenna, I believe that it would be the kindest thing to let Inu go if he would like to...

Jenna: But...

Sheba: *mind reads Inu*

Inu: (thinking) Help! I want to be free!

Sheba: Poor doggy... *pats it*

Inu: ARF! *starts foaming at the mouth and leaps at Sheba*

Sheba: AAAAAAAGGGGHHHHH!!!

Jenna: INU! *pulls him back and spanks him* Bad dog!

Felix: Jenna... it's not a dog...

Jenna: I don't care! He's mine!

Felix: Alright, fine, but from now on we are not considering him a member of our group and will ignore him if we wish to...

Director: Oh brother... *sigh*

Jenna: Fine!

Sheba: *cries*

Kraden: Sheba, I believe that you provoked the Fenrir to attack you by patting it and calling it a 'poor doggy' when it's indeed not a dog, and he is very much aware of the fact he is not a dog and calling him a dog will only serve to aggravate him.

Sheba: T_T Why didn't you tell me?

Felix: Come on, let's go to the inn...

Felix, Jenna, Sheba and Kraden go to the inn

Alex: Oh, hello, Felix.

Felix: !!!

Alex: There is a rogue pirate hanging around by the name of Briggs, and he has cronies. Perhaps you guys should help out.

Felix: ...

Jenna: Why don't you help, Alex?

Alex: Because I am lazy.

Sheba: *tries to read Alex's mind*

Alex: ... Go away, you pest.

Sheba: *cries again*

Alex: Whose idea was it to kidnap her anyway?

Jenna: Yours?

Kraden: Actually I believe it was Saturos, purely because he knew Sheba was a wind Adept just by looking at her for some reason, and we need her to get into Jupiter Lighthouse...

Alex: I see... *goes back to staring out of the window*

Sheba: ... >=) *whispers to Jenna*

Jenna: ... =O

Felix: Uh...

Jenna: Come on, let's stay at the inn tonight! >=)

Felix: Is it just me or do you two have devious grins on your faces?

Sheba: >=) Maybe.

Kraden: I do not wish to know...

Everyone stays at the inn for the night. During the night...

Jenna: You got the scissors?

Sheba: Of course.

Jenna: I would have suggested I burn it off, but using Psynergy might wake him up.

Sheba: That's right, and you wouldn't want to set anything else on fire.
That would be dangerous.

Jenna: And then we pinch his hair gel?

Sheba: That's right!

3. Chapter 3

Golden Sun: The Lost Tale

Wow, I did a lot of rushing last chapter, but it's kind of necessary considering how much longer the second game is than the first...

[Studio]

Director: Why is Alex still asleep?

Jenna: We drugged him.

Sheba: Don't worry, he should wake up in time for the start of this.

Jenna: I suggest we start as soon as he does.

Felix: Do we want to know what you did?

Jenna: You'll know soon enough! ^_^

[Alhafra]

Alex: *wakes up and immediately looks in mirror* ...
Nooooooooooooooooo!
My beautiful hair!!!

Everyone comes in at hearing the loud scream

Felix: What the heck is going on?

Kraden: That was a very loud scream...

Sheba: Oh, Alex, when did you get a haircut?

Jenna: It really suits you!

Alex: *sobs* My hair! My hair! My life isn't worth living
without
all my lovely hair! Where did it go?

Felix: Jenna. Sheba. >_>

Jenna: o_o Um... ^_^;;; You don't think I had anything to do
with
this, do you?

Sheba: Goodness! Why would we waste our time cutting
Alex's hair?

Kraden: Oh, someone just give that crybaby a wig. I can't
stand
his whining anymore.

Director: Ugh. *pulls a wig out of nowhere and throws it at
Alex*
There, it's exactly like your old hair! Now quit whining!

Alex: It's just not the same! *bawls*

Felix: Well, maybe we can try something else. Jenna, give me one of your Mars Djinn.

Jenna: Uh... okay. *does so*

Felix: *casts Growth on Alex's short hair and it suddenly grows back*

Sheba: Oh, cool. Psynergy can do anything!

Felix: There you go, Alex. *swaps Jenna's Djinni back for his own*

Alex: Omigosh! Thank you! Thank you! ^_^ *glomps Felix*

Kraden: This is madness...

Felix: Ack! Get off me! *flails* ;_;

Alex: I won't forget this! ^_^ *bounces away humming*

Sheba: That was disturbing...

Jenna: We're not cutting his hair ever again.

Kraden: Good. Let's go beat up Briggs now so that we can prove Piers is innocent.

Felix and company walk to the ship where Briggs is inside, chatting to his crony, Zack

Briggs: So, what's wrong, Zack?

Zack: The Mayor of Madra is here! ;_;

Briggs: That's all you're worried about?

Zack: But what do we do?

Briggs: Simple! I pretend I'm not Briggs but his twin brother Bloggs!

Zack: Wow, sounds like something a pirate would do!

Briggs: =\

Zack: Um... we are pirates right?

Briggs: No... we are simply plundering towns so that we can take riches and use them to restore Champa... since it's kinda crappy...

Zack: Oh...

Briggs: And we don't loot rich towns because it draws too much attention, so we go for cheap rubbish towns and take their food! ^o^

Zack: You are an amazing leader! =D You have brains coming out of your ears!

Briggs: I do? That explains the earache then...

Jenna: Psh! Doesn't sound very brainy to me!

Sheba: Jenna!

Felix: O_O Jenna!

Kraden: Jenna, be quiet!

Jenna: too late >=)

Felix:;;;;;

Briggs: What was that?

Zack: It sounded like a hormonal teenage girl on PMS...

Jenna: WHAT? I dare you to come out and say that to my face!

Briggs & Zack walk out of the room and face Felix and company.

Briggs: Well, well, well, welcome to my ship...

Sheba: Your ship? o.O

Briggs: Yes, I paid for it after all.

Felix: Oh, I see, well, that's alright then. Let's go-

Kraden: No, Felix!

Sheba: We need to prove Piers is innocent!

Jenna: Yeah, so you come right with us and confess, bozos!

Briggs: No way!

Zack: Yeah, no way are we going to 'fess up!

Battle ensues. Briggs and his cronies are defeated and end up lying on the floor in pain.

Briggs: Ooog...

Pirate henchmen: Oooooooooog...

Alhafran Mayor: What's this? A bunch of pirates lying on the floor?

Madran Mayor: Hi, Briggs.

Briggs: x_x Oh no...

Madran Mayor's Dad: Do you know a Piers?

Briggs: Piers? Never heard of him...

Madran Mayor: Then Piers must not be a Champa!

Random Madran: I'll go right back and let everyone know!
runs off

AM: I knew they would be caught, I am perfect, nobody gets away with crimes here... but I am shocked to think one of my customers is capable of something like this. Why, I thought he was a fine, upstanding citizen myself.

Chaucha: Briggsy!

AM: Hey, she must be a-

Briggs: No, leave Chaucha alone! And let Chaucha and Eoleo stay on the boat while it's being fixed or you'll die!

Madran Mayor: Sounds like he means it. Felix, I will reward you for catching them later...

Felix: Yay! ^_^

Briggs and his henchmen are dragged away. Chaucha follows.

Sheba: Why don't we go to the jail?

Felix and company go to the jail

Chaucha: Briggsy, no! My poor Briggsy!

Briggs: Don't you think Briggs is a lame name for a pirate? It sounds like a reference to a brig. How so lame.

Eoleo: Babu babu!

Chaucha: *shakes her fist at the guard* Let my Briggsy go!

Guard: Sorry, I can't do that...

Zack: The food is horrible!

Henchman 1: You're right, it sucks!

Henchman 2: We're gonna starve!

Henchman 3: *sniff*

Guard: DUH! This is JAIL, what were you expecting? A gourmet cuisine?

Eoleo: Babu bu! *tries to use Catch on the keys*

Jenna: O_O Look at that!

Sheba: Psynergy!

Henchman 2: Briggs!

Briggs: Eoleo! O_O

Eoleo: *stops* Goo ga?

Briggs: Don't...

Eoleo: Goo goo...

Chaucha: Poor, poor Briggsy...

Eoleo: Babu bu! *tries to Catch again*

Briggs: Eoleo!

Eoleo: goo ga?

Briggs: No!

Eoleo: Goo goo...

Chaucha: *sobs* Poor Briggsy... I'm going to sing a song of lament for you,
my poor convict husband...

Felix: Oh no...

Jenna: Yay!

Sheba: Huh? O_o

Kraden: Don't ask me...

Chaucha: Briggs, Briggs, my darling Briggsy!
You were the best pirate on the sea!
Now you've taken a tumble and wound up in jail!
Thinking of you here, it makes me wail!

Felix: Woe is me, stupid songs are bringing me pain,
I think I'd rather just be standing in the rain.

Chaucha: Briggs, my love for you is eternal,
Not even something like this can make my heart fall,
Poxy bars cannot keep us apart,
Not our united hearts...

Felix: Save me!

Jenna: Oh, Felix, don't you see?
How their love runs so deep?
It's really is a wonder to behold...
Their tragic love surviving the odds...

Sheba: I almost feel sorry at the sight,
Briggs trapped behind bars day and night,
Leaving Chaucha almost all alone,
Will they ever be able to return home?

Felix: Briggs can never be freed,
he has committed a crime out of greed,
Chaucha will just have to stay here with him,
Because he'll be stuck forever in this room.

Jenna: Here, he never did anything wrong,
He doesn't deserve to be jailed for so long!
You have got to realise it,
the power of love so sweet!

Felix: Save it, I shall never see,
and don't you bother trying to teach me,
all I see is that Chaucha is simply upset,
that Briggs's reign of terror has come to an end!

Sheba: But can't you see their love?
Or are you blind to it?

I'd be quite happy to teach you,
but all non-violent methods flee me now...

Jenna: Forget it, Sheba, he's never going to see,
Or understand how the power of love can be,
how it conquers the steel bars of that nasty jail,
When it comes to understanding love, he fails.

Eoleo: Goo goo goo! Goo babu bu! Goo goo...
Goo goo goo... babu babu babubu!
Goo goo, goo ga, hoo... ga...

Sheba: Aww, look at that baby sing!
Love could give you that.
Now isn't that the sweetest thing?

Felix: A stinky little thing that cries a lot,
A smelly, constantly pooping tot?
I feel I'd rather just jump off another lighthouse!

Jenna: Oh, don't say that, Felix!
Just look at Briggs and Chaucha...
A match made in heaven...

Chaucha: Briiiiiiggsy!

Briggs: Chauuuuchaaa!

Eoleo: WAAAAAAAAAHHHH!

Felix: Is it... over?

Jenna: Yeah.

Sheba: I guess.

Felix: Whew.

Eoleo: WAAHHHH!!!

Chaucha: Come on, Eoleo, we're leaving! *walks out with Eoleo*

Briggs:

Felix/Jenna/Sheba/Kraden: *also leave*

4. Chapter 4

Golden Sun: The Lost Tale

Piers joins the party this chapter! Hurray!

[Studio]

Piers: Alright, this should be fun.

Jenna: Kibombo, huh? At least we aren't rushing it.

Sheba: There is a lot of rushing going on, isn't there?

Felix: Yeah...

Director: It's a long game! We don't have all the time in the world!

Jenna: Uh... sure...

[Kibombo]

Jenna: Well, we're back at Madra...

Guy 1: Ack! Strange people!

Kraden: *sigh* You people aren't very friendly.

Guy 2: Oh, it's you people. Hey, that Piers guy? Totally not a Champa. Whoops. Also, some people from Kibombo attacked us and stole Piers's precious orb so he went after them.

Sheba: Well, let's go to Kibombo then!

Felix, Jenna, Sheba and Kraden go to Kibombo. However, it's almost deserted.

Jenna: Where the heck is everyone?

Felix: Hello?

Sheba: Shouldn't there be a festival?

Random villager: The festival is tonight.

Felix: Oh... we're early. I guess that's what we get for rushing like this.

Sheba: Have you seen any blue-haired guys?

Random Villager: Nope.

Jenna: Great... I guess we just sit and wait...

The Adepts stay at the inn and then spend all day waiting, then the festival begins. Luckily, they have already gotten special seats before the crowds block them off, right up on the hill.

Felix: Look! That guy with the weird hair has a black orb!

Jenna: Doesn't it look like the crystal Saturos had?

Sheba: It's an ugly statue... what IS it?

Kraden: I think it's an ape or something.

Jenna: It does kind of look like a monkey?

Piers: Who the heck are you?

Sheba: Wah! Where did you come from?!

Piers: I've been standing here the whole time.

Jenna: Really? o_o

Felix: Uh...

Sheba: He doesn't seem to remember us... isn't that weird?

Jenna: No kidding. He was in jail! You don't get a lot of visitors in jail, right?

Piers: Oh, I remember now... you were those people...

Kraden: We heard your orb got stolen.

Piers: Please help me get it back.

Felix: Aren't we meant to show off our Psynergy or something first?

Jenna: Let's just help!

Piers: Thank you! ^_^ And after this, we can stay together and you

can use my ship!

Kraden: Yay!

Director: *sobs* I hate this rushing...

Jenna: Let's go and ask for it back.

Piers: Thought of that. There's no way to reach him.

Akafubu: Silence! Great Gabomba, accept my gift! *uses Lift on the Black Orb*

Piers: He's an Adept!

Felix: Didn't see that one coming...

Akafubu: He's not responding. Dance, you fools!

Kibombo soldiers start dancing the Macarena

Sheba: What... the... heck?!

Jenna: The Macarena? Ew!

Kraden: That is the worst dance I have ever seen.

Piers: I think I've gone blind...

Felix: T_T Why are they doing such an awful dance?

Jenna: Let's take the back way!

Sheba: Agreed.

*Felix, Jenna, Sheba, Piers and Kraden sneak into the statue from the

back. After a long time playing on the gears, they eventually reach the circuit room.*

Sheba: Ooh, a puzzle!

Jenna: This looks fun!

Felix: Luckily, we got the Pound Cube somehow despite not having to chase a certain Djinni for it...

Kraden: We must solve this puzzle so that the statue works.

They almost completely solve the puzzle, but get one block wrong.

Akafubu: I'm gonna try again! *lifts the Orb*

Gabomba: *does the googly eyes thing*

Akafubu: WAAAAAH! MOMMY!

Guards: EEEEEEEEEK! He's mad at us! We're all gonna die!

Akafubu: WAAAAAH! Dance harder, dance harder! *realises they are dancing the Macarena* WHAT ARE YOU DOING?!

Random guard: Uh, should we not dance the Macarena?

Guard 2: I told you the Macarena sucked!

Guard 3: Blame that guy! It was his idea!

Akafubu: The hustle, you fools! Do the hustle!

Random guard: *sniff* I like the Macarena... *is stabbed by angry Kibombo villagers*

The Kibombo guards dance the hustle instead, kicking aside the random guard's dead body

Kraden: Let's do the puzzle right this time...

They finally complete the puzzle properly.

Akafubu: One more time! =D *lifts the orb*

Gabomba: O_O *blows a raspberry and swallows the orb*

Akafubu: YAY! It accepted my gift! =D

Felix and company have moved to the room below.

Piers: MY ORB! MY DARLING ORB!

Jenna: It slid down this groove...

Felix: Maybe it's under the statue! Sheba, can you reach it?

Sheba: *suddenly teary* I'm not that small!

Jenna: O_o With your hand! We're not asking you to crawl through!

Sheba: Oh! *peers down* There's light!

Kraden: Maybe there is a room behind it then and the orb must be there.

Akafubu: Who are YOU?

Kraden: Akafubu!

Akafubu: What are you doing here?

Piers: Please give us back our orb!

Akafubu: No!

Piers: We are strong and mighty warriors.

Felix: Hand it over!

Akafubu: *sniffle*

Jenna: *raises her rod threateningly* You're asking for trouble....

Akafubu: Ok, ok, fine!

Akafubu smacks jewel into mini statue and it slides. He goes down and the others follow him.

Gabomba: Ah, Akafubu. Here, have a rubber ducky as a sign of your office!

Akafubu: YAY! I like rubber duckies! =D *runs off with the rubber ducky*

Felix: *snatches the Black Orb and hands it to Piers*

Piers: Yay! My orb!

Felix, Jenna, Sheba, Piers and Kraden leave Kibombo and head back to Madra, where they see a red-haired pointy-eared girl.

Karst: Where could Menardi have gone?

Felix: o_O Menardi?!

Karst: >=(Have you seen a girl named Menardi?

Sheba: Who the heck would name their kid Menardi?

Karst: >=O Are you saying she's dead?!

Jenna: Yes!

Karst: Piss off!

Piers: Uh, we should do what she says!

The Adepts go into the house and chat to the Mayor, who gives them the Cyclone chip then they go out of the house.

Karst: Felix?!

Felix: Yikes!

Karst: Didn't I hear the Mayor call you Felix?! Why didn't I see it before now?
You're Felix!

Jenna: Maybe you're blind?

Karst: Grr... *looks around* If you're here, then where's Menardi?

Piers: Who IS Menardi?

Sheba: I'm afraid you'll never see Saturos or Menard ever again. You see, Isaac killed them!

Jenna: *smacks a hand over Sheba's mouth* BE QUIET! You stupid.... drat.....
too late....

Sheba: Mwahaha... >=D

Jenna: Why did you do that?!

Karst: Hmph! I heard that, you wretched little thing!

Sheba: >_>

Jenna: Ugh...

Karst: =\ Saturos and Menardi are really gone?

Kraden: Yes, which part of 'Isaac killed them' did you not understand?

Karst: Impossible =\ Yet... she would never leave you lot alone....

Jenna: She did in the Venus Lighthouse u.u;

Karst: Where is this Isaac? I must find him...

Kraden: =\ How do you know Felix didn't do it?

Felix: O_O I never had the motive to...

Jenna: Now that's not such a bad idea... wait, Isaac beat us to it...

Karst: HAHAAHAHAHA! I can gauge a man's strength at a single glance! Felix never could do it!

Felix/Jenna/Sheba/Piers: ._.+++++*****

Karst: Besides, he knows that if he did it, the lives of those he holds dear would be endangered... where can I find Isaac?

Felix/Jenna/Sheba/Piers/Kraden:

Inu: Arf, arf, arfy arooo!

Jenna: QUIET!

Sheba: *mind reads Inu* O_o He says that Isaac killed his brother....

Piers: Why is that monster here?!

Kraden: Jenna wanted to keep it...

Karst: You would protect Isaac?! Never mind, I believe I have been hearing rumours of someone named Isaac. We shall find him, and the last thing he sees will be Karst, avenging the death of her dear sister! *rushes off*

Piers: Sounds like Isaac is in trouble...

Jenna: Did she say 'we'?

Kraden: Maybe she also has a travelling partner!

Felix: What do we do now?

Jenna: =\ I'd say we'd warn Isaac but...

Piers: But what?

Felix: Isaac is trying to stop us..... unleashing cheese or something like

that. He does not want the beacons lit.

Kraden: Well, we should go.

Piers: Yes. Let's go to my ship and set sail.

Felix, Jenna, Sheba, Piers and Kraden leave Madra, only to be stopped by three rather familiar thieves.

Brigand: Stop right there!

Thief 2: We heard you mention that little punk, Isaac!

Thief 1: My face's only just healed from that awful incident!

Brigand: You two, shut up and let me do the talking for once!

Thief 2: Isaac is going to pay for this!

Thief 1: And so will that kid who harmed my hair!

Kraden: Um, what are you two talking about?

Felix: They don't look like much...

Brigand: Well, you see, we stole some kid's precious staff.

Sheba: You mean this? *holds up the Shaman's Rod*

Thief 1: *gasp* That's the one!

Thief 2: Why do they have it though?

Brigand: And some punk called Isaac came along, and aided the kid, and there was another person with them, and the three of them beat us up!

Kraden: What does that have to do with us?

Thief 2: Where is Isaac?

Jenna: Like heck we would tell you!

Piers: We honestly do not know where Isaac is...

Kraden: Why does everyone keep asking us where he is?

Felix: Maybe I should just buy a crystal ball...

Brigand: Fine! If we can't find Isaac, we'll beat up his friends!

Jenna: O_O You mean... US?!

Thief 1: What if my hair gets ruined?!

Brigand: Think of it as something close to revenge for what happened to your hair!

Thief 1: Yes!

Thief 2: Let's get them! I'm gonna kick your asses!

Thief 1: We're gonna show them they are nothing but a bunch of kids!

Felix: *sigh* What did we ever do to deserve this?

Sheba: Don't make me cast....

Jenna: >=) Do it!

Piers: Huh?!

Sheba: SPARK PLASMA!!! *casts Spark Plasma on Brigand and thieves*

Brigand/Thief 1/Thief 2: YEEE-OWWWCH!!! NOT AGAIN!!!

Piers: Very impressive, Sheba!

Brigand: *whimper* You defeated us...

Thief 1: My hair... my face... no...

Thief 2: What the heck are you? Wandering sheriffs or something?

Kraden: Uh, no...

Thief 2: So you aren't going to toss us in jail?! =D

Felix: Well, didn't you commit crimes?

Jenna: You really should be in jail, you know!

Thief 1: No! They don't have hairbrushes in jail!

Brigand: Look, just take these and pretend you never saw us!

Brigand throws the Golden Boots at Felix and the thieves flee in fright.

Piers: Now shall we go to the ship?

*Felix, Jenna, Sheba, Piers and Kraden go to the ship and fight a lot of monsters before they finally reach the room with the pedestal. Piers puts the black orb in the pedestal and the ship leaves the shore.

They return to
the deck of the ship.*

Piers: Felix, take the tiller, you should learn how to use a ship! =D

Felix: Okay! =D

Jenna: I want to travel a lot! Can we go to Vault, Kalay, Bilibin, Kolima, Xian, Tolbi and Lalivero? Oh, and Vale! Can we go to Vale too?!

Felix: o_O

Sheba: You really do want to travel a lot...

Piers: Yeah! I want to see your hometown! Can we see it?!

Felix: Yeah! Lets go to Vale! =D

Kraden: No!

Felix/Jenna/Sheba/Piers: What? Why? D=

Kraden: Well, we can't get to Vale because the middle part of Angara is surrounded by mountains... and I don't think we should go to Gondowan...

Felix: Oh, that's right! Saturos and Menardi went absolutely crazy!

Jenna: And we were with them...

Sheba:

Piers: So we can't then?

Kraden: No...

Jenna: But we could try! Maybe Faran and the other Laliverans would understand if Sheba talked to them!

Sheba: Then they would make me stay there! Is that what you want?!

Inu: Arf! *nods*

Sheba: *glares*

Felix: No, Sheba! We need you for the Jupiter Lighthouse!
=O

Sheba: ...

Piers: Felix, I think you should have just stopped at 'We need you'.

Jenna: Yeah.

Felix: >_>; Oh. Whoops.

Sheba: T_T So I'm just a tool?!

Jenna: Drat... guess we can't go home...

Piers: But look! The rest of Weyard awaits! Lets go!

Sheba: I'm sure there's even more out there, waiting for us to find it!

The ship sails onward, and they go around to Yallam.

Random person: Welcome to Yallam! Our blacksmith is famous! ^_^

Jenna: A blacksmith? o_O

Random Person: Yes! His name is Sunshine!

Sheba: Sunshine?!

Piers: You are my sunshine... my only sunshine...

Jenna: *cackles* Sunshine? A guy named Sunshine?

Random Person: Yes! >=O *stomps away angrily*

Kraden: Really, can't you hold your mirth? Look at Felix, he-

Felix: *suddenly explodes with laughter*

Kraden: On second thoughts, don't...

Inu: Ar-ar-ar-arf!!!

Sheba: Hey, is that a playground over there?

Jenna: Cool! A playground! =D

Piers: I suppose it might be worth checking out!

Felix: Heh... heh... yeah!

Kraden: I do not think it important, but whatever...

Felix, Jenna, Sheba, Piers and Kraden go to the playground and look horrified as they see children playing in a bogged down wasteland, filled with papers and assorted rubbish.

Jenna: What happened here?

Kid: It was a huge tidal wave! =O

Sheba: But the tidal wave wasn't supposed to have hit Yallam, was it? o_O

Felix: Who knows?

Kid: Want to hear one of Yepp's songs?

Jenna/Sheba: Yeah!

Felix: Oh no...

Piers: I do not mind...

Kraden: This place is absolutely filthy! *sits on a tree stump sulking*

The kids walk to a certain place in the playground, and form a line, with Felix, Jenna, Sheba and Piers at the back. They walk around the playground singing.

Everyone:

If you want to go the soggy bit of parchment,
To the soggy bit of parchment,
Go north past the broken candles, passing two shoes,
and run twice around the torn shirt,
Haste past waste, and go to the east, past three go north,
Run round thrice and wait for the dust bunnies. When they
stop and clap,
run north and go to the soggy bit of parchment!
If you race full of folly and go the wrong way,
you'll surely find yourself a dustbin!

If you want to go to the broken vase,
to the broken vase,
Face west from the soggy bit of parchment and run straight
past three shoes,
then circle round twice.
Haste past waste, and head to the south, then one shoe
west.
There, run round thrice and wait for the dust bunnies. When
they stop,
run south and go for the broken vase.
If you race full of folly and go the wrong way,
you'll surely find yourself a dustbin!

If you want to go to the rusty piece of steel,
to the rusty piece of steel,
Face south from the broken vase and and run straight
through two shoes,
then circle 'round twice,
Haste past waste and head to the west, then six to the north.
There, run round thrice and wait for the dust bunnies. When
they stop,
run north and go for the rusty piece of steel!
If you race full of folly and go the wrong way,
you'll surely find yourself a dustbin!

The song ends, and the group leaves the playground.

Felix: That was the stupidest song ever...

Sheba: It was dangerous too...

Jenna: Never thought I'd find myself dancing through
rubbish...

Piers: Someone should be scolding those kids...

Kraden: Hmm... we need something else to do! I know, let's go and do the nifty elemental rocks!

Felix, Jenna, Sheba and Piers do Airs Rock, skipping Garoh completely, then they go and do Aqua Rock, before heading to Izumo and Gaia Rock.

5. Chapter 5

Golden Sun: The Lost Tale

This rewrite is going much quicker... probably because I'm copy and pasting a lot. I am editing some stuff, though.

[Studio]

Director: This rushing has got to stop!

Jenna: But then it will be boring! D=

Sheba: Yeah. If we had to do the Trident sidequest with a chapter for each place, that would be dull.

Jenna: It's much more fun when we do it our way!

Felix: Yeah. Stop complaining, Gaylord.

Jenna: His name's Melvin.

Piers: Why don't you ask him for his real name?

Sheba: Yeah. Director guy, what's your real name?

Director: You all SUCK! *stomps away*

Felix: Oh, looks like we annoyed him...

Jenna: Eh, Melvin will get over it sooner or later.

[Gaia Rock]

Felix: *is sailing* Should we just skip Izumo and go straight to Gaia Rock?

Jenna: Heck, yes.

Sheba: There's nothing to do in there anyway.

Felix, Jenna, Sheba, Piers and Kraden go to Gaia Rock, get the doll, use up a lot of Felix's psynergy moving the logs, and then using Growth, before reaching the place where Susa is feeding the serpent.

Susa: Hey! The dragon's gone dozy! =D *jumps forwards and stabs it*

Jenna: It's a serpent.

Felix: Is there a difference?

Jenna: I'm not sure.

Sheba: Hmm, it didn't have much effect...

Serpent: *glares at Susa*

Susa: I am the great Susa! *wields his sword high and strikes a pose* The evil Izumo villagers dare to sacrifice Kushinada, my beloved girlfriend, to you, therefore I shall slay you!

Piers: O_o Evil Izumo villagers?

Susa: *spots them* Yes, they had a lottery and Kushinada's name was drawn... so they have to sacrifice her... *stabs the Serpent again*

Serpent: Pathetic fly, you are bothering me with that toothpick of yours.
whacks Susa across the room

Susa: OWWWW!!! *collapses*

Kraden: He is in trouble, we must help!

Felix: Or else what?

Jenna: You won't learn Sand, an important Psynergy...

Felix: Oh... ok then... SERPENT! We're coming for you!

Serpent: Bring... it... on!

Felix, Jenna, Sheba and Piers rush to the Serpent and start battling.

Serpent: Hahaha! *recovers a pitiful amount of HP*

Sheba: Is that really the best you can do?

Serpent: I am... almighty..... powerful...

Jenna: Dream on! Inu, I choose you! =D

Inu: Eeeroooo! *bites Serpent*

Sheba: Hey, since we don't need to give the Dancing Idol to Uzume, can I keep it? *casts Spark Plasma on Serpent*

Piers: I don't see why not *casts Diamond Burg*

Felix: Sure! *casts Odyssey*

Serpent: Um..... you're hurting me..... isn't that illegal?

Jenna: Not in my book, it isn't! *summons Meteor*

Serpent: Owww... *spits out his green bile at everyone*

Sheba: Hey, it reminds me of that meal I had in Tolbi once...

Felix: We don't need details.... uck....

Piers: Tolbi? Meal?

Sheba: Yup. They gave me bad food.

Jenna: Eww... could we go onto ANOTHER topic please?

Felix: *summons Judgment*

Sheba: *summons Thor*

Serpent: *collapses* I can't stay alive much longer... no...

Piers: *summons Boreas*

Serpent: How can this be? I was supposed to be all-powerful. How could I be defeated? my offspring will avenge me.

Sheba: What offspring? *casts Spark Plasma*

Jenna: Where are these 'offspring' anyway? *casts Dragon Fume*

Serpent: Oh. That's right. I don't have any...

Felix: You lose. *casts Odyssey*

Piers: This battle has gone on long enough. *casts Diamond Burg again*

Serpent: Alas! For I'm almost slain... *faints*

The battle ends but the serpent is still twitching slightly.

Susa: Fear not! For I, Susa, will finish it! *stabs the Serpent and it goes

poof* Here, take this Cloud Brand as a gift for killing it! I'm off to see

Kushinada now! *runs off*

Felix: Wow, he actually didn't make me have to come back later... awesome!

Jenna: Why would we want to backtrack in a place like this? It's stupid...

Sheba: *is standing on the sand* Hmm... AAAAAH!

A tablet pops up under Sheba and she falls on her back.

Piers: Hey, it's another tablet!

Sheba: Ugh... *stands up*

Felix: *reads it* Wielder of Earth's might, touch the stone!

Kraden: That would be you, Felix.

Jenna: No, really?!

Felix: *touches the tablet, and it does dinky stuff, then he learns Sand*

Jenna: Excellent, can we get out of here?

Sheba: The quicker, the better *glares at the stone tablet and huggles her Dancing Idol protectively*

Piers: That Dancing Idol's kind of ugly...

Sheba: *smacks Piers on the head with it* Don't insult my lovely dancing doll!

Piers: OW!

Felix: It's time to embark on the quest of the Trident!

Felix, Jenna, Sheba, Piers and Kraden set sail and go around picking up Trident pieces, but there is a slight hitch on the continent of Tundaria after getting the last piece.

Jenna: SNOWBALL FIGHT! *throws a huge snowball at Sheba*

Sheba: O_O *dodges and the snowball hits Piers* Hahaha! *makes another snowball and throws it at Jenna*

Jenna: Oof! *throws a snowball at Felix*

Felix: Hey! *narrowly dodges and snowball hits Kraden*
Oops...

Kraden: Hmph! You younglings...! *stomps off and goes to the boat to wait*

Felix: Huh... *throws snowball at Piers*

Piers: Cut it out, you meanies! *throws a snowball at Sheba*

Jenna: Let's make snow angels!

After everyone has made snow angels everywhere...

Felix: Now let's build a snowman!

Piers: Aren't we having a little too much fun?

Sheba: There are still things we need to do.

Jenna: Snowmen come first!

Felix: Yeah!

Sheba: *sigh* Well, I guess it might be fun...

Piers: You are hopeless...

Felix, Jenna, Sheba and Piers build a really large snowman and have finally had enough, so they return to the ship where Kraden is still waiting and set off to Alhafra. Upon reaching Alhafra, they go to fix Briggs's ship.

Felix: Time to free Briggs...

Sheba: Yeah! =D

Jenna: The poor Champa people... they really need Briggs...

Piers: Burst that rock already!

Felix: *uses Burst on the rock*

Jenna: Alright! It's all fixed! ^_^

Felix, Jenna, Sheba, Piers and Kraden go up to the deck and see some people below.

Man: Hey! The big rock on the mast is gone! ^_^

Man 2: Cool beans, let's go and tell the Alhafran Mayor!

Man: Okay, let's go and tell him! ^_^

Man and Man 2 leave. Chaucha and Eoleo appear out of nowhere on the deck.

Eoleo: Babu babababububu!

Chaucha: What is it, Eoleo?

Eoleo: Babu babababububu!

Chaucha: Hey, you're right, the rock's gone! (To Felix) You fixed it right?

Felix: Yeah.

Chaucha: Yay! Thanks! Briggs will be so happy! (To Eoleo) Lets go tell Papa!

Eoleo: Babu ba! ^o^

Chaucha and Eoleo walk off. Felix, Jenna, Sheba and Piers walk off the ship but are stopped by even more people down below.

Alhafran Mayor: I simply cannot believe the rock is gone...

Man 2: Yeah, well, you have trouble believing the sky is blue sometimes!

Man: Look, we saw it, it's gone!

Alhafran Mayor: *looks* You are right! Who did this? *looks around* Felix!

Felix:

Alhafran Mayor: Did you fix this?

Felix: Hey, there's no yes/no option ToT

Jenna: *sigh* You can't just lie.....

Felix: No! No! No! He'll talk to us and stuff! T_T He's worse than Kraden!

Sheba: *gags Felix* Be quiet!

Kraden: Worse... than me? O_O

Alhafran Mayor: You did a good job. Please, come to my manor and rest...

Felix: The yes/no option! ^o^ No!

Jenna: No!

Sheba: No!

Piers: no?

Kraden: No, really, we should rest. We accept your offer.

Felix/Jenna/Sheba/Piers:

Kraden: *shivers* I suddenly had the feeling that at least three people want to murder me, and one other person is willing to help out, but is too confused to have particularly strong feelings.

The next morning, the Alhafran Mayor is talking complete rubbish. Felix, Jenna, Sheba and Piers are still half-asleep, while Kraden is listening attentively to his nonsense.

Alhafran Mayor: And now the ship is fixed. I am so happy, I am the greatest person on Weyard, my ship is cool.... blah blah...

Sheba: *turns away* I don't think he's going to return the ship to the Madrans.

Jenna: *whispers* Yeah, me too...

Alhafran Mayor: Would you girls like to share something?

Jenna: Yeah- *kicked by Sheba* OW! T_T

Sheba: *shakes head and whispers* They have a jail.

Jenna: O_O; They would never throw me in there!

Sheba: Sure?

Jenna: *gulp*

After what seems like an hour, the Alhafran Mayor finally finishes yakking and turns to the old guy in the corner of the room.

Alhafran Mayor: Jiya, how the repairs on the ship going?

Jiya: Umm...

Prison guard: *rushes in* WAAAAAAAAAAAAH! Briggs has escaped!

Man: *rushes in* We fixed the ship- hey you! Aren't you meant to be guarding the prison?

Prison guard: *whimpers* Briggs and his crew escaped...

Alhafran Mayor: NOOO! You two, get out there and tell everyone to find Briggs!
(to Felix and company) I treated you lot like guests in my own home, so you better help! *leaves*

Jenna: Help?!

Sheba: No way!

Felix: Sod him!

Piers: You kids... but I agree! ^o^

Kraden: Ok, we don't need to go and find Briggs, but the least we could do is go and look at the ship surely.

Felix: Okay...

Felix, Jenna, Sheba, Piers and Kraden head to the dock and get a surprise, for the ship is now sailing. A bunch of people are lying all over the dock, including the Alhafran Mayor.

Alhafran Mayor: Briggs! Where are you going with my ship?

Briggs: Oh, I'm taking it home!

Chaucha: See ya later!

Alhafran Mayor: Thieves!

Briggs: Thieves?

Chaucha: We paid for this ship fair and square! YOU'RE the thief!

Alhafran Mayor:

Kraden: AHOY!

Jenna: Hi, Briggs!

Sheba: Hey, Briggsy!

Chaucha: Oy, only I'm allowed to call him that!

Piers: Briggs? Oh, that's Briggs?

Felix: GO, BRIGGS, GO! ^o^

Briggs: !!! It's Felix! Neener neener bleah! *blows raspberry*

Felix: That's not very mature...

Chaucha: You're SO childish!

Briggs: Hmph...

Jenna: He's not much of a fighter anyway...

Briggs and Chaucha: SEE YA! *disappear*

Alhafran Mayor: I cannot believe this! *kicks people and then sees Felix and company* Felix!

Felix: Meep! *hides behind Kraden*

Kraden:

Jenna: *hides behind Felix*

Piers: *hides behind Jenna*

Sheba: *hides behind Piers*

Kraden: Err.... *runs and hides behind Sheba*

Felix: !!! Uhhhh... eeeeeee.... ^^;

Alhafran Mayor: I am terribly disappointed with you!

Felix: *whimpers*

Alhafran Mayor: I ought to throw you in jail!

Jenna: Oh yeah? I dare you to try!

Felix: O_O Don't listen to my sister, she's on crack!

Jenna: *whacks Felix on the head* I am not!

Alhafran Mayor: There will be no reward for you!

Sheba: *steps out of hiding* Well, we have a reward.

Piers: o_O We do?

Director: Hey, what are you doing?!

Jenna: *whispers to Piers*

Sheba: Okay, Felix, we're going to... *mutters*

Felix: But... that's violent...

Sheba: So what?! *casts Spark Plasma on Alhafran Mayor*

Jenna: Yay, violence! *casts Dragon Fume on AM*

Felix: ... Well, he is annoying... *casts Grand Gaia*

Kraden: Stop this! This is wrong!

Director: Hey! Cut! CUT! Are you listening?!

Piers: Just let us have our fun. *casts Megacool*

Alhafran Mayor: *lies on ground twitching*

Man: Hey! You attacked our mayor!

Kraden: Run!

Felix, Jenna, Sheba, Piers and Kraden run and narrowly escape from Alhafra, and return to the ship.

Felix: Now we're sailing to Champa!

Jenna: Lets see how well off they are now!

Sheba: Alex is in Champa. We'll have to sort him out...

Piers: o_O; I take it this Alex isn't a nice person.

Sheba: That's right.

They get into the ship and set sail to Champa. Eventually, they reach Champa and start walking into the town.

Feizhi: ISAAC!!!!!!!!!!!!!!

Felix: What the- AAAAAAAAA!!!! *is suddenly attacked by purple-haired insane girl known as Feizhi*

Jenna: Hey! Get off my brother! *pulls Feizhi off*

Sheba: We're under attack! =O

Piers: By a weird purple-haired girl? You sure?

Feizhi: You're not Isaac, are you? o_O

Felix: Obviously not.....

Jenna: *lets go* Are you blind?!

Feizhi: I dunno what I was thinking. I'm sorry...

Sheba: Look, Isaac is blonde, Felix has dark hair. Isaac has short spiky hair, Felix has long hair tied in a ponytail! What's your problem?

Feizhi: *bursts into tears* I'M SORRY!!!!

Jenna: *clamps hands to ears* Stop crying!

Piers: *pats Feizhi on the back* There, there, it's alright...

Kraden: So are you looking for Isaac?

Feizhi: *sniffles and nods yes* I'm looking for Isaac... is he here?

Sheba: Luckily not.

Kraden: No, he's not with us.

Felix: He's our enemy, he wouldn't be.

Jenna: You're out of luck, I'm afraid.

Feizhi: But the voices in my head said Isaac was here.

Piers: I'm afraid you've got psychosis.

Feizhi: I guess.

Sheba: Why are you seeking Isaac?

Feizhi: Because, once Hsu was trapped, but Isaac came and freed Hsu.

Jenna: Do you like him? >=)

Feizhi: O_O Like him?

Kraden: You do, don't you?

Feizhi: *blushes* You're mean! Stop teasing me!

Sheba: We'll tell him! =D

Feizhi: Really?

Jenna: o_O Really.

Felix: If he's not beating us up for wanting to light the lighthouses.

Feizhi: Thank you so much... *hands Felix a Golden Ring*
Could you give that
to him please? It's a good luck charm. He needs it to defeat
the evil mutant
cheese that stands in his way.

Sheba: o_O Mutant Cheese?

Feizhi: Yup! Fear the mutant cheese!

Piers: I think you need to be treated for insanity...

Feizhi: I know! Isn't it spiffy? ^_^ Well, bye! *leaves*

Kraden: That was interesting...

Jenna: *giggles* Not every day Felix gets knocked down by
insane girls!

Felix: Huh. I look nothing like Isaac...

Piers: Hey, there's Briggs up there!

Champa person: That's the great Briggs! ^_^ He saved our
village and gave us
lots of food! ^o^

Sheba: How nice.

Felix, Jenna, Sheba, Piers and Kraden walk up and Briggs
sees them.

Briggs: O_O WAAAAAH! MOMMY!!! *runs inside the pirates
fortress*

Felix: Time to follow him.

Jenna: Let's go!

Sheba: We gotta go and get the Trident!

Piers: And then we can go to Lemuria ^_^

6. Chapter 6

Golden Sun: The Lost Tale

I don't feel like putting anything here...

[Studio]

Director: I'm telling you, if you use Psynergy on innocent human beings again, you'll be punished!

Felix: It was Jenna and Sheba's idea.

Piers: We still joined in, Felix. >_>

Jenna: The guy was really, really annoying...

Sheba: Yeah. That bloated gasbag got what he deserved!

Director: *sighs in frustration* This group is the worst!

Felix/Jenna/Sheba/Piers: T_T Worse than Isaac's?!

[Champa]

Felix, Jenna, Sheba, Piers and Kraden are walking through the fortress until they come to a strange room with a large hole in the middle where Briggs and Obaba are.

Briggs: O_O It's them! Grandma it's the four Adepts of the Apocalypse!
They've come to get me!

Jenna: Uh, four Adepts of the Apocalypse?

Sheba: Hmm... Jenna could be War, since that's what Mars stands for. But I'm not sure who Famine, Death and Pestilence could be.

Piers: Sheba, you're thinking too hard.

Kraden: Hey, what about me?

Briggs: I don't know, who the heck are you?

Kraden: Hmph!

Obaba: o_O That is them?

Briggs: Yeah.

Jenna: We're your worst nightmares and we've come to get you!

Briggs: *screams*

Obaba: That's... Felix? You said he was a big, mighty warrior, flanked by a blue haired man with oversized muscles-

Piers: Oversized? My muscles are oversized?! *cries*

Felix: They are the biggest muscles I've ever seen...

Obaba: And two PMSing teenage girls!

Jenna/Sheba: What?! >=|

Briggs: Not my words! *cowers behind Obaba* Honest!

Obaba: Well, some of the descriptions may be true, but that
Felix sure
doesn't look like a big, mighty warrior...

Felix: *cries*

Briggs: But, Grandma, they came to take me away!

Obaba: Don't be silly, look at them. They are mere kids, how
could they
possibly do that?

Inu: GRRRRRR....

Obaba: I'm sure that dog's tamer than Snoopy, there's
nothing to worry about!

Inu: GRRRRRRRRRR....

Jenna: Down, boy!

Sheba: Boy? o_O

Jenna: Yes, it is a male, is it not?

Sheba: *mind reads Inu*

Inu: (thinking) Actually, I could never really be sure what my gender was...

Sheba: o_O; Maybe?

Briggs: But, Grandma! They have freaky powers!

Obaba: Nonsense! They won't take our treasure!

Briggs: They are here to take me away!

Obaba: You're being silly, Briggs!

Briggs: But wait! If they take me away... Eoleo will be sad!

Obaba: That's not fair! I can't resist my dear great-grandson! You know that!

Briggs: So, do something, Grandma!

Obaba: Okay! *holds out a strange jewel on a box or whatever it's meant to be*
Are you ready?

Felix: Yes! I must prove my strength!

Jenna: I'll show you how tough my Fenrir is!

Sheba: I may be short, but my Psynergy is nothing to sneeze at!

Piers: I don't have oversized muscles for nothing!

Kraden: Is it just me or do we get into a lot of petty fights?
._.;

Obaba: Okay! Cookies of the kitchen, fury of the sweetshop's currants,

grant me food!

Felix/Jenna/Sheba/Piers/Kraden: O_o;;;;

Obaba: *flings jewel into hole and funky stuff happens then
a weird thing leaps
out of the hole*

Felix: What... is THAT?

Jenna: It's a giant Gingerbread Man!

*Felix, Jenna, Sheba and Piers stare in horror as a gigantic
Gingerbread cookie
biscuit shaped like a man with currant eyes, a licorice mouth
and icing buttons
advances on them.*

Director: What the heck?!

Obaba: I was going to use Avimander, but that rock with an
eye told me to use
the giant Gingerbread Man instead.

Director: Ugh. *drinks coffee*

Gingerbread Man: Smarties Stream! *fires several streams of
smarties at the Adepts*

Felix: Yummy! =D

Piers: Should we use Psynergy?

Sheba: No! Let's eat it!

Jenna: You sure it can't hurt us?

Gingerbread Man: Marshmallow Mash! *showers the Adepts with sticky marshmallow*

Felix: Ahhh! I can't move! I'm stuck in the marshmallow!

Jenna: *burns off the marshmallow on herself* Too bad!

Sheba: *narrowly dodges marshmallow* Eat attack! *lunges at the Gingerbread Man's leg and starts taking huge bites*

Gingerbread Man: Ouch!

Piers: *grabs his other leg and eats it*

Jenna: *jumps onto the Gingerbread Man's shoulders and chomps at his head*

Felix: ToT I want some! Save some for me!

Gingerbread Man: ToT I'm being eaten!

Felix: HELP ME!

Jenna: *casts Serpent Fume*

Felix: *is crispy, smoking and devoid of marshmallowness*

Jenna: That better?

Felix: *twitches*

Kraden: Oh, this is stupid *pushes Gingerbread Man into hole behind it*

Jenna: O_O *jumps off and grabs edge of hole* AAAAAH!

Sheba: *somehow grabs onto Jenna's leg* HELP!

Piers: *tries to grab but ends up falling all the way down*
NOOOOOOOOOO!

Felix: What the...?

Kraden: Oops.

Jenna/Sheba: PIERS!

Jenna and Sheba are rescued but not Piers, obviously

Sheba: CAPTAIN PICARD, YOU ALRIGHT DOWN THERE?!

Felix: That wasn't very nice...

Jenna: Piers! Piers! Piiieerrrrs!

Kraden: It is no good, he's not answering. I guess he's gone.

Felix: O_O So now we have to go on without Piers?

Kraden: Looks like it.

Sheba: Ugh! It's your fault he's gone!

Obaba: Ahem. You... defeated the Gingerbread Man?!

Felix: Just about...

Briggs: No! Waaaaah!

Chaucha: Oh, stop whining!

Briggs: ???

Chaucha: *turns to Felix* Are you here to take him away?

Felix: No...

Chaucha: Well then! *grabs Briggs and hauls him off* Bad Briggsy,
stop telling lies!

Sheba: That was weird...

Jenna: How can we go on without Piers?

Kraden: It is simple, we do not need him to get through the Sea of Time...

Felix: Just the small problem of getting into Lemuria!

Jenna: And if we can't get in, we're stumped!

Obaba: Um, what did you come for?

Sheba: *holds up the three Trident pieces*

Obaba: =O Pieces of the legendary Trident! *grabs them*
I'm gonna make them
into a spiffy trident for you ^_^

Sheba: o_O

Jenna: Psst... Felix... should we get Kraden arrested for murder?

Felix: Well, he did practically push you all into the hole, so I don't see why
not... but who would believe us if we said Piers was eating a giant gingerbread
man and Kraden pushed it into a hole with Piers on it?

Jenna: Good point...

Obaba: =) Forge's flames, fury of the earth, grant me power!
*tosses the Trident

pieces into the hole*

Everyone: *steps closer to the hole for a look*

...

Obaba: Weird... nothing's happening...

5 hours later

Felix: -o- zzzzzzzzzzzzzzz

Jenna: -_- zzzzzzzzzzzzzzz

Sheba: ^o^ zzzzzzzzzzzzzzz

Kraden: @_@ *still staring down hole*

Screeeeeeeee... BOOM!

With an almighty boom, flames erupt in the hole and causes the ground to shake.

A charred husk flies from the eruption, and the shocked Adepts awake.

Felix: ATTACK!

Jenna: EARTHQUAKE!

Sheba: O_O FIRE!

Kraden: Looky, looky! Something is happening! Wowee! =D

After a short while, the flames disappear and the trident is floating above the hole.

Obaba: There you go ^o^

Felix: O_O How are we supposed to get that?

Sheba: *casts Reveal* There.

Jenna: Uh... that's random. Who can even use Reveal in this place?

Obaba: >_> What? Is it so strange to have invisible steps in my own forge?

Kraden: Yes.

Sheba: *grabs the Trident* Yay, we got the Trident! ^_^

Inu: *barks and rushes to sniff the burnt thing that came out of the hole*

Jenna: Don't touch it, Inu, it might have diseases!

Burnt Thing: ... I am alive?

Sheba: *screams* AUGH! Kill it, kill it!

Jenna: Its disgusting! Look! All horrid and burnt!

Burnt Thing: ... I am... wounded...

Felix: Not kidding, Burnt Thing!

Burnt Thing: ... I am... not... called... Burnt Thing...

Jenna: What then?

Kraden: *dances giddily* It came out of the flames and it still talks!

Amazing!

Burnt Thing: I have no memory.....but I want to get revenge on those who almost killed me....

Sheba: *bravely walks up and mind reads Burnt Thing*

Burnt Thing: (thinking) Old man! You die!

Sheba: O_O *whispers* An old man?

Burnt Thing: (thinking) Great chasm... falling forever... searing flames...

Sheba: I guess it fell down that hole and got burnt.

Obaba: Oh dear! I really should put a fence around it or something!

Burnt Thing: The food...the food! Old man push food! *sits up*

Jenna: Hey, looks like it's recovering its energy!

Felix: Old man pushing food? >_>

Burnt Thing: The world must pay!

Felix/Jenna/Sheba: O_O;

Kraden: Pay? How many coins you want?

Felix/Jenna/Sheba: -_-:::;;;

Burnt Thing: *points dramatically at the Adepts and rasps in spooky voice*
And you're first!

Director: Does this help recover your memory? *throws a coffee mug and it hits him on the head* Oh, yeah, and this probably can't hurt either after you got burned. *hoses down with coffee*

Piers: OW! Ow! What did I ever do to deserve this? Why am I all burned?
Ow, stop it! ;_;

Jenna: Piers!

Felix: Oh, he's alive after all.

Sheba: And really burned... that's got to hurt...

Kraden: Heh heh... I hope he's not thinking of revenge anymore...

Piers: *blinks* What... oh, right, I remember now. The Gingerbread Man!

Felix: It's gone now.

Jenna: Are you feeling okay?

Piers: v_v I nearly died.

Kraden: Er, yes, sorry about that. ^_^;

Sheba: You're evil!

Felix: We can get into Lemuria now that we have the Trident.
Let's go!

*Everybody leaves and decide they have to get out of Champa as soon as possible
but before they can make it...*

Alex: HALT!

Jenna: *falls over* NOOOO! So close too!

Sheba: We should have been faster! ToT

Alex: ... >.

7. Chapter 7

Golden Sun: The Lost Tale

Despite all my rushing, it still seemed to take forever to get to Lemuria in this fic. It really is a long game...

[Studio]

Piers: We're finally going to Lemuria. ^_^

Sheba: There should be lemurs this time around.

Piers: Uh... really?

Jenna: Yeah! Lemuria needs moar lemurs!

Sheba: Bring on the lemurs!

Felix: What's so great about lemurs?

Piers: I wish I knew...

[Lemuria]

A ship goes into the Sea of Time. A few minutes later, it comes out again.

Sheba: Hold onto the tiller! *is clutching a balloon*

Jenna: *munching on cake* Relax, Sheba, we'll be fine.

Piers: *wearing a party hat and blowing on a tooter* It's a Lemurian Ship!

Felix: It's not fair! I can't join in the party because I'm too busy steering
this stupid ship!

Kraden: And doing a bad job too...

Felix: I AM NOT! *pushes the ship back into the Sea of Time*

As Felix tries to find his way through the Sea of Time, going through many
whirlpools and such, Jenna and Sheba are so bored, having eaten all the party
food, they can't help but sing.

Jenna: The ship in the sea,
Goes round, round, round!
Round, round, round!

Sheba: Merrily, merrily, merrily,
Push the boat back and forth,
Up and down again!

Jenna: Through the whirlpools and around the volcanos,
The little ship goes, round, round, round!

Sheba: Around and around, around and around,
Up and down, up and down again!
Left, right, up, down! And around!

Felix: You are giving me a headache!

Jenna: Around, around, around, the ship goes!
The whirlpools make the ship go round, round, round!

Sheba: The party's food's gone, what to do?
Go up, left, down, right and around!

Kraden: Ahem! Perhaps the song we learnt in Yallam could
be of use?

Piers: Er, except it was in a wasteground, this is clearly not a
wasteground.

Felix: Ack, whirlpool!

Jenna/Sheba: ARRRRRRRGH!

*Instead of being sent back to the Sea of Time entrance,
they find themselves in
a weird expanse of sea somehow shaped like a triangle and
spooky ships floating
around.*

Felix: Er, what is this?

Jenna: Is this Lemuria?

Piers: Certainly not!

Eerie voice: Welcome... to the Bermuda Triangle...

Kraden: Oh no!

Sheba: Bermuda Triangle?

Eerie Voice: You'll never get out...

The ghost ships surround the Lemurian Ship.

Felix: I think we're in trouble.

Kraden: The Bermuda Triangle is a place where many ships go missing!

Sheba: Hey, there's a ship that looks like ours!

Kraden: Now is not the time to-

Felix, Jenna, Sheba and Piers ignore Kraden and get onto the ship similar to theirs and explore it.

Jenna: Oh my gosh! *holds up Isaac's diary* It's Isaac's diary!

Sheba: And there's scribbling on the wall in one of the bedrooms, saying 'Garet iz kewl'!

Felix: And I happened to find some blue hair in the bathroom... that's not particularly common, is it?

Piers: Oh, look, a lump of cheese with a tag tied to it saying 'Cheese, Property of Ivan'

Felix/Jenna/Sheba: Isaac's ship!

Piers: Then where are they?

Jenna: Maybe they got away...

Piers: Without their ship?

Sheba: Guess so.

Felix: We'd better try and get back somehow.

Felix, Jenna, Sheba and Piers return to the ship.

Jenna: Hey! I know!

Sheba: You have an idea?

Jenna: Retreat?

Felix: o_O Will that really work?

Piers: Come on, try!

Kraden: If not, Felix, we could starve to death...

Jenna: ^_^ Now I'm going to my room to read Isaac's diary- I mean, er, never mind!

Felix: Hey! Hand it over!

Jenna: But-

Felix: ...

Jenna: Huh! Fine! *hands it over* Spoilsport.

Felix: *pockets it* I shall have to return this to Isaac. And nobody else will get their hands on it.

Jenna: Aww...

Sheba: Come on, Felix! Get us out of here!

Felix: I'm trying! *casts Retreat*

Amazingly, the Adepts are whisked out of the Bermuda Triangle with their ship and dropped back into the Sea of Time entrance.

Everyone: WHEW!

They try again, and this time get through. The ground is shaking but Felix does not notice.

Felix: Oh thank goodness, we're past all those stupid whirlpools and everything.
I thought that by the time we'd got through, we'd be old or dead of starvation,
and we would never-

Jenna: Felix. Look up.

Felix: *looks up* O_O

Sheba: Cute, isn't he?

Poseidon: RRRAGH!

Felix: *screams like a sissy*

Piers: It's Poseidon, the guardian of Lemuria! We're doomed!

Kraden: Noooooo!

Poseidon: Rrrrrrragh...

Everyone quickly starts throwing random Psynergy at Poseidon but he is of course unharmed.

Kraden: *throws a rubber ducky at Poseidon*

Poseidon: o_O

Kraden: It didn't work...

Felix: *throws a slice of cake he had hidden at Poseidon without thinking*
Wait-! MY CAKE!

Piers: Stupid jerk! *throws a fork at Poseidon* Take that!

Poseidon's force field is broken!

Felix: It's broken...

Jenna: O_O

Sheba: ...not bad...

Piers: I surprise myself sometimes..

Kraden: Excellent! *notices Rubber Ducky being carried away by the waves*
Wait, RUBBER DUCKY! *jumps into the sea*

Felix, Jenna, Sheba and Piers continue fighting regardless of Kraden's stint with jumping into the water.

Poseidon: Hah! Take this! WATERY GRAVE!

*Luckily, Kraden swims in the way while swimming after Rubber Ducky and is killed

by Watery Grave.*

Sheba: Whew, that was close!

Poseidon: Dratted old man!

Jenna: Are you a mermaid?

Poseidon: No! I am a merman!

Felix: MER-MAIIID! *summons Judgement many times*

Poseidon: MER-MAAAAAAAN!

Sheba: That multiple summoning trick... I've seen it before!
*summons Thor
about fifty times*

Poseidon: You're cheating! Ow! Not fair!

Piers: Well, you started the battle wearing a stupid barrier!

Jenna: Say goodnight, Ariel! *summons fifty Meteors*

Poseidon: My name is Posei- AAAAAAAAAAAAAAGH!!! *killed*

Sheba: We did it!

*Felix, Jenna, Sheba, Piers and the revived Kraden clamber
back into the boat
and continue until they see...*

Piers: Lemuria!

Felix: We're saved!

Jenna: HURRAH!

Sheba: About time too!

Kraden: That's Lemuria? *does a giddy dance*
OhwowohwowIfinallyfoundLemuria!!!

Piers: Yes. I know.

Felix: ...

Jenna: He's doing it again v_v;

Sheba: What, acting like a child on Prozac?

Jenna: Yep.

*They sail into Lemuria and get off. Then they walk and Felix
moves a statue.

And then they are about to go into Lemuria-*

Two people: HALT!

Inu: GRR!

Person # 1: *hides behind Person # 2*

Person # 2: You may pass ^_^'

Piers: Thank you.

*Felix, Jenna, Sheba, Piers and Kraden pass on into Lemuria,
leaving the two
people staring at each other in stunned silence.*

Kraden: Oh wow, it's beautiful!

*Kraden dashes off, leaving Felix, Jenna and Sheba staring in
shock at the
decrepit ruins of Lemuria. Still shocked, they walk on.*

Piers: Nice place huh?

Felix: ... *looks incredulously at Piers*

Piers: I was being sarcastic.

Felix: Oh.

Kraden: LOOOOOOOOOK!

Jenna: He. Is. An. EMBARRASSMENT!

Sheba: Not kidding...

Kraden: Come over here!

Piers: To look at what? The flowers?

Kraden: Look at that magnificent palace!

Felix: *watches a colony of lemurs marching past* What the heck?

Jenna: Oh!!!! *starry eyes*

Kraden: Oh, you appreciate it too?

Jenna: CUTE DOGGY! *grabs the dog thats in Lemuria and hugs it tightly*

Inu: *whimpers*

Sheba: Hah, you phail.

Inu: *growls and chases after the lemurs*

Kraden: *sigh*

Sheba: Oh look! Springs, like in Tolbi!

Kraden: (to palace guards) Excuse me! May we come in?

Palace Guard #1: No!

Piers: Even if I'm here?

Guard #2: Piers, the Lost One?

Piers: Me, lost?

Guard #1: Oh, it's just that we heard rumours you were lost in the
Bermuda Triangle while on your ship...

Piers: ^^; Nah, I was carried away by a tidal wave...

Sheba: *runs off to play at the Lemuria Springs*

Jenna: *plays with the dog*

Inu: *is chasing lemurs*

Felix: Poor lemurs...

Kraden: T_T Nobody understands how beautiful this place is!

Guard #2: Um, look, you can come in later once Conservato
finishes
talking to King Hydros.

Piers: Drat!

Felix: Huh?

Piers: Basically, Conservato is a moron which makes things
difficult.

Felix: Oh...

Piers: Come on, let's go see my Uncle.

Felix: o_O Okay...

Felix and Piers walk off, leaving Kraden starry eyed and staring at the palace. They are soon joined by Jenna and Sheba and go into Piers's Uncle's House.

Piers: Uncle, I've returned...

Sheba: O_____O My goodness, that's a lot of bottles!

Piers's Uncle: *hic* P-Piers?

Jenna: Um... what's with all the bottles?

Piers: -_-; Fantastic... you've been drinking again...

Felix: Doesn't anybody clear the bottles up?

Piers: Mother, normally... where is she, anyway?

Piers's Uncle: Ahh, if only my sister was here to see you've returned...

sways unsteadily She would be so delighted...

Piers: *picks up one of the bottles* Ahh, 300 year old wine...

Felix: 300 years old?!

Jenna: That's older than even KRADEN!

Sheba: Or Babi!

Piers's Uncle: *hic* You said the B-word!

Sheba: The B-word?

Piers: We Lemurians do not like Babi! *puts bottle down* Remember?

Sheba: Me too! ^_^ Babi's dead!

Piers's Uncle: He is? That calls for a celebration... *reaches for a bottle of champagne*

Piers: Stop that. Where is Mother?

Piers's Uncle: Oh, she's in the cemetery.

Piers: Is she? *rushes out*

Felix: Er, dead?

Piers's Uncle: Had a weak heart.

Jenna: That totally sucks!

Piers's Uncle: Hey, wanna see Lunpa?

Sheba: Sure, why not?

Piers's Uncle: Ok! *hic* *sends off bird with note* You should be able to see him now... *hic*

Jenna: STOP IT WITH THE HICCUPS!

Felix: Lets go-

Piers's Uncle: Wait *hic* *points at Jenna* Show me... your boobies...

Jenna: O_O

Sheba:

Everybody walks out of the house, leaving Piers's uncle lying on floor with bumps on his head.

Sheba: You sure hit him hard, Felix.

Felix: Not as hard as Jenna.

Jenna: *fuming* Dirty old...!

Sheba: He was drunk...

Felix: Anyway, lets go and see Lunpa...

Jenna: What about Piers?

Felix: We'll leave him to grieve...

Sheba: I hope he wasn't too shocked...

Felix, Jenna and Sheba approach Lunpa's tower.

Kraden: WAIT! WAIT!

Jenna: Drat...

Felix: *sigh* Kraden...

Sheba: x_x What is it, Kraden?

Kraden: I want to come in too! ^_____^

Lunpa: Hello, want to come in?

Everyone: Yeah!

Lunpa: The door's broken, so come in through the window!

Felix: o_O

Jenna: It could be worse...

Sheba: He could be asking us to tunnel underground...

Kraden: Yippee! Through the window! =D

Felix/Jenna/Sheba: O_o;;;

Felix, Jenna, Sheba and Kraden go through the window and into a room to find Lunpa.

Lunpa: Hey, how ya doing? ^_^

Felix: Er, fine...

Lunpa: So, whats up?

Jenna: ...

Lunpa: How is the outside world these days?

Sheba: Awful. Megalomaniac dictators kidnapping little girls to build huge towers, and people jumping off lighthouses!

Felix: Er, I did that to save your life, remember?

Sheba: Oh, yeah ^_^

Kraden: You knew Babi right? ^_____^

Jenna: o_o;

Lunpa: Why, yes, that old megalomaniac! How is he?

Felix: Dead as a doornail.

Sheba: Thankfully.

Jenna: o.o

Lunpa: That's good news! So, I guess there's nobody left I know in the outside world-

Jenna: Yes, there is! ^_^

Lunpa: There is?

Felix: You know the town named Lunpa in Angara?

Lunpa: Why of course, that town was named after me!

Sheba: Lunpa?

Jenna: The town is ruled by the wicked Dodonpa, son of Donpa!

Lunpa: Donpa? Why, he's my son ^_____^

Felix: He's very old though.

Kraden: Probably older than me...

Sheba: But you're as old as a dinosaur!

Kraden: Humph! Rude little girl!

Lunpa: I see...

Jenna: Did we come here just to spread news of the outside world?!

Felix: I think so.

Jenna: No, we didn't!

Felix: ... Oh.

Kraden: We're lighting the lighthouses!

Lunpa: Awesome! =D So, what ya lighting them for?

Sheba: Because they're so pretty when lit ^_^

Kraden: ...

Felix: To save our parents ^_^

Jenna: They are being held hostage by psychotic Mars Adepts...

Felix: They aren't all psychotic... o.o

Lunpa: I see. And you, Kraden?

Kraden: Because the world is shrinking...

Lunpa: *gasp* I knew it! Come on, lets go and tell King Hydros! *runs off*

Kraden: Eeeee! *follows*

Felix: Shrinking?

Jenna: Must be hallucinating.

Sheba: I haven't noticed any shrinking... deteoriating, yes...

Jenna: The ruins of Lemuria is a good example...

Felix: I was expecting better than this... pit...

Felix, Jenna and Sheba go to King Hydros's palace and into the throne room.

Guard: Excuse me, are you Lord Felix?

Felix: O_O ... He called me a Lord!

Jenna: >_> I'm sure he's just high.

Sheba: Are you high?

Guard: Hey! That tall cactus is talking to me! *laughs*

Jenna: Uh, what?

Guard: *seems to be talking to something invisible* So, my friend,
old pal Hubert, let's blow this joint and go have a swinging time!

Felix: I'm guessing he's high...

Guard: Oh, you there, you can go through! Anyone can!

Jenna: Let's... do that.

Felix, Jenna and Sheba go through.

Piers: Hi!

Hydros: *claps hands together* Fantastic, they're here! =D

Conservato: Uh, these ragamuffins...

Hydros: My entertainment party! =D

Sheba: Entertainment party?

Hydros: *bounces up and down* Go on then! Put on a show for me!

Jenna: Uh... is this guy insane or something?

Hydros: Excellent, Piers! I must commend you!

Sheba: SHUT UP!

Hydros: ...

Conservato: You dare to tell King Hydros to shut up, you infidel?

Sheba: 'Infidel'-someone who does not believe. What is there to believe in?

Conservato: *goes red in the face* How dare you be so impudent, child!

Sheba: I was not being impudent, I was-

Conservato: You are arguing with me!

Lunpa: Excuse me!

Piers: He's always this bad...

Conservato: Shut up and let me finish, Lunpa!

Lunpa: Don't tell me to shut up!

Hydros: Hey, look! *grabs a feather duster and starts hitting Piers with it*

Aren't I clever? ^_^

Piers: Senile old...

Kraden: He is senile?

Piers: And so are you!

Felix: Hee hee! ^_^

Hydros: *puts one hand on hip and sticks other out* I'm a teapot ^_^

Lunpa: You are a lying old man and-

Conservato: You thief!

Lunpa and Conservato start wrestling.

Lunpa: Die, Conservatomato!

Conservato: Shut your hole, Loony Lunpa!

Lunpa: Not until you've shut yours, (censored)-servato!

Sheba: O_O Was that a bad word?

Jenna: Wow, he sure has a foul mouth!

Felix: Very...

Piers: Um, Hydros... the world is shrinking...

Hydros: So go light the lighthouses then! SILLY BILLY!

Piers: My name's Piers...

Hydros: My name's Hydros! ^_____^

Piers: I know...

Kraden: Come on, let's go and light the lighthouses-

Felix: WAIT!

Jenna: Grind Stone!

Sheba: We need it!

Hydros: Do you? *throws a rock at Piers* There it is!

Piers: *catches it* It's just an ordinary rock...

Hydros: They said they needed a stone!

Lunpa: *kicks Conservato in the privates*

Conservato: W-waaaaah! *runs towards exit. Felix and Jenna conveniently stick their feet out and he goes flying*

Sheba: Ahahahahahahaha!

Conservato: You impudent children!

Felix: You should have looked where you were going.

Conservato: That's it! Hydros, cast them into the dungeons!

Hydros: What, the ones with yellow feathers on the wall?

Jenna: O_o Yellow feathers?

Conservato: Forget it! *runs off crying* You're all meanies!

Lunpa: *sigh* Now then... *walks onto mirror and slips, sliding across*

Yee-arrrrgh!

Sheba: Hey, what's that?

A chest comes falling from the sky and lands on Lunpa.

Lunpa: Oof! *pushes it off himself* Please, take what's in the chest x_x

Felix: *opens chest and takes out Grind Stone* Finally...

Piers: Hydros, we're going now...

Hydros: Noooo! ;_; I havent shown them my Stuffed Flamingo Collection yet!

Jenna: Erm, we're definitely going now ^_^;

Sheba: Goodbye!

Kraden: Wait, I want to see the Stuffed Flamingos-

Felix, Jenna, Sheba and Piers rush out, dragging Kraden along with them and run out of the palace, quickly exiting Lemuria and the Sea of Time.

Sheba: Well, we didn't spend very long there, huh?

Jenna: It was too boring there...

Felix: It was a pit...

Piers: Now let's go!

Kraden: *sobs* Stuffed Flamingos...

Felix: The Great Western Sea awaits!

The group continues on and finally gets into the Great Western Sea, heading for Hesperia.

8. Chapter 8

Golden Sun: The Lost Tale

In this chapter... Jenna and Sheba's epic battle against sexism! Or something along those lines... stupid Hesperia people...

[Studio]

Felix: I finally get to get rid of that useless staff.

Jenna: Yay! It's just a waste of inventory space.

Sheba: I don't understand why Ivan loved it so much...

Piers: He must be strange or something...

Felix: The Hover Jade is so much more useful...

[Shaman Village]

Felix: So... we're already at Shaman Village, Hesperia.

Jenna: There are a lot of tents.

Sheba: Teepees.

Jenna: Well, they look like tents to me, so I'm calling them tents.

Sheba: *sigh* Suit yourself.

Piers: The people sure seem quiet...

Sheba: *approaches random Hesperian* Hi.

Hesperian:

Sheba: ... *tries another Hesperian* Hi!

Another Hesperian:

Jenna: It looks like they aren't going to talk... >=)

Felix: I for some reason do not like that look of evil.

Sheba: *goes up to Hesperian woman* Hi.

Woman:

Sheba: (censored)

Felix: Sheba! Where'd you learn THAT?

Woman:

Sheba: Oh, someone in Tolbi told me that word. Hey, woman, you've got the smallest boobs I've ever seen.

Woman:

Kraden: Ahem, shouldn't we-

Jenna: *approaches Hesperian Man and pokes him*

Man:

Piers: If they would just talk...

Felix: They are never going to.

Piers: Why?

Felix: No clue.

Sheba: However, you make up for your small boobs with your giant butt.

Felix: Sheba, maybe we should do something about your attitude o_O

Woman:

Jenna: You're the ugliest guy I've ever seen ^_^

Man:

Jenna: *pokes again* Oh, and you really need to wear deodorant. Peeyew.

Man:

Sheba: This is so fun ^_^

Inu: *growls at the man*

Man:

Jenna: Get him, Inu!

Man: *does nothing*

Inu: Arf?

Jenna: Huh, he's not even scared.

Sheba: Make him talk, Jenna ^_^

Jenna: I'm trying!

Felix: I do not see the fun in this.

Piers: I guess we're doomed to just watch.

Jenna: Check this out! *makes fireball in her hand*

Man:

Jenna: He... wasn't even fazed? ... *burns down a teepee in rage*

Sheba: I hope we're not going to be charged for that.

Felix: Come on, let's go and find the village chief.

Piers: How come?

Felix: I'm not sure, I just have the feeling I should.

Kraden: I do hope that he talks!

Sheba: Not like the woman with the hugest butt in the world here then.

Jenna: I bet this guy's manhood is tiny.

Man/Woman:

Felix: ... You're really overdoing it now.

Jenna: >=) I know.

Piers: How can you be so cruel?

Jenna: At least I'm not as rude as that guy! He won't talk!

Sheba: Farewell, person that I'm not sure is a man or woman.

Woman:

Kraden: NOW, may we go?

Felix: Yes! At once!

Sheba: Can't we have a BIT more fun?

Jenna: Hey, I think the man and woman look different...

Sheba: How different?

Jenna: They look..... mad...

Sheba: O_O Oh.

Piers: Run for your life! The Rabid Hesperians of doom are coming...

Felix: You have issues.

Piers: I know ^_^

Felix: o_o;;; Am I the only sane person here?

Jenna/Sheba/Piers: ^_____^

Felix, Jenna, Sheba, Piers and Kraden go to the house at the top of the town

and Felix tries to enter but suddenly three men appear out the door.

Felix: ACK!

Moapa: I am Moapa! Back off!

Felix: *backs off*

Moapa: So, strange people in Shaman Village? What the hell you here for?

Jenna: *whispers* Not very friendly, is he?

Knight 1: We don't like intruders >=O

Sheba: Intruders?!

Knight 2: Go away and never come back!

Piers: And what if we don't go away?

Moapa: Well? What do you want?

Kraden: It looks like we are here to do something. Maybe we have to give them something, what do you think of that?

Jenna: But what?

Felix: I know! The rod!

Sheba: They already have rods!

Piers: o_o Was that... rude?

Sheba: -_^

Felix: It is time to get rid of the blasted Shaman's Rod.

Sheba: Did you ask the Shaman first?

Jenna: Oh, stop it, Sheba, it isn't funny anymore. -_-

Kraden: If that really is what you are meant to give to Moapa, then please proceed to do so.

Felix: Watch! *holds up the Shaman's Rod*

Sheba: Ivan isn't going to be happy if he learns Moapa stole it...

Jenna: Well, he can go steal it off Moapa if he wants!

Piers: It's not stealing, we're giving it to him.

Moapa: EEEEE! The Shaman's Rod!

Knight 1: I thought it was lost forever! It belonged to a guy named Hoabna-

Jenna: We don't care about guys named Hoabna.

Knight 2: His friend in Contigo named Yegelos gave it to him! ^_^ He accepted a great responsibility too.

Piers: Er... right... \:,

Moapa: He vowed to look after this amazing treasure called a Hover Jade. When the Shaman's Rod is returned to us, we are to give the bearer the Hover Jade.

Felix/Jenna/Sheba/Piers/Kraden: Yay!

Moapa: You lot came to claim it?

Felix: Um... yes?

Kraden: Why else would we drag the Shaman's Rod all the way here?

Moapa: *examines everybody* ???

Jenna: so?

Moapa: Nah, we're not giving you lot the Hover Jade.

Sheba: WHAT?

Piers: That's not fair!

Sheba: *grabs her Dancing Idol and sticks a pin in it*

Jenna: What are you doing?

Moapa: *collapses on ground in pain*

Sheba: *holds up Dancing Idol* ^_^ It's Moapa.

Piers: Never took you for a voodoo artist.

Sheba: Just trying to... persuade him.

Felix: ... But was that really a good idea?

Moapa: Ow! We... we're meant to give Hover Jade to descendant of Yegelos...
and none of you are from Contigo!

Sheba: SO? *sticks another pin in*

Moapa: OWWW!

Jenna: Really, Sheba! That's so abusive!

Sheba: It's PREPOSTEROUS!

Piers: Big word.

Sheba: Blame the Alhafran Mayor. I picked it up... *twitches*

Knight 1: I know! Lets make them do Trial Road! =D

Moapa: ?

Knight 2: The way of the Vanishing Sand! ^_^

Sheba: W-wait!

Before Sheba can stick a third pin in the Dancing Idol,
Moapa and the
Knights have already disappeared.

Felix: Guess we've no choice. We've got to do the test.

Felix, Jenna, Sheba, Piers and Kraden rush off to the passage
to Trial Road.

Jenna: A wall of sand.

Sheba: Hey! One of those tornado statues that are like the
ones in Air's Rock!

casts Whirlwind and all the sand is blown away

Knight 1: OW! I got sand in my eye! OW OW OW!

Knight 2: You should have stood back!

Moapa: SILENCE! The sand has vanished!

Kraden: Obviously it has.

Knight 1: The legend is true!

Knight 2: She must be from Contigo!

Sheba: o_O Me?

Jenna: Yeah! =D

Moapa: HER?

Felix: Yes, 'HER'! Maybe?

Moapa: B-but she's... just... a GIRL!

Jenna/Sheba: WHAT?! >=|

Piers: May we have the Hover Jade?

Moapa: No, not yet.

Felix: What?

Moapa: This was the first test.

Jenna: Typical! =O

Moapa: Now you'll have to do Trial Road.

Knight 1: Even the girls?

Jenna: Uh, yes?

Knight 2: I thought only the chosen hero could...

Sheba: And I can't be the chosen hero? *stabs green doll again*

Moapa: OW! ;_; Th-the heroes have always been men. It is the way...

Jenna: You sexist filthy...

Sheba: Your attitude is bull! I can be just as every bit as heroic as any guy!

Knight 1: You must respect our customs!

Sheba: NO! =[

Knight 2: If you don't like it, take it up with Yegelos.

Jenna: Fine, got a Ouija board?

Felix: o_O Jenna, you must never use one of them!

Jenna: Why?

Felix: They're dangerous.

Jenna: But he said-

Piers: It was sarcasm, Jenna.

Jenna:

Kraden: Please, let us do Trial Road! And won't the names go up too or something?

Jenna: So what does it matter if a girl does it? All that matters is that we finish... and I don't think you wish to argue...

Inu: GRR...

Piers: Please, let us prove it to you.

Sheba: Or are you just afraid a little girl like me might become the town's newest hero?

Felix: Heroine.

Sheba: Exactly ^_^ Now, let us do Trial Road! *holds up Dancing Idol*

Moapa: Great, we're up against a monster and a voodoo doll. Alright! Fine! You can do Trial Road!

Felix/Jenna/Sheba/Piers/Kraden: YAY!

They go to Trial Road, and Moapa explains a bunch of stuff, then finally they are ready to race. As the Adepts race, Jenna and Sheba are so bored that... it's time for a song!

Jenna: How annoying is this,
We're racing for the Hover Jade!
Finally we've given it up,
the useless Shaman's Rod!

Sheba: Nevermore can I make perverted jokes-

Felix: Which is quite a relief-

Sheba: For we've gone and lost the rod,
And not a guy's rod mind you,
Besides I think they're quite tired,
of my perverted jokes!

Piers: I thought everything would be simple,
Hand it over and get what we deserve,

But no, we're doubted by a sexist dude.
Do you realise we could have someone in the Ninja Class,
and use Gale Psynergy?

Felix: Why bother when Whirlwind can do the job?
Besides, we should be running,
Running for the Hover Jade.

Sheba: Sexist dudes really do suck.
They are making us run a lot.
Because none of us are from Contigo.
I say, who cares where we're from?

Jenna: Racing, we're racing for the Hover Jade,
Which we need to light Jupiter Lighthouse!
Oh why must things be so tricky?

Sheba: To the summit!
The summit of Trial Road,
Where battles take place,
For the Hover Jade!

Piers: The sooner the better,
For I've just had to leave my shield behind,
And I think that's just out of order.
When will we reach the summit?

Felix: We're there! The summit of Trial Road!

Jenna: Battle against the sexist dudes we go,
We got here first, take that!
Now we'll see who the winners are!

Moapa: Fear not, we're the winners here,
You outsiders are not getting the Hover Jade!

Sheba: Oh yes, we are!

The battle ensues

Sheba: *sticks a bunch of pins into Dancing Idol with evil grin on face*

Take that Moapa!

Moapa: *screams girlishly*

Jenna: Aw, look, I'm only a girl *casts Searing Beam and Dragon Fume*

Knights: OUCHIES!

Moapa: ;_ ; They are hurting me, knights, get them!

Piers: DIAMOND BURG!

Felix: ODYSSEY!

Inu: Erroooooo! *bites a Knight on the leg*

Knight 1: Ouch! Alas, I believe I have been slain! *collapses*

Moapa: Noooo! We must stop these beggars from claiming our dear Hover Jade!

Sheba: See what a girl can do? *casts Spark Plasma*

Knight 2: Ow! Moapa, that hurt! I can't... fight... any... more...
faints

Moapa: Noooo! These girls are winning!

Felix: Hey! I'M not a girl! *casts Odyssey again*

Piers: Yeah! Our long hair's not THAT misleading, is it? *casts Diamond Burg again*

Moapa: You meanies!

Sheba: You're the meanie! *stabs doll again*

Jenna: Inu, get him!

Inu: Errrooooo... *bites Moapa*

Felix: Is he down yet?

Moapa: I... *collapses* Fine... take... the bloody hover... jade... *throws it*

Piers: Alright!

Felix: We finally got the Hover Jade! =D

Felix, Jenna, Sheba, Piers and Kraden rush off with the Hover Jade, and set sail to Atteka, but not before discovering that people are now talking. Although they escape quick snappish before the man and woman can get their own back on Jenna and Sheba.

9. Chapter 9

Golden Sun: The Lost Tale

Doing so much copy, pasting and editing makes me sleepy...

[Studio]

Isaac: We're back! ^_^

Mia: Yep. This chapter features our re-appearance.

Felix: Things are going to get even crazier, aren't they?

Director: *sobs into coffee mug*

Ivan: He isn't happy to see us, is he?

Sheba: Well, our group has been giving him a hard time.

Jenna: Yeah. He said we were the worst. T_T

Garet: You're worse than us? O_O Wow...

[Jupiter Lighthouse]

Felix, Jenna, Sheba, Piers and Kraden are looking around Contigo and talking to people, and Sheba is reading their minds.

Sheba: Some people are talking about someone named Ivan. Sounds familiar.

Jenna: What are they saying?

Sheba: Oh, that he has an older sister and was born here...

Felix: I think he was that blonde midget on the Venus Lighthouse. The one who called the Shaman's Rod his precious.

Sheba: Oh, that one.

Piers: You think that Isaac's group will catch up with us soon?

Jenna: I'm surprised they haven't yet.

Felix: We should be getting over to Jupiter Lighthouse now.

Kraden: That's right, Felix, we must not let Isaac and his crew of Evil

Adepts Hellbent on Stopping the World being Saved catch up with us, otherwise Weyard is doomed!

Felix: o____O

Jenna: You know, Kraden, I'm kind of hoping that Isaac will change his mind once we talk to him?

Sheba: But we should light the Lighthouse first!

Piers: Hurry before the world shrinks!

Jenna: It's not going to shrink just like that...

Felix, Jenna, Sheba, Piers and Kraden hurry on to the Jupiter Lighthouse, and spend a while wandering around and doing stuff. Several curse words are shouted out when it comes to the cracked tile rooms where you have to hover and dodge whirlwinds, but otherwise everything is okay. For a little while.

Felix: Yippee! We finally got that huge stone out of the beacon's hole, now we can go and light it! ^_^

Jenna: And then we can worry about the Mars Star and not having it.

Felix: Oh crap...

Sheba: Hmm...

Piers: Who's got it?

Kraden: Isaac, I believe.

Jenna: And for all we know, he's not even here... typical!

Mia: AAAAAAAAAAAAAHHHHHHHHH!

Garet: Mia!

Piers: What-?

Garet: Oof!

Mia: Yea..... Nooooooooooooo!

Isaac: Mia!

Ivan: Garet!

Kraden: That shout... it's Isaac and the others!

Piers: Isaac's a friend of yours isn't he, Felix?

Felix: o_O Er... yeah, I guess.

Kraden: They both come from Vale, and regardless of what Isaac may think, they must be allies now!

Sheba: That's right, Isaac thinks we're destroying the world!

Jenna: They came all this way to stop us =\

Felix: But they sound like they need help! *runs, with everybody following, and they see Isaac and co.*

Mia: Oh, Garet! You just had to go and pull a Sheba!

Sheba: I resent that!

Garet: Hey, at least I didn't fall off, I jumped down to help you...

Mia: Nice job, Garet -.-'

Garet: Do you notice I'm hanging off with one arm?

Mia: Because you're an idiot -_-

Garet: No, my other arm is numb!

Mia: Well, I can't pull you up! Isaac! Garet needs help!

Isaac: He does, does he? Aw... rats...

Ivan: Just hold on, Garet!

Garet: Can chocobos fly?

Ivan: Think of cheese!

Garet: I'M NOT INTERESTED IN FLAMING CHEESE! I'm at the risk of falling to my DEATH, Ivan!

Ivan: ... ;_; I want my precious...

Isaac: Ivan, don't start that again. We have to help Garet.

Agatio: No, I am afraid you will not be doing that.

Isaac: Did you hear that, Ivan?

Ivan: Hear what?

Isaac: Funny, I didn't either...

Isaac and Ivan turn and see Agatio and Karst.

Isaac: And I thought Barney was ugly...

Agatio: SHUT UP! I am Agatio!

Ivan: (dully) Wow.

Karst: I am Karst, Menardi's sister!

Isaac & Ivan: (look at each other) D'oh!

Mia: That will teach us not to kill people...

Garet: Huh, why?

Mia: Because there's always a chance they have relatives.
And those
relatives usually seek revenge.

Garet: Oh...

Agatio: And now we are going to kill you.

Ivan: But I didn't get my precious back!

Isaac: Go ahead ^_^

Karst: Wait, where's Alex?! I thought he was going to help us! Even after I
set that lovely trap and snared two of them Adepts, putting them out of battle.

Isaac: Alex!

Ivan: Alex?

Isaac: ALEX!

Ivan: ALEX?

Isaac: ... Yes, Alex!

Ivan: Seriously, Alex?

Isaac: *nods furiously*

Ivan: That Alex?!

Isaac: Yes.

Agatio: HELLO! We're right HERE!

Isaac: Er, so?

Agatio: We're going to KILL you?

Ivan: Don't let us stop you.

Karst: Where is Alex?

Agatio: He is probably dyeing his hair. I want to kill him but...

Karst: Oh well, we can just vent our anger on these brats!

Isaac and Ivan start battling Agatio and Karst with a flurry of cheese and forks.

Jenna: Crazy battle strategy.

Felix: Should have seen them on the Venus Lighthouse.

Jenna: Oh no! What if Garet loses his grip?

Sheba: We have to help them!

Piers: Karst set a trap. That's dishonourable!

Kraden: Lets go!

Felix, Jenna, Sheba, Piers and Kraden continue further on and then Alex appears out of nowhere.

Felix: You again?

Jenna: So, were you dyeing your hair?

Alex: No, I was waiting for you. I knew you lot would come by eventually.

Sheba: How... clever.

Piers: I notice you are blocking our way to the Aerie.

Alex: Because you have to help Isaac and his friends. I know you, Felix, and you'll regret leaving them to die.

Felix: o_O; Uh...

Alex: *heals the party* Now go.

Sheba: That was pretty nice of him. *reads Alex's mind*

Jenna: Sheba!

Sheba: XD (whispering to Jenna) He's thinking of Mia.

Jenna: O_O Ooh!

Kraden: Ahem! We have to go on before Isaac and his friends are...

Felix: Keep your hair on --

Felix, Jenna, Sheba, Piers and Kraden exit onto the outer part of the lighthouse, where Isaac and Ivan are fighting.

Ivan: Isaac... I'm sorry... the forks... weren't enough...

Isaac: Hold on, Ivan! ... I'm out of cheese! I'll have to...

Agatio: Too late, fool boy!

Isaac: Use my Psynergy?

Ivan: *collapses* Precious.

Mia: ISAAC! *throws a furby but it just flies into the sky* Oh poo.

Agatio: Bwahahaha! *farts*

Isaac: @_____X;;;;;;;;;; *collapses*

Karst: (wearing gas mask) I should have known you would do that (removes mask)

Agatio: Hey, it's my ultimate technique! Agatio Fart! Woohoo! ^_^

Isaac/Ivan: Unnnnnnnnh....

Karst: Anyway, time to kill them!

Felix: !!! Wa-a-ait! *runs towards them*

Kraden: That's it, Felix! *follows*

Sheba: They are going to kill Isaac!

Jenna: I won't let them do that!

Piers: None of us will, Jenna...

Jenna, Sheba and Piers rush to join Felix and Kraden.

Karst: Um, what the hell are you doing?

Felix; We're stopping you. ^_^

Agatio: When the Venus Lighthouse was lit, I hear that the ground shook terribly.

Sheba: Not kidding.

Agatio: Strange it hasn't here.

Jenna: Because it hasn't been LIT yet! Duh!

Piers: Shhhh, you shouldn't make Mars Adepts mad-

Jenna: Then it helps I'M a Mars Adept, doesn't it?!

Piers: Er... they are more powerful than you.

Jenna: ... Oh, poop.

Karst: You haven't lit it yet?!

Felix: Er, no?

Agatio: Why are you here?

Sheba: Isn't it obvious? We're saving Isaac, Garet, Ivan and Mia.

Isaac: Unnh...

Ivan: ...pre...ci...ous...

Felix: o_o;;; He's not going to... wake up, is he?

Kraden: Actually...

Felix: I don't want to hear it ^_^;

Karst: We have to kill Isaac and Ivan! :[

Sheba: Then you'll need to get past us first ^_^

Kraden: I think that you're in no state to take on four fully charged Adepts and a Fenrir and a Voodoo doll...

Karst: Drat... he's... right...

Agatio: But, Karst!

Karst: No... the old man's actually right... but before we go, please take the Mars Star.

Felix: The... Mars Star?

Agatio: Haha! We didnt just beat Isaac up for revenge! Alex told us about the Mars Star!

Garet: Mars Bar!

Mia: Shut up and hang on!

Jenna: The final Elemental Star.

Isaac: Unnhhhh. Felix... I... please take the... dratted Mars... Bar... I mean, Star. I... trust you. *drops Mars Star*

Felix: Thank you. *takes it*

Kraden: (to Agatio and Karst) Now please get lost.

Agatio: One more thing.

Sheba: Baddies always talk too much.

Karst: Before we go, promise that you will light the beacon's fire.

Felix: Depends.

Agatio: We don't care if you want to help that dude hanging off the lighthouse-

Garet: My name's Garet!

Mia: Be quiet, you fool!

Agatio: The Lighthouse comes first!

Kraden: It's ok, Felix, go. We shall tend to Garet.

Felix: Uh, okay...

Agatio and Karst stomp off. Felix follows but then...

Piers: WAIT!

Felix: What is it?

Piers: Let me come! I want to see the beacon being lit, and we can't trust those freaky people. Please take me!

Sheba: He's right, safety in numbers.

Jenna: Want to take Inu too?

Felix: No thanks ^_^;;;

Kraden: Listen to the others, you'll be safer with Piers.

Felix: Fine.

Piers: Yay!

Felix and Piers walk off and go all the way up to the Aerie where Agatio and Karst are waiting.

Agatio: You're late!

Karst: Hurry up and light the beacon!

Felix: LATE? Me? What do they think I am, a Jupiter Adept?

Piers: I'm scared, they are giving me evil looks.

Felix: Oh, you're only paranoid, Piers ^_^

Piers: ... No, REALLY, Felix...

Felix: Okay, maybe they do look... a BIT scary... well, scarier than Saturos and Menardi when they threatened me... which means...

Piers: Huh?

Felix: Watch your back.

Piers: I will...

Agatio: HURRY UP! >=[

Felix: ...

Felix and Piers quickly rush to the beacon and Felix tosses the Jupiter Star in.
The Jupiter Lighthouse is lit.

Piers: I heard stories of this, but... wow... it's amazing...

Felix: It always is. Only one more to go. ^_^

After it's been lit, Felix and Piers turn around and Agatio and Karst rush up, looking very evil.

Felix: Oh no, what you going to do now, dance the Can Can or something?

Karst: No, it's much worse...

Piers: EEK! Agatio's going to fart!

Agatio: Not... yet...

Karst: Watch this! *lunges forwards and grabs the Mars Star*

Felix: No! The Mars Bar!

Piers: Mars Star!

Felix: Give it back!

Agatio: Oh, no, we can't...

Felix: It's mine!

Karst: We don't need you now.

Piers: Um...?

Karst: Aw, you look so confused. Want to know why you aren't needed?

Felix: That... would be helpful... I think.

Karst: It's simple.

Agatio: WE'RE Mars Adepts!

Karst: No, stupid, the Mars Lighthouse is near Prox!

Agatio: And since we don't need you, know what that means?

Piers: Er, that you wear pink underwear?

Agatio: >=[NO!

Felix: Um... You're going to dance the Can Can and fart every time your legs go up? That would be nasty.

Karst: No... it's time to die!

Felix: Oh.

Piers: Wait, what about his parents?

Agatio: Ah, we'll still release them when the beacon is lit.

Karst: But if you aren't there, who will take them home?

Agatio: They'll be fine! Now time to fight!

Piers: Eeeeyah! Now I wish we HAD taken that Fenrir with us!

Felix: Or at least Sheba could have given us her doll...

Battle ensues

Felix: I feel really unlucky for some reason...

Piers: And now you've dragged me into it...

Karst: Bwahahahaha! >=D You two are alone!

Felix: o_o' Why couldn't Sheba lend me Voodoo doll?
*unleashes Meld and
attacks with Piers*

Piers: Maybe because you didn't ask?

Agatio: We will win! >=)

Piers: Aw, shut up. *unleashes Shade*

Karst: DJINN STUN!

Felix: No! ;o; My djinni...

Piers: ...

Agatio: Meteor Blow!

Felix/Piers: OUCH!

Karst: Wimps! >=)

Felix: Potent Cure!

Piers: Pure Ply!

Karst: Death Scythe! *wounds Piers*

Piers: Do you mind? That hurt.

Agatio: Stun Muscle! *stuns Felix*

Felix:

Piers: Oh, nuts...

Battle pauses

Jenna: Felix!

Piers: Oh, Jenna, good timing.

Felix: Help us!

Jenna: Uh, what's happening?

Piers: Agatio and Karst are trying to kill us.

Felix: Yeah! T_T They are so mean!

Jenna: Well, that's just disgraceful. Isn't it, Inu?

Inu: Arf! Arf!

Karst: Oh... great... Felix's sister isn't supposed to be here!

Agatio: We'll just have to keep fighting!

Jenna: *marches forward angrily* Well, don't worry, because I'm here to help you out! Stupid psychotic Mars Adepts...

Battle resumes

Jenna: Cool Aura!

Felix: *still stunned*

Jenna: Inu, use Double Fang!

Inu: *uses Double Fang*

Piers: *casts Restore on Felix*

Felix: This is an annoying battle. I think it's time to cheat.

Jenna: Keep hurting them, Inu!

Inu: *does so*

Agatio/Karst: Ow! Ow! *are unable to attack because of the Fenrir snapping at them.*

Felix/Jenna/Piers: *are using Djinn*

Karst: Dratted Fenrir! How much longer is this going to go on?

Battle pauses.

Sheba: Jenna! =O

Jenna: =) Sheba!

Sheba: I had this weird feeling something was wrong!

Felix: Very accurate. Agatio and Karst are currently trying to kill us.

Piers: Good to see you're here.

Agatio: Oh no...

Karst: We're being outnumbered! =O

Agatio: Keep on fighting! I don't care if we end up facing twenty Adepts, we must keep on battling because I'm a half-witted fool!

Karst: Excellent self-description!

Sheba: I'm here to help!

Jenna: Excellent ^_^

Battle resumes

Sheba: Voodoo Doll! *stabs Voodoo doll repeatedly*

Agatio: *faints*

Karst: Oh no! =O That shouldn't have happened so soon...
*notices Felix,
Jenna and Piers looking extremely annoyed and sweats*
Um... hi?

Felix/Jenna/Piers: I SUMMON BOREAS!

Karst is hit by repetitive Boreases.

Sheba: Boreas!

Jenna: Boreas!

Felix: Boreas!

Piers: Boreas! ... Cheating is SO fun ^_^

Inu: Oooooo....errrooooo *summons Boreas as well*

Karst: Chea... ters... *collapses*

Battle ends.

Jenna: We won! =D

Felix: I knew it, luck is on my side! =D

Piers: And to think that the battle started off so badly! =D

Sheba: We're heroines ^_^

Jenna: You can say that again. Honestly, these guys...

Felix: I am weak to the Fire element! ;o;

Piers: I was very badly hurt...

Sheba: -_-'

Felix: So.....

Jenna/Sheba: ???

Felix: What about Isaac and crew?

Jenna: Last I checked, Garet was still hanging... Sheba?

Sheba: Hmm, I think they're okay. A few bruises, cuts and raging tempers...
but otherwise fine.

Piers: So, now what do we do with Agatio and Karst?

Agatio: We're screwed...

Karst: Unnh... well?

Jenna: Well what? :[

Karst: Won't you... finish us?

Agatio: But what if we're killed... and your parents aren't freed?

Felix: O_O Not freed?

Jenna: Don't lie! They will be freed if the beacons are all lit!

Karst: But since Satty and Menny aren't returning, if we don't return as well,
won't it look suspicious?

Felix: Hmm, that could be a problem...

Sheba: What are you going to do, Felix?

Piers: Will you kill them?

Jenna: I wouldn't mind killing them for their dirty tricks, but where our parents are concerned... =\

Felix: ... No, it's not worth killing them.

Alex: You've made the better choice for once, Felix.

Felix: For once?! -__-* *casts Grand Gaia and sends Alex flying*

Piers: Um... you just...

Sheba: I think he landed near Contigo...

Director: WTF are you doing?!

Felix: He'll be fine, and so will they... *Grand Gaia's Agatio and Karst to wherever Alex is*

Director: Stop doing that!

Jenna: Wow, I wish my Psynergy spells could do that... oh well...

Kraden appears with Isaac, Garet, Ivan and Mia behind him.

Kraden: Felix, Jenna! Oh, you're looking better!

Jenna: (Drat...)

Felix: Oh hi, Kraden...

Sheba: We just had a right blast.

Isaac: Where did Agatio and Karst go?

Piers: We're not sure, but the Grand Gaias were powerful enough to send them flying to Contigo, we think.

Ivan: Where's my preci-

Mia: *gags Ivan* Shut your mouth, midget, or... *holds up Evil Rabid Furby*

Ivan: o_o;;;;;;;;;

Isaac: o_O Felix... you... oww, I wish MY Grand Gaias were that powerful...

Garet: Alright, we want answers!

Jenna: Isaac, Garet o_O;;;;

Isaac: Felix... Jenna... it's been a while, hasn't it? =\

Garet: We want ANSWERS!

Mia: Quiet, Garet...

Felix: Er... answers to what?

Garet: Um... I dunno... ^_^;

Isaac: I know! I want answers to why I have to stop the beacons being lit!
Or, even better, why you're lighting them!

Kraden: There are a number of... extenuating circumstances, Isaac. I know!

Lets go to Contigo!

Sheba: Whoohoo! Party! =D

Piers: Party in Contigo?

Garet: With cheese! =D

Isaac: Fine, see you in Contigo then! Oh, and Felix... no sneaking off!

Felix: Who, me? O_O

Ivan: Mmmf! *nods head*

Isaac, Garet, Ivan and Mia walk off and take elevator. Felix, Jenna, Sheba, Piers and Kraden take other elevator and everybody goes to Contigo.

10. Chapter 10

Golden Sun: The Lost Tale

Felix and Isaac join up... hooray for more insanity!

[Studio]

Piers: We're going to have a fun party.

Jenna: Uh huh. It should be really fun!

Sheba: I can't wait!

Ivan: We'll have to get to the plot eventually though.

Isaac: Well, we're already at the last stretch anyway.

Garet: Geez... we come in so late. D=

Felix: No kidding...

Mia: T_T Why do we show up so late?

[Contigo]

Felix, Jenna, Sheba, Piers and Kraden walk into the house where Isaac, Gareth, Ivan and Mia are currently jumping about like hyper rabbits on steroids and partying.

Isaac: Welcome to the party! =D

Mia: Mind the furbies!

Sheba: Dancing furbies? *is attacked by furby with fangs*
AAH! *fries it with Spark Plasma*

Mia: Furby! =O

Ivan: Hey! Felix!

Felix: Wh-what is it? ^_^;;;;

Ivan: You know what. *looks demonic*

Felix: Refresh my memory.... ^_^;;;;

Isaac: Aw, geez, Ivan!

Garet: Shall I beat him up, Isaac? ^_^

Isaac: No! We need him conscious! (and alive...)

Garet: Damn...

Piers: Why don't we have music?

Rock music blares out from the wall.

Piers: Ah, that's... nice.....

Kraden: This is quite amazing! Things that are not yet invented are existing in this insane excuse for...

Jenna: We. Get. It. Kraden.

Ivan: The... ROD!

Sheba: Whose rod?

Ivan: My rod!

Sheba: And what about your rod?

Felix: o_o;;;;; Uh-

Ivan: Felix stole it!

Sheba: But he already has one, why would he n-

Felix: *quickly gags Sheba* Your sense of humour is-*suddenly fried and crispy*

Sheba: *unties gag* It will be voodoo next time...

Ivan: WHERE IS MY PRECIOUS? Where is the Shaman's Rod?

Felix: Hey, Isaac, here's your diary! *throws it at Isaac*

Jenna: Nooooooooooooo!

Isaac: Hey! My diary! Thanks! =D Where did ya find it?

Piers: On your ship floating in the Bermuda Triangle.

Jenna: Just how did you get out of the Bermuda Triangle?

Mia: Flew out of it on a giant Furby ^_^

Sheba: Furbies can fly?

Mia: ^_^ Some.

Ivan: Where is it? :[

Piers: A man named Moapa stole it. It is in Hesperia.

Ivan: *whimpers* First the thieves, then Felix, then Moapa...
hisses

They stoles it! They stoles the precious! Stupid Moapases!
We hates them,
we hates them forever, we do!

Garet: SHUT UP, IVAN! =[

Kraden: We need to talk about the lighthouses.

Everybody quickly takes their positions in the room. The music stops and the Furbies disappear. Felix is still smoking, Isaac is adoringly hugging his diary, Jenna is staring longingly at his diary, Sheba is looking devious, Garet looks blank, and Mia is hugging a Furby, oh and Piers is also looking somewhat like Garet. Ivan is muttering suspiciously and making creepy 'Gollum' sounds.

Jenna: Lets tell it as a song!

Felix: Oh no...

Jenna: (singing)

You want to know why?
Why the lighthouses must shine?
Don't know why to stop them?
Listen very carefully then.
To a story that starts before we were born,
If Kraden told it, you'd all yawn.

Sheba:

It started when the Golden Age ended,
They thought the world had been mended,
Nobody could abuse Alchemy anymore,
But now Weyard was quite sore.

Felix:

If you don't stop the rhyming,
I might start crying.
The world needed Alchemy,
But it was taken away...

Piers:

It took a while to discover,
And I did some investigation undercover,
Slipped out under Conservato's nose.
Naturally King Hydros of Lemuria knows.
Thanks to me, we figured it out,

Felix:

Without the beacons, the world started to shrink.
Without Alchemy, it could go down the sink.
That's why they must be lit,
Otherwise we'll be in a complete fix.

Sheba:

We're saving the world today,
Although Alchemy will rule once more,
It's better than, say,
Being swallowed by Gaia Falls!

Jenna:

The world continues to shrink,
We're slipping closer to the brink.
If we don't do something, we'll all die!
And so will everyone under the same sky!

Isaac: Wait! When did you find this out?

Sheba: A while ago...

Felix: We kind of figured it out along the way and made the
conclusion
when we got to Lemuria.

Garet: But why were you helping Saturos and Menardi?

Jenna: Because our parents were being held hostage!

Isaac: Your parents?

Garet: Didn't they...

Ivan: Die in a storm? (Stupid Moapases!)

Mia: Except Felix survived it, didn't he?

Piers: So why shouldn't the parents?

Isaac: Ok... ^_____^ But why didn't you tell me, Felix?

Felix: well, Satty and Menny might not have been very
happy.

Mia: I STILL don't know why we were originally stopping the beacons being lit!

Kraden: He betrayed Vale.

Jenna: Vale wasn't a nice place anyway.

Isaac/Garet: !!!

Jenna: Oh come on, they wouldn't let anybody out of the village!

Sheba: She's Miss Travelling Freak..... -_-'

Jenna: I LIKE travelling!

Isaac: And they celebrated me and Garet leaving the village...

Garet: Evil Valeanses!

Felix: Please don't start with the 'Gollum speak'. It's bad enough that Midget boy here is...

Ivan: What did you call us? (gollum, gollum)

Felix: ^_^; Nothing!

Kraden: Felix originally wanted me and Jenna left out of the whole thing.

Jenna: But we tagged along anyway ^_^ I can't tell you how happy I was to find out you were alive! =D

Isaac: So, anything else to tell us?

Piers: Not that I can think of.

Isaac: You should have told me, Felix.

Ivan: Couldn't we have helped?

Isaac: I would have helped.

Kraden: Except you were loyal to Vale at the time.

Isaac: Shut up, Kraden!

Kraden: Harumph!

Isaac: I don't give a hoot about Vale! If we don't save the world, there won't even be a Vale...

Ivan: And if we save the world there won't even be a Vale!

Director: Hey! No spoilers!

Isaac: Better than falling off Gaia Falls!

Mia: For the world then! =D

Piers: We're together?

Jenna: Yes! >=)

Felix: Isaac, watch your diary very carefully.

Isaac: I will! ^_^

Jenna: ¬_¬

Ivan: We must reclaim the precious from Hesperia! (gollum, gollum)

Sheba: *brandishes a mace* Would you like SPEECH THERAPY, Ivan?

Ivan: *gulps* (tiny voice) no ma'am.....

Sheba: Good. >=\

Felix: We're together!

Isaac/Garet/Ivan/Mia: Saving the world!

Felix/Jenna/Sheba/Piers/Kraden: Saving Weyard!

All: TOGETHER!

Hama: I'm glad you're finally together.

Mia: :) Hama!

Kraden: Hama! You... know these people?

Isaac: We met her on a temple on the edge of the Lamakan Desert.

Hama: I am Hama, descendant of the Anemos! *wind blows around her all dramatic-like* I was born in Contigo and inherited the power of the Anemos!

Mia: Hey, we just got into Contigo and we discovered that this is where Ivan was born!

Garet: Yeah, we also discovered that he's got a sister!

Sheba: Sister? You don't mean-

(Strange noise like sucking)

Felix: What... was that?

Jenna: Windshippers holding their breath. Don't ask.

Hama: That would be me, yes =\

(Strange noise like whooshing)

Jenna: And that's the Windshippers sighing in relief.

Ivan: O_O *approaches Hama*

Hama: Not now, Ivan, this is not the time!

Ivan: !!! =\ :(Ivan wants a hug.

Hama: With three lighthouses lit, the elements are out of balance! You must light Mars Lighthouse ASAP!

Jenna: But Agatio-

Hama: *uses Psynergy* He won't light Mars Lighthouse.

Felix: Why not?

Hama: *uses Psynergy again* A terrible force stands in their way. To light the final lighthouse, you must conquer that force!

Mia: So whatever happens, we have to light it...

Ivan: (stupid Hesperianses)

Sheba: IVAN.

Ivan: ^_^; Sorry!

Piers: Lighting lighthouses are fun anyway!

Sheba: You weren't on Venus Lighthouse!

Garet: Venus Lighthouse was scary.

Hama: Jupiter is growing stronger-

Ivan/Sheba: Yay! ^_^

Hama: And with every passing second, the north grows even chillier!

Kraden: Hmm... it's to do with the Wind element I think!

Everyone: Shut up, Kraden!

Hama: Light the Mars Lighthouse before Weyard freezes!

Piers: Sounds like it's going to be worse than what a thousand Boreases could do.

Hama: You will fail against that force too, unless you pool your strengths together and fight as one!

Isaac: As one...

Kraden: We should go now!

Hama: Kraden's right, you must go now. I'm glad you feel that way. Oh, and I've prepared a gift to aid you on your way to the Mars Lighthouse. I'll go now, meet me at the inlet!

Hama leaves.

Jenna: (To Isaac and Gareth) I'm sorry about leaving Venus Lighthouse without seeing you and sorry for making you worry... (To Felix) Lets all go on a trip together when all this is over! =D

Sheba: You seem calm considering we're going to fight a 'deadly foe'.

Mia: :) Im just glad we're all together ^_^

Jenna: Aw come on, we've fought loads of 'deadly foes'.

Piers: I'm glad too, Mia, we could not have stood undivided against this force that is stopping Agatio and Karst.

Garet: I guess I'm a teeny weeny bit happy we don't to beat Felix up... ^_^'

Isaac: (to Gareth, Ivan and Mia) Listen, this is Felix's quest, we're just going to do what we can to help him.

Mia: I have furbies! =D

Ivan: I have forks! ^_^'

Garet: I've got chocobos! =D

Jenna: I have Inu!

Inu: Erro!

Sheba: I've got Voodoo Dolly!

Isaac: And I have Force ^_^ *holds up Force Orb*

Mia: No... Force...

Isaac: Oh come on Mia.....

Jenna: Aren't you happy, Felix? =D

Felix: Of course ^_^ Except... one problem...

Sheba: A problem?!

Felix: (whispering to other Adepts) Its called Kraden.

Other Adepts: Oh!

Kraden: What? Felix, what's the problem?

Felix: We just need to get the Mars Star back ^^ But Im sure we will.

Kraden: Oh..... right.... well, everything's finally come together! This is how it was meant to be! But Hama's waiting for us, lets get to our ship!

Everybody leaves and rushes to Atteka Inlet where they discover the ship has wings and Hama is there.

Hama: :) I've been waiting for you, Felix. Look at the ship. It's got Anemos wings! Use the power of Hover to fly the ship. Yes, I saw you get Hover, I can see the future and stuff like that after all. The wings will let the ship fly! And certain obstacles will no longer be obstacles. Be warned though, you might not be able to go very high since this is your first flight but a

bit of practice
should help. Now fly! All of Contigo is watching!

Felix: You talked a lot.

Hama: Had to.

Felix: I see.

Ivan: See you soon, Hama.

Hama: Take care, Ivan.

Everybody gets onto the ship and Felix goes to the tiller as usual.

Felix: Watch us... fly!

Man: WAIT! WAIT!

Felix: ???

Man: *walks up lugging chest* Gift for Ivan!

Hama: Oh, Ivan, it's a gift from-

Ivan: Moapa? =D

Hama: Hammet.

Ivan: Oh.

Sheba: Moapa doesn't even know you... twit.

Ivan: Huh! *rushes to open chest and lifts out an Orihalcon covered in silkworms* Fantastic...

Hama: I dropped by in Kalay on my way here. Hammet's very upset that you still like cheese. He's a strange guy.

Ivan: Yeah... he's completely whacked.

Hama: Well... off you go!

Ivan rushes back on the ship and it finally moves, rocketing off into the air.

Adepts: AUUUUUUUUUUUUUUUUUUGH!

Kraden: COOOOOOOOOOOOOOOL!

At last, the ship comes down with an almighty splash and nearly everybody sighs in relief.

Isaac: It... works. ^_^

Ivan: What are we waiting for? We need to go to Hesperia!

Mia: Ivan, do you remember Hammet telling you about Hesperia?

Ivan: Umm...

Garet: He said you needed the rod for something...

Isaac: To find a special item needed on the quest.

Jenna: And that was...

Felix: The Hover Jade we got in exchange for the Shaman's Rod.

Piers: In order to light Jupiter Lighthouse.

Ivan: Oh, I see! ^_^ *strokes a silkworm* These silkworms are so cute.

Mia: *screams* Silkworms in my hair again! =O

Garet: DIE, SILKWORMS! *starts blasting at them with Psynergy*

Felix: Stop that, you'll burn the ship!

Piers: No Psynergy on my ship!

Jenna: What about Hover?

Piers: Except Hover.

Sheba: And Grind?

Piers: AND GRIND! -_-+

Felix: And Teleport?

Piers: YES!

Kraden: I must conduct a study of these silkworms-

Garet: Guys... the quest...

Mia: Oh yeah! The quest to... um...

Isaac: Was it for cheese?

Ivan: Cheese!

Felix: So... where's the cheese?

Mia: We don't know yet.

Ivan: These silkworms are very special! They can make silk!

Jenna: Ill put some in my pocket then.

Isaac: You already have some in your hair...

Jenna: >=|

Sheba: =\

Ivan: What's wrong, Sheba?

Sheba: I thought I'd find my family. I thought I'd find out who I was...

Ivan: I was so happy to find my sister, I didnt consider your feelings.

I'm sorry, Sheba.

Mia: Hey, it could have turned out worse!

Sheba: ???

Mia: You might actually have been Ivan's sister!

Sheba: *shudder*

Felix: And the Windshippers wouldn't be happy...

Director: STFU and get on with it!

Isaac: Um, I remember the people of Lalivero saying she fell from the sky!

Jenna: Maybe she's an alien.

Sheba: Maybe I come from Anemos and that's the moon....
so yeah, I'm probably
an alien, I guess...

Garet: Pleased to meet you, alien!

Sheba: ... *casts Spark Plasma*

Piers: HEY!

Mia: The furbies say that we'd better get on with the quest
or they'll grow
fangs and go insane-

Ivan: Uh, we should get going!

Isaac: Okay. Felix, we should head to Shaman Village Cave, I
have a feeling
that we should.

Felix: Okay. But we'll not get to Shaman Village itself. Jenna
and Sheba caused
quite a stir there.

Jenna/Sheba: >=)

Piers: They were making fun of poor mute Hesperians.

Isaac: Oh...

Ivan: Mute?

Kraden: They refused to talk to us. Jenna and Sheba used
that advantage to insult
them and get away with it.

Mia: Wow... o_o

Garet: Fantastic! What is it with crazy Adepts? *twitches*
That Spark Plasma hurt.

Felix: Lets set sail!

The ship rises up and starts flying to the north. The Adepts start up a song, and amazingly Felix actually starts the song...

Felix:

We're flying over the sea,
And now it's obstacle free.
And it's so fun to fly,
The whole land below to espy.

Jenna:

Travelling's what it's all about,
The Valeans are lazy louts,
But not us, no, we're not,
We gotta light the lighthouse that's hot!

Garet:

The quest will soon end to the north,
But when will cheese come forth?
I've wondered what the quest is for,
Now it's so exciting it's not a bore!

Isaac:

We're rushing to meet a 'deadly foe'
Together we won't lose, oh no!
Adepts together, the way it should be,
One for all and all for one, you and me!

Mia:

We're the Adepts, we're a mighty force!
We're so busy, we can't pause!

Sailing in the sky,
I'm so happy I could cry!

Sheba:

Even though I didn't find out my past,
I'm just happy, now we can travel fast,
On this beautiful flying ship!
In the sky, it's just a tiny blip!

Ivan:

Running out of things to sing,
I'll just continue merrymaking!
Even though I lost the Shaman's Rod, a prized thing,
I found my sis and a birthplace to live in!

Piers:

The story's not over yet,
And it will end happily, I bet,
We're the Adepts, together at last,
And we're racing to get the Mars Star off Agatio and Karst!

11. Chapter 11

Golden Sun: The Lost Tale

Just a few more chapters to go... hurray...

[Studio]

Isaac: The real insanity starts now!

Ivan: We are absolutely not going to be sane.

Jenna: Sanity is boring.

Sheba: Agreed.

Felix: Let's piss off Gaylord as much as possible.

Isaac: Archibald.

Garet: Napoleon!

Jenna: Melvin!

Mia: I just call him Mr. Director...

Piers: You are much nicer than they are, Mia... >_>

[Shaman Village Cave]

Ivan: My precious... is so close...

Sheba: Ivan! Shut up about the Precious!

Ivan: Make me!

Sheba: Fine! I will!

Jenna: :o Sheba called it the Precious!

Sheba: Er, so?

Isaac: It's as if you're agreeing with Ivan that it's truly precious!

Sheba: v_v I meant the Rod of Hesperia, okay?

Garet: Just why are we stuck in a stupid cave?

Jenna: We are not stuck, Garet -_-'

Isaac: Someone's here!

Felix: Well, WE'RE here.

Isaac: No, it's somebody else...

Mia: Like who?

Piers: This place is not the most accessible place on Weyard you know.

Kraden: However this place is somewhat easier to reach than Prox.

Piers: Whatever!

The bored Adepts walk on and on, before being stopped by a voice.

???: I've found her!

Jenna/Mia/Sheba: Her? o_O

Sheba: Oh no! Maybe it's Insane Laliverans and they have come to take me back and I'll never be free!

Felix: Don't worry, we won't let evil Laliverans take you back, Sheba!

Isaac: Who's there?

Out of the darkness steps three imposing warriors from Colosso...

Azart: My name is Azart.

Satrage: It is I, Satrage! The great Satrage!

Navampa: I am Navampa, fear me! >=D

Mia: Uh oh..... o_____O;;;;

Jenna: You know these guys, Mia?

Mia: I... sort of...

Azart: You cheated.

Satrage: You threw furbies at us!

Navampa: And you're just a little girl!

Kraden: Now, now, I am sure that Furby throwing is just as much as a skill as a warrior's power!

Navampa: LIAR!

Satrage: We're going to show you, little girl!

Azart: We'll prove you cheated.

Mia: Grrr. Sexist pigs.

Jenna/Sheba: We want to help! :D

Mia: Alright!

Jenna/Mia/Sheba: Say goodnight, sexists!

Azart/Satrage/Navampa AKA the Three Stooges: Bwahahahaha! >:D You're going down, you inferior girlies!

Mia: All this sexism... I cant take it any longer...

Jenna: GO, INU!

Inu: errrrroooo! *tries to bite Navampa but his teeth clanks uselessly against his armour* Ero?

Mia: ^_____^; Jenna... maybe you should take on Azart.

Jenna: ... Fine!

Mia: I'll take Navampa >=)

Sheba: So, I am stuck with Satrage. *pulls out Voodoo doll and starts frenziedly stabbing it with pins*

Satrage:
OOOOOOOOOOOOUUUUUUUUUUUUUUUUUUUUUUUCCCCCHHHHHHHH
!!!!!!!!!!!!!!!!!!!!!! *collapses, twitching erratically*

Sheba: I win! ^_^

Mia: DIE! *flings giant furby at Navampa*

Navampa: *dodges* Hahahaha! >=D I have trained at dodging furbies!

Mia: Oh, crap... uh... >=| MACE BASH! *starts violently bashing Navampa about with mace and he collapses, severely injured from Mia's mace somehow*

Guys: o_____o' Ooooooooookay.....

Sheba: Wow... those are some dents he has in his armour!
^_^

Azart: Hahahaha! My opponent is a puny girl! This should be easy!

Jenna: I'm sick of sexism... GO, SILKWORMS!

Jenna summons the silkworms out of her pockets (and hair...) and they start stringing Azart up with silk and smacking him all over the place. When the silkworms have finished, Azart is indisposed.

Girls: We did it! Yahoo! =D

Ivan: O_O Those silkworms are useful!

Jenna: My new pets ^_^ Lets see, I'm calling this one Silky, and this one Whitey, and this one Wormy.....

Everybody else promptly ignores Jenna as she names all her silkworms and turn their attention to the fallen Colosso warriors.

Navampa: O...k... maybe you... didn't... cheat...

Satrage: We're..... sorry..... forgive us.....

Felix: Depends.

Mia: >=\ I don't know...

Azart: Please! Here, you even get this nice Golden Shirt! Come on, everybody, lets scarper before they kill us!

The Three Stooges get up screaming and flee from the cave.

Mia: Nahhh, I don't think I'll forgive them -_^

Garet: Why?

Mia: Because they were mean.

Garet: Why?

Mia: Because they were sexist jerks!

Garet: Why?

Mia: Because... they suck

Garet: Why?

Mia: Because they are pathetic men who need to get a life.

Garet: Why?

Mia: Because their dads made them men and I'm not sure why they don't have lives.

Garet: Why?

Sheba: Garet, shut up!

Garet: Why?

Sheba: (in very sweet voice) Because I might cast Spark Plasma.

Piers: On you, naturally, Garet ^_^

Garet: Why?

Sheba: ^_____^ *casts Spark Plasma*

Garet: *twitches* W-why!?

Sheba: *casts Spark Plasma again*

Jenna: Come on, Sheba that's enough. You'll kill him at this rate.

Isaac: I don't think anything else is going to happen in this boring cave.

Ivan: We must see the Moapases!

Sheba:

Jenna: We can't.

Ivan: Why?

Felix: Because of Jenna and Sheba riling up the Hesperians.

Piers: They might try to beat us up or something.

Mia: Sounds like it's too dangerous to go into Shaman Village.

Isaac: We should go somewhere else then.

Ivan: Lets just go back to Contigo!

Jenna: Yes! Let's! I'm worried a rabid Hesperian might pop out of a tunnel at any minute and try to kill us!

Sheba: And I'm running out of Psynergy from all the Spark Plasmas...

Garet: *twitches* Unnnnnhhhh...

Isaac: Garet, we're on a mission for CHEESE ^_^

Garet: *jumps to his feet* Shut up, Isaac!

Felix: We got to get the Mars Bar back...

Kraden: I do believe that the real name is Mars Star and that the Proxian warrior known as Agatio currently has it-

Everybody: We know that, Kraden!

Felix, Jenna, Sheba, Piers, Isaac, Garet, Ivan, Mia and Kraden return to the ship and set sail back to Atteka, where they go to Contigo and to Hama's house.

Ivan: Hama...

Hama: Hello, Ivan. Welcome to my house.

Ivan: Um...

Hama: What brings you here?

Ivan: Why didn't you tell me you were my sister when we met in Lama Temple?

Hama: -_- ' Ivan, you are too sentimental!

Ivan: But-

Hama: You cry over a simple wooden object!

Ivan: T_____T

Hama: You glorify food!

Ivan: Cheese...

Hama: Cheese is food!

Ivan: Sister...

Hama: No! Do not think of me as your sister until the quest is over!

Ivan: =\

Hama: If I'd told you sooner, you would have come earlier and the world would be doomed! Doomed, I tell you!

Kraden: I couldn't help hearing, what do you mean the world is doomed?

Felix: You haven't been listening, have you?! -_-+

Isaac: Is something... wrong?

Hama: Well...

Ivan: ... T_____T

Hama: The elements are out of balance. Three lighthouses are lit and the world is growing much cooler.

Isaac: Why is that, Master Hama?

Hama: The Mars Lighthouse is dark and there is no heat...

Kraden: But we need heat, do we not?

Felix: Noooo, we can be popsicles instead!

Isaac: We'd die!

Felix: The whole point of being a popsicle...

Isaac: o_O Um, ok...

Ivan: Ice lollies! =D

Hama: No, Ivan, we can't have ice lollies! The Mars Lighthouse must be lit! The three elements are fighting for control over the world!

Kraden: I wonder why...

Hama: Jupiter was lit, and the wind makes things cooler.

Isaac: Oh yeah! When I burn my finger, I blow on it without thinking!

Ivan: Water cools things down, so why didn't Mercury have this effect?

Hama: Well, it could be that water cools things down slower, or the combined effect of wind and water is making the world colder much faster.

Ivan: Yeah! My finger feels much cooler when I lick and blow on it!

Isaac: Lets stop saying lick and blow, we're starting to sound like a porn movie.

Felix: Either that, or you've been subjected to too much of Sheba's perverted jokes.

Isaac: Perhaps...

Kraden: This sounds bad! We should go ASAP!

Ivan: Yeah. Sorry, I just wanted to...

Isaac: It's ok, you can't help being so sentimental...

Ivan: Huh...

Hama: Im glad you cared Ivan :) But you must go.

Ivan: Yeah... v_v

And so, the Adepts and Kraden leave Hama's house.

Kraden: We must go straight away!

Jenna: No! Party first! =D

Mia: But what do we have to celebrate?

Jenna: Hmm...

Sheba: The world is being destroyed!

Garet: So, no time for parties? =\

Piers: No, no time for parties.

Ivan: We have to save the cheese =D

Isaac: I don't get it... I thought we WERE saving cheese, but now we still are?

Jenna: Well, if Weyard shrinks or freezes over, we'll be dead and can't have cheese.

Isaac: Or maybe it's just a giant hoax.

Garet: You mean there's no cheese?

Ivan: =O No! There IS cheese! There must be! Somewhere...

Mia: Are we recovering cheese?

Isaac: Maybe the elemental stars are cheese!

Felix: Well, we haven't got any elemental stars so it's a bit difficult to find out!

Kraden: That is interesting. That Alchemy is unleashed by cheese...

Piers: It all sounds ludicrous to me.

Ivan: NO! :[Respect the cheese!

Mia: They're candy! =D

Jenna: Well, nobody's tried to eat them, so we can't find out can we?

Garet: I want to eat an elemental star!

Isaac: =O The elemental stars are for throwing in the lighthouses, not for eating!

Piers: Get real, they are just rocks!

Ivan: Cheese!

Piers: Rocks!

Kraden: I have a solution! Perhaps the elemental stars are really cheesy rocks!

Ivan: No! Rocky cheese!

Mia: *sighs* Ivan, do you have to be so obsessed with cheese?

Ivan: Yes! Cheese is my friend! :o

Felix: ... We should go. Now.

Isaac: Sorry, Ivan's just... ugh... let's just leave him behind...

Ivan: No! I'm sorry! Lets go then!

Mia: Finally!

Piers: I'm not saying anything...

Garet: But you were!

Sheba: CAN WE GO NOW?!

Jenna: Okay! We'll set off for... lets go visit Vale!

Felix: No o_____O'

Jenna: Awwww!

Isaac: Mom told me not to return... until the quest was over...
T_T

Felix: That stinks, but she's right. The quest is more important.

Garet: *sniffle* I miss Vale ;_;

The Adepts and Kraden get onto the ship and head off to Magma Rock. They do a bunch of boring stuff and then get the Magma Ball and Blaze Psynergy for Jenna, and then head to Loho.

Garet: I wonder what this stupid ball is for...

Ivan: It is called a Magma Ball.

Isaac: A ball made of magma. How clever.

Jenna: It might make a good weapon >=)

Felix: But how?

Sheba: I wonder... *sees the cannon* OOH!

Mia: What is it?

Sheba: !!! *points at the cannon*

Felix: Oh... no...

Jenna: YES! =D

Sheba: The cannon! =D

Ivan: Cannon + Magma Ball... OOH! >=)

Felix: I don't think...

Piers: Is it wise?

Isaac: I wonder if we should?

Garet: Cool! =D

Mia: Won't the villagers mind?

Sheba: Don't be such a wuss! *approaches random Lohonian* Excuse me, can we blow that wall up?

Random Guy Living in Loho: I wish... we need to remove that wall =\ But that cannon, how do we use it?

Jenna: See? =D They want us to! >=)

Felix: Well... in that case...

Isaac: Go ahead!

Mia: Just don't kill anybody!

Piers: Otherwise we'll be in big trouble.

The Magma Ball is placed into the cannon...

Adepts: BOMBS AWAY!!!!!!!!!!!!!!!!!!!!!!

Loho people: *scream as they hear massive explosions and crashes and booms*

A minute later, after the smoke clears, the wall is gone and so are the Loho villagers, hiding underground somewhere.

Jenna: Lets pinch this cannon!

Isaac: It could be useful.

Felix: Well, they weren't using it...

Garet: Yay! We got a new cannon!

Sheba: Fantastic! Now we can blow up towns!

Mia: Sheba! I'm appalled! :o

Ivan: We could blow up Lunpa ^_^

Piers: Or Alhafra!

Kraden: I do believe that we should make off with this object called a cannon as quickly as possible before the villagers come out of hiding and punish us.

Felix: Oh, right!

The Adepts quickly haul the cannon out of Loho and fix it onto the ship then set sail as angry Lohonians stand outside the village, shouting and waving. Ivan and Sheba wave back, but they are not amused. The ship heads to the North, towards Prox.

12. Chapter 12

Golden Sun: The Lost Tale

Insanity is so fun...

[Studio]

Felix: So, we're going to Prox this chapter.

Jenna: But that's not all we're going to do.

Ivan: You mean we'll actually do sidequests?

Isaac: We totally skipped Crossbone Island.

Mia: Eh, it's only worth going for a Djinni and the Cleric's Ring anyway. It's not like we missed out on anything major.

Garet: She has a point...

Sheba: But we're going to have a lot of fun...

[Prox]

Isaac: ICEBERG!

Felix: Don't be dumb, the sea's full of ice!

Jenna: It's dangerous! There's giant icebergs lurking!

Garet: Hope the ship doesn't get sunk =\

Piers: If we're very careful, it won't...

Ivan: But that iceberg over there's blocking our way.

Sheba: How are we supposed to get to Prox?

Mia: There has to be a way! =\ How did Agatio and Karst get through?

Isaac: How did Karst and Agatio get through Jupiter Lighthouse without a Wind Adept?

Felix: Perhaps Alex warped them...

Mia: Die... Alex... *grinds teeth* >=[

Ivan: I think the Adepts of each type are only required to OPEN the lighthouses...

Felix: I opened Venus Lighthouse! ^_^

Mia: And the evil Alex opened the Mercury Lighthouse, and then I did too with our Ply Psynergy...

Isaac: I suppose Venus Lighthouse just didn't really want to close itself...
and Jupiter didn't either.

Garet: I'm bored! Can we get to Prox or not?

Kraden: I do think that we should try committing wanton destruction with that object you would call a cannon, using the ammunition called Magma Ball you gained in Magma Rock and shoot it at that imposing iceberg to get to Prox!

Sheba: ... I think he said to use the cannon...

Piers: Great idea! =D

Felix: On the ship?!

Jenna: Of course!

Isaac: Guess we've got no choice.

The Adepts quickly rush to the cannon, load the Magma Ball in...

Adepts: CHHHHHHEEEEEEEEEEEEEEEEESSSSSSSSSSSE!

With an almighty boom, the Magma Ball strikes the iceberg and ice goes flying everywhere. The screaming Adepts duck for cover as a mini tidal wave is caused which sends the ship sailing all the way to the frozen part of the river near Prox.

Felix: Whew... that was... too close.

Piers: My ship! =O

Mia: Is it alright?

Piers: It had better be.

Isaac: At least we can continue to Prox now.

Garet: I'm cold!

Jenna: Oh be quiet, Garet! Are the blizzards supposed to be this bad?

Felix: They weren't this bad last I checked.

Kraden: I do believe that we should make haste to the village known as Prox before we catch our death of cold.

Ivan: Basically Kraden's cold and wants to get to Prox...

Kraden: Yes, I am! >=[

Felix: And it's all because Mercury and Jupiter are lit ^_^

Garet: *sigh* Will we see the ocean?

Jenna: Uh... Garet, we've been sailing on it.

Garet: Really? Because everyone was calling it a sea...

Jenna: ... You dumbass.

Garet: I thought a sea and an ocean were different things! Isn't the sea landlocked and the ocean isn't?

Jenna: Well... huh. The Great Eastern and Western Sea aren't landlocked.
Why aren't they called oceans then?

Garet: T_T This is so confusing...

Kraden: Eh, I guess Sea sounded better than Ocean.

Ivan: But, regardless, those seas are the ocean!

Kraden: There you go!

Jenna: Happy now, Garet?

Garet: I guess...

Sheba: This is so pointless...

Felix: No kidding...

The Adepts fly the ship closer to Prox and then get off, walking into Prox.

Proxians: !!!

Felix: ???

Proxians group around Adepts excitedly.

Prox Villager: (singing)

It was less than a month ago,
That we did begin to feel sorrow,
For we'd heard two warriors fell,
Saturos and Menardi, whose story they can never tell.

Prox Villager # 2:

Before that, Agatio and Karst left Prox,
Worried because Saturos and Menardi were taking forever,
For we're growing closer to the brink,
At this rate we're probably going to fall in the drink!

Prox Villager # 3:

They came back with faces pale,
and their news made us wail.
We cried to hear Saturos and Menardi would never return,
And Felix, we're happy to see you've returned.

Prox Villager:

We heard of one named Isaac who supposedly slew them,
But so long as Mars is lit soon,
We're happy, even if lives were lost.
Alas, Agatio and Karst are taking too long!

Prox Villager # 2:

Go see the Village Elder and Puelle!
When they see you, their hearts will swell-

Felix: That's enough, we get the picture. Sing any longer
and the lighthouse
might fall off Gaia Falls and then where will we be?

Proxians: *scream and run back to their original positions*

Isaac: *gulp* I hope nobody tries to kill us...

Mia: Can't we tell them it was suicide?

Ivan: We could try.

Garet: Is their food good?

Felix: No, it's rubbish.

Garet: Aww!

Jenna: Where are our parents?!

Isaac: Yeah, I want to see my dad!

Sheba: Will we have time for snowball fights?

Piers: Maybe later.

Felix, Jenna, Isaac, Garet, Mia, Ivan, Sheba, Piers and Kraden go to the house where the parents are supposed to be kept hostage. They are stopped when a Proxian comes out of the house to greet a woman standing outside.

Man: They're gone.

Woman: =\ They're not there? Then where could they be?

Man: We've searched the entire village, everywhere except the Lighthouse...

Woman: But surely they wouldn't...

Felix: Ahem...

Jenna: Where are Mom and Dad?!

Isaac: Isn't Dad here? =\

Woman: We were supposed to free them when Felix returned to Prox but they're not here. This is stupid...

Man: Oh no, Puelle is not going to be very happy...

Jenna: Mom and Dad did a runner?! That's so typical!

Garet: Aren't you being a tiny bit unfair?

Jenna: Shut up, Garet!

Felix: Then we're just going to have to go straight to the Lighthouse...

Felix and co go up to the edge of Prox and meet Puelle and Prox Elder.

Prox Elder: Look! Its Felix!

Puelle: Felix, you've returned!

Felix: Of course ^_^

Elder: Could you do us a favour?

Jenna: What is it?

Puelle: Um, Agatio and Karst are taking a long time, and Elder does not want me to go to the Lighthouse, so could you check up on them?

Felix: Alright.

Isaac: Um...

Elder: Yes?

Isaac: I'm Isaac...

Soldier: You're Isaac?

Isaac: !!!!!!!!!!!!!!!!!!!!!!! *hides behind Felix*

Kraden: Isaac, stop that!

Isaac: *edges out from behind Felix* ^_____^ ;;;;;;
Meep...

Soldier # 2: You defeated Saturos and Menardi?

Isaac: Ye-yes...

Soldier #3: Agatio and Karst said you... killed them...

Garet: No! That's not what happened!

Soldier #4: It's not?

Isaac: We barely defeated them...

Mia: They jumped down the lighthouse!

Soldier #5: Did they fight well?

Ivan: Yes!

Soldier #6: It must have been scary.

Isaac: It was...

Puelle: I suppose you went after them because they robbed your hometown.

Isaac: Yes. We didn't give them a chance to explain =\ If they had, we might have treated them differently but...

Elder: Well, you are truly strong warriors to have beaten Satty and Menny!

Good luck in the Mars Lighthouse!

Sheba: Thank you. We'll try our best.

Piers: Well, let's go then.

*Felix, Jenna, Isaac, Garet, Ivan, Sheba, Mia, Piers and Kraden continue to Mars Lighthouse and do a bunch of stuff like getting burnt to

ashes, breaking
ice and then they meet two dragons encased in ice.*

Jenna: Cute dragons!

Sheba: Why are they like that?

Jenna: Its weird, isn't it?

Ivan: I wonder who they are?

Mia: They look like they could be in pain.

Ivan: You're joking aren't you?

Mia: Huh?

Ivan: They are too cold to feel any pain in there!

Mia: Oh!

Piers: *taps the ice* Hello?

Felix: We... probably shouldn't disturb them...

Isaac: Sometimes it's best to leave dangerous creatures in peace right?

Mia: But we've gone nearly everywhere and still haven't found Agatio and Karst!

Piers: And this pink and blue decor is not how I would have imagined Mars Lighthouse to look...

Ivan: We're supposed to be saving the world! Never mind the decor!

Jenna: Ooh! Torches for me to use Blaze on!

Felix: No! Wait!

Jenna however ignores him and rushes around using Blaze on the torches. Two fireballs come out and crack the ice but the dragons are not yet free.

Felix: Phew -_-'

Sheba: Next we use this =D *holds up Burst Brooch*

Isaac: You... wouldn't... would... you?

Felix: We're doomed!

Sheba: >=) *uses Burst*

Mia: I could be being silly, but I don't think those dragons will be in a very good mood when we wake them up.

The ice cracks and the dragons emerge, stomping and roaring.

Felix: Lovely, we're fighting two dragons!

Isaac: Notice how they're different sizes?

Ivan: Hmm...

The battle progresses, with the dragons using familiar Psynergy such as Meteor Blow or Aura.

Sheba: Why does this seem so familiar?

Piers: It's funny. The big dragon's the same size as Agatio and the little dragon's the same size as Karst.

Mia: If Saturos and Menardi could become dragons...

Ivan: Then...

Felix: We must be fighting...

Jenna: Agatio and Karst!

Big dragon: *farts*

Mia: Peeyew! We're definitely fighting Agatio and Karst!

Garet: Gross...

Soon, the battle is ended and the dragons transform into Agatio and Karst lying on the floor.

Karst: Cold... so cold...

Felix: =\ I think they're dying...

Agatio: Felix?

Felix: Er, yes...

Agatio: take..... the Mars..... Star..... *drops it*

Isaac: Yes! The Mars Star!

Garet: Mars Bar!

Ivan: Cheese!

Karst: Save..... Prox.....

Jenna: We will!

Agatio: Big eye... said we could go no further...

Mia: Probably a bit crazy....

Isaac: Big eye?

Sheba: o_O You serious?

Felix: *picks up Mars Star and goes to the dragon head and activates the Lighthouse*

Piers: Now this is what I was expecting!

Garet: Cool!

Jenna: Now its reddish-orange and green! =D

Mia: It's warm now, not cold anymore...

Ivan: Are we going to leave Agatio and Karst here?

Felix: We don't have any choice.

The Adepts and Kraden do some more lighthouse stuff and they activate the portal which leads to the aerie, but pass for now.

Felix: The next thing to do is... the four guardian bosses! =D

Sheba: Sentinel...

Jenna: Valukar...

Piers: Star Magician...

Felix: And Dullahan.

Ivan: Maybe we should pass...

Mia: Oh come on, there's nothing to worry about!

Isaac: I bet they are really easy! ^_^

Garet: Cool! Lets go! =D

Felix and company leave the Mars Lighthouse, leave Prox and teleport to Treasure Isle, where they do a bunch of stuff and then reach Star Magician.

Star Magician: BWAHAHAHAHA! Fear my balls!

Sheba: Oh, GROSS!

Felix: No! He means-

Sheba: Disgusting!

Felix: I give up.

Sheba: Foul and distasteful!

Jenna: He means those spherical objects he's got floating around him.

Sheba: But still, 'fear my balls' sounds like he's going to, well...

Ivan: Sheba, please!

Sheba: Why couldn't they have made them cubes instead?!

Piers: She isn't going to shut up, is she?

Sheba: At least then 'fear my cubes' wouldn't sound so bad!

Isaac: SHEBA!!!

Sheba: The Star Magician is the most perverted, dirtiest creature ever!

Garet: Just like you!

Sheba: *casts Spark Plasma*

Director: Sheba! You're fighting the boss, not Garet!

Sheba: Huh...

Garet: Ow ow ow...

Director: And from now on, we shall call them SPHERES! Got that, Star Magician?

Star Magician: Bwahahaha! Fear my spheres!

Felix: That's better -_-'

Jenna: Can you imagine? People saying the Star Magician is hard to beat...

Sheba: Because of his balls!

Ivan: That's just... wrong...

Star Magician: *sobs* You mock my spheres...

Piers: Well, it might be better if they weren't called... balls.

Star Magician: That's it! I'm having nothing more to do with you perverted Adepts! AUUUUUGH! *flies down into pit*

Felix: He... committed... suicide...

Isaac: Great! Now we can just nab Azul!

The Adepts receive the Azul summon, leave and teleport to Yampi Desert Cave where they go to fight Valukar.

Valukar: Hi! >=) Come in, come in!

Felix: Most bosses aren't enthusiastic to meet us.

Valukar: But I have a surprise for you! =D

Sheba: That's nice...

Jenna: What is it?

Valukar: Well, I'm still practicing but I'll try. *does funny stuff to the Adepts*

Garet: No! My Djinn are on standby!

Isaac: Wait, all our Djinn are on standby?

Mia: Cool... >=)

Valukar: Well, I think that's what I'm supposed to do.

Ivan: Thanks.

Valukar: Er, no problem ^_^;

Piers: You've made things easier. *summons two Boreases*

Mia: And for that, we're nominating you as best boss!
summons two more Boreases

Valukar: I'm... honoured... ow! Why are you hitting me?

Ivan: We just want to test our summons ^_^ *summons two Thors*

Valukar: I... see...

Sheba: It's quite fun. *also summons two Thors*

Valukar: But...

Felix: But what? *summons two Judgements*

Valukar: Couldn't you make it...

Isaac: Make it what? *summons two more Judgements*

Valukar: A bit... less painful?

Jenna: No chance, bozo! *summons two Meteors*

Valukar: Bozo! What kind of name is that for a friend?

Garet: You were never our friend, creep! *summons two more Meteors*

Valukar: AUUUUUUUUUUUUUUUUGH! *collapses and dies*

Kraden: He really was kind of nice though, making the fight so easy for us.

Felix: Yes, he was, wasn't he?

The Adepts receive the Daedalus summon and then leave, teleporting to Sea of Time Islet Cave where they go to meet Sentinel.

Sentinel: Hi! >=D

Felix: Hi. What's your trick?

Sentinel: I'm immune to Psynergy.

Jenna: Oh no, you're joking...

Sentinel: Afraid not...

Sheba: But you can't be immune to summons right?

Sentinel: Maybe not...

Piers: We just did loads of summoning...

Isaac: We might as well try a brand new tactic. Hey, Gareth!
whispers to Gareth

Gareth: Er, ok... *approaches Sentinel*

Sentinel: ...

Gareth: H-hi... what's your name?

Sentinel: Sentinel.

Gareth: What's a sentinel?

Sentinel: I am Sentinel.

Gareth: Why?

Sentinel: Because I am one.

Gareth: Is your mother a sentinel?

Sentinel: Maybe.

Gareth: Why?

Sentinel: I do not know.

Garet: Why?

Sentinel: I just don't.

Garet: Why?

Sentinel: Because I do not know her!

Garet: WHY?

Sentinel: Because I am not a mere mortal human!

Garet: Why?

Sentinel: Because I am a monster!

Garet: WHY?

Sentine: Because I was made that way!

Garet: But WHY?! You still haven't answered my question!

Jenna: This is getting ridiculous...

Sentinel: I don't know what a question is!

Garet: Why?

Sentinel: Uh... I don't know!

Garet: Why?

Felix: The Sentinel's stupider than Garet...

Sentinel: Just... because.

Garet: Why?

Sentinel: ... because.

Garet: WHY?

Sentinel: I can't take anymore of this!!!!!! *stabs self with sword and dies*

Felix: Another case of suicide -_-'

Sheba: Well, it's easier than doing a bunch of complicated stuff.

Ivan: If only real life was that easy...

Mia: Only one more boss to go!

The Adepts receive Catastrophe and then teleport to Anemos Sanctum, getting Charon on the way, then go on to find Dullahan.

Dullahan: >=) You will never defeat me.

Jenna: We know your secrets.

Dullahan: Huh?

Ivan: It's quite simple. We read your mind.

Dullahan: M-my mind?

Sheba: We know EVERYTHING.

Dullahan: E-everything?!

Jenna: Uh-huh.

Felix: We know why you've been hiding down here.

Dullahan: S-surely not...

Mia: And we bet that people would love to hear your secrets.

Dullahan: !!!

Piers: How you hid here after killing those bullies who picked on you for having no head...

Dullahan: NOOOOOOO!

Ivan: You had quite a temper.

Sheba: And what you did with your head was quite interesting indeed.

Dullahan: Nooooooooooooooooooooo! *jumps over the Adepts into the pit*

Felix: Too easy...

Ivan: It's meant to be messed up anyway.

Sheba: Excellent! The last summon! =D

Isaac: Just how could something headless be alive anyway?
o_O

Garet: They had no brain or anything...

Mia: Creepy...

The Adepts receive Iris then they teleport back to Prox, return to Mars Lighthouse and go up to the Mars Lighthouse Aerie...

13. Chapter 13

Golden Sun: The Lost Tale

Second to last chapter... so close to the end.

[Studio]

Garet: We're doing Mars Lighthouse now!

Isaac: *sigh* The giant doll again, right?

Ivan: It probably will be.

Isaac: I'd rather take on Doom Dragon.

Felix: Me too.

Jenna: And me...

Sheba: But I guess the Wise One just likes to be cruel to us...

Mia: T_T He's mean.

[Mars Lighthouse]

Felix and company walk up to the aerie...

Voice: Betrayers! So you have arrived!
BWAHAHAHAHAHAHA!

Felix: !!! Who was that?!

Isaac: Oh no!

Felix: ???

Isaac: *turns pale* It might be Chucky!

Garet: Remember when Isaac was a kid?

Jenna: Oh yeah, and Garet drew all over this doll and wrote
'CHUCKY' on its
forehead in ketchup...

Felix: And then he put it in Isaac's bed...

Garet: And I hid under Isaac's bed...

Isaac: And then I went to bed...

Jenna: And Garet...

Garet: I started laughing and Isaac found the doll and I was
saying freaky stuff!
And I even made Isaac cry!

Isaac: M-mon threw Chucky in the garbage... but... WHAT IF
CHUCKY'S BACK?!

Jenna: You're weird, Isaac.

Isaac: But the evil laughter...

Felix: Anybody could laugh like that if they tried.

Ivan: Interesting, but what WAS that voice?

Isaac: Chucky!

Sheba: Oh come on, you think the voice is coming from a doll?!

Isaac: *trembles* It might be Chucky's revenge...

Mia: And why would Chucky want revenge?

Isaac: B-because I made Mom chuck him in the garbage!

Piers: But the voice said betrayers, how can we all be betrayers?

Isaac: Hmm...

Voice: You came to light Mars Lighthouse?

Kraden: Well, of course we did! You don't think that we decided to come all the way up here just so that we could get the chance to have a better look at Gaia Falls, do you?

Ivan: The winds are too strong, I can't see anything!
AAAAAHHHHH!

Isaac: Felix! Throw the Mars Star in before Chucky stops us!

Garet: Stop being stupid, Isaac, there is NO such thing as Chucky!

Felix: I-I'll try!

Felix bravely tries to approach the beacon but a marshmallow flies into him, knocking him back.

Felix: Oof!

Jenna: Couldn't you have dodged the marshmallow?

Mia: Oh no! Crazy flying marshmallows!

Sheba: AUUUUUUGH! Watch out for the marshmallows!

Kraden: Look!

The marshmallows stop and everybody look up in wonder to see...

Garet: Th-th-the...

Isaac: THE GRINCH!

Garet: o_O

Isaac: I mean, the Wise One!

Garet: Big Ball of Rock with an Eye!

Jenna: A floating rock!

Felix: The creepy eyeball!

Kraden: The Wise One...

Wise One: Isaac, Garet, why have you come to light Mars Lighthouse?!

Isaac: Cheese will die if we don't! ... Will it?

Garet: The world will be destroyed!

Ivan: There won't be any cheese left!

Wise One: I saved your lives, why did you disobey my command? >=\

Isaac: We had to! T_T

Garet: Besides, we felt cheated considering all we got out with was a crummy Mars Bar!

Isaac: And we're going to throw the Mars B... Star down there! ^_^

Jenna: Isaac, Garet, what happened in Sol Sanctum after I was... rescued?

Felix: Rescued?

Jenna: Yep, from the village of evil Valeans who dislike people who like to travel!

Felix: That's our hometown!

Jenna: I know ^_^

Felix: -_-;;;

Isaac: The Wise One held off Mt. Aleph's eruption...

Garet: He stopped it so that we could escape.

Ivan: But Mt. Aleph did erupt! I saw it from Vault! I wasn't exactly buried in cheese, you know!

Garet: Yeah, well... we were there, so believe us! =[

Ivan: O...kay... \:,

Wise One: I told you to retrieve the Elemental Stars!

Isaac: I thought you just didn't want the beacons lit!

Wise One: ... But you are trying to light Mars.

Mia: Prox will fall off the brink if we don't stop it!

Wise One: Prox bought this disaster upon themselves! They deserve no mercy!

Piers: Cruelty to Proxians... :[

Jenna: The whole world will be destroyed as well!

Wise One: *rolls eye around freakily* You have learnt FAR too much...

Felix: Erm, maybe we should... go... now...

Sheba: No! We can't go, Felix, we need to save the world!

Wise One: It is useless. In time, one will seek to rule the cheese, to rule over all.

Ivan: One cheese to-

Mia: That's already been done in a fic before, Ivan.

Ivan: Drat.

Isaac: Aw come on, ruling the world with cheese? That sounds nuts.

Wise One: And it will come... sooner than any of you think.

Piers: Sounds scary...

Wise One: The Water Adept who climbs to the peak of Mt. Aleph even as we speak-

Garet: He's speaking in rhyme!

Sheba: Wow! ... So?

Garet:

Wise One: Is he not a friend of yours?

Isaac: Male Water Adept?

Mia: Is it...

Wise One: Alex is his name, surely you have not forgotten him?

Jenna: :[ALEX?!

Felix: Alex is climbing up there?!

Sheba: Alex, the girly guy?

Piers: THAT Alex?

Isaac: Alex!

Ivan: Alex?

Garet: What, how come?

Mia: He's doing something evil, isn't he?

Wise One: He knows far more than you all do.

Sheba: (sarcasm) Gosh, I feel so stupid now!

Wise One: He knows that when the beacons are all lit, their light will gather
at Mt. Aleph.

Isaac: The elements... combining at Mt. Aleph?

Garet: Elephants? Cool!

Felix: No! ELEMENTS!

Garet: I want to see elephants...

Ivan: Oh, shut up, Garet...

Wise One: The Golden Sun will rise upon Mt. Aleph...

Ivan: The Golden Sun?

Isaac: What do you mean?

Wise One: *swivels his eye around creepily*

Ivan: >:(Is that... pure Alchemy? I mean, Alchemy at the source of its power?
Cheese even?

Kraden: And it is that which the Stone of Sages is born from?

Wise One: *stops looking around eerily* That has been Alex's one true desire from the start.

Mia: ALEX IS EVIL! I knew it! >:[He's one of my own people!
I feel sick... disgusted...
to learn that he is truly evil after all... I think I could vomit!

Piers: He's been using us all along to get what he wants?

Felix: That stinking lowlife!

Garet: He's been using us all! We've been duped! ALEX IS
NOT GETTING AWAY WITH THIS!

Jenna: That dirty bastard!

Sheba: What a lying scumbag!

Ivan: Yes, it is shocking, but think about it... if we light Mars
Lighthouse, then we
are doing what Alex wants.

Isaac: Oh no...

Sheba: But we have to save the world...

Jenna: Can't Wise One do anything?

Wise One: Well, I can't interfere in the actions of mankind...

Ivan: =\ So...

Jenna: ^_^ Well, if you can't interfere in the actions of
mankind, get out of our way
so that we can light the beacon!

Ivan: Ooh! Good one, Jenna! ^o^

Felix: You heard her! Move aside, rock!

Isaac: Come on, Felix, throw the star in now! The Wise One will have to deal with that lying Alex!

Felix: Okay!

Felix rushes towards the beacon, but the Wise One flashes and knocks him backwards.

Felix: What was that for?

Piers: Wise One! You said you could not interfere in the actions of mankind!

Wise One: Indeed... (sky grows dark and his eye goes red)
But what if a miracle...
was to stop you... from lighting the beacon?

Kraden: Watch out everybody! We do not know what the Wise One is capable of!

Wise One: Indeed... hasta la vista... bwahahahahahaha...

The Wise One disappears into the lighthouse and then a horrifying three headed apparition crashes down onto the aerie...

Isaac: Oh no, it can't be...

Garet: How on Weyard...?

Felix: There's no way it's real!

Jenna: Get a grip, Isaac! It's nothing!

*Lightning crashes and the sound of thunder is plainly audible as the Adepts stare in horror at the growling, three headed, nasty, deformed...

gigantic doll. It has
three huge heads, with freaky huge rolling black and red
eyes, no noses, luminous
painted grins like a clown's, only one ear on either head
which are freakishly pointy
and a hole where the other ones should have been, sticky-
uppy red hair, clawed hands,
gangly limbs and a thin torso, and bare, twisted and scarred
feet.*

Director: What the HELL?!

Garet: Is it real?!

Jenna: I think so...

Felix: It... it... what should we call it?

Isaac: It's scarier than C-chucky!

Ivan: It's awful!

Mia: I don't care how many heads it has, we can still defeat
it!

Piers: I have never been so scared in my whole life.

Sheba: We can't get away!

*The Adepts nervously rush to surround the doll, shaking in
their boots as it grins
eerily down at them and cackles.*

Kraden: It has three heads... don't you think it's funny it has
three heads and we
still haven't found... Felix! Stop! You're going to make a
terrible mistake!

Felix: I know, it's suicide to fight this!

Garet: We can't get away, Kraden, Sheba just said so!

Jenna: We have to fight!

Isaac: Mommy! T_____T I want to go home!

Kraden: No! Felix, don't!

Felix: Never knew he cared so much...

(BATTLE!)

Doll: *starts flailing limbs and snatching at Adepts*

Jenna: Just how do you destroy a giant doll?

Ivan: No clue! Has anybody watched those films about freaky dolls?

Sheba: No... films haven't even been invented yet!

Felix: We'll just have to figure out how!

Doll: *pulls giant sword out of pocket and swings it around* I am Throwy, the Doll of Doom! Fear me!

Piers: \:, Throwy?

Mia: Chuck...y... Throw...y... right...

Throwy: Watch! >=) *tries to grab at Adepts* Stay still, I want to throw you!

Ivan: *screams* He wants to throw us!

everybody
with sword but they dodge*

Jenna: No! My Fenrir's gone! =O

Mia: Jenna, face it, that Fenrir would have been useless!

Jenna: But...

Sheba: Voodoo Doll! *holds up Voodoo Doll*

Throwy: *drops machete and starts clapping his hands*

Garet: Um, why is it clapping?

Sheba: ... AUGH!

Voodoo Doll: *eyes glow red and it wriggles out of Sheba's grip*

Sheba: It's possessed! AAAAAAAAAAGH! Go away! *tries to stomp on Voodoo Doll as it tries to climb up her* HELP!

Jenna: >=\ *grabs Voodoo Doll and it bites her, so she drops it* OW! That hurt!

Felix: -_- *kicks Voodoo Doll and by some sheer miracle it goes flying down Mars Lighthouse's beacon*

Throwy: Hehehehe! *starts jumping around*

Mia: It's bonkers!

Piers: Just how much prozac does Throwy take anyway?

Felix: Do you realise we haven't caused any damage to Throwy yet?

Garet: And I don't think we can induce Throwy to commit suicide!

Jenna: He's already made Inu commit suicide!

Mia: Jenna, Inu was a monster from the Venus Lighthouse. It had no place with us.

Jenna: But he was my pet Fenrir! >=\ Silkworms, GO!

Jenna throws silkworms at Throwy but Throwy catches the silkworms in his hands.

Jenna: Oh no!

Ivan: *awakes slowly and sees silkworms* Oh no... Hammet's going to kill me...

Sheba: Ivan, you're awake!

Throwy: *starts smushing silkworms and singing*

Silkworms, silkworms, what delightful beauties they be!
Watch me as I smush them into pudding with happy glee!
When I'm very quickly done with these worms,
I'm gonna start making you puny humans squirm!
Shatter your bones and suck your blood!
Leave your remains to rot in the mud!

Adepts: ZOMG! ;_;

Throwy: (still singing)

I just want to hear you sing,
Screaming in pain as I make you singe,

With fury of flames from my eyeballs.
I'll make you wish you'd instead jumped down Gaia Falls.
Squish you lot to a pulp, make your eyeballs pop out!
While I enjoy this merry butcherous little bout!

Jenna: That's enough! SHUT UP! I'm SCARED! *hides behind Felix* Do something!

Felix: I-I don't know what to do!

Sheba: *hides behind Jenna* He's the scariest thing I've ever seen!

Piers: I... wish we could run...

Isaac: I... think... I'll hide! *hides behind Gareth*

Garet: Uh... um... FORKS! *throws forks at Throwy*

Ivan: :[The forks are mine!

Garet: Who cares?!

Throwy: *catches the forks and throws them at the Adepts instead*

Mia: Gareth, stop throwing forks!

Ivan: Cheese! *throws cheese at Throwy*

Throwy: *catches cheese and stuffs it down his three earholes then burps it out of his mouth at the Adepts and covers them in cheesy goo*

Everyone except Ivan: *glares at Ivan*

Ivan: I-I'm terribly sorry!

Garet: CH-CHO-co... Gahhhh! I'm dr-drowning...

Felix: *struggles to keep head above cheese* We're drowning in cheese!

Mia/Piers: D-deluge!

By another sheer miracle, the cheese is washed away leaving everyone sticky.

Ivan: Now what?

Isaac: Don't know!

Garet: This sucks!

Felix: Lets make up summons!

Jenna: Good idea >=)

Throwy: BWAHAHAHAHAHA! I cannot be defeated! >=D

Sheba: Everything that says it 'cannot be defeated' can be defeated. The only ones you need to worry about are the ones you can't see!

Throwy: Pathetic! *tries to punch Sheba*

Sheba: *ducks* Leave me alone!

Felix: Uh, what should we summon?

Garet: I summon... GIANT FREAKING FORK FROM HADES!

Ivan: I summon... GIGANTIC RIND OF EDAM!

A massive fork sticks up from the ground through Throwy at the same time a large

Edam cheese comes down and is speared on the fork.
Fortunately, it is on Throwy's
head and Throwy is pinned to the ground by the fork.

Adepts: Yay!

Ivan/Sheba: Tempest!

*The force of the two Jupiter Adepts' Tempest Psynergy
blows Throwy down the beacon*

Throwy: NOOOOOOOOOOOO! I AM YOUR
FATHER/FATHER/MOTHER!!!!!!!!!!

Garet: What?! o_O

Felix: Now I'm beginning to worry about the Mars Star's
journey being obstructed by
all the things down there! A giant doll, a Fenrir and a Voodoo
doll!

Garet: What did he say?!

Mia: Some rubbish about being a father twice and a mother,
I think o_O;

Throwy: (from down below) AUUUUUUUUUUUUGH!

*There are three popping noises and Throwy's heads fly up
to land upon the aerie and
then transform, but the Adepts are too busy cowering and
looking around to notice.*

Kraden: Y-you did it!

Felix: Barely!

Jenna: That fight was hard, it took a lot out of us.

Sheba: Hey, lets go see what's up with those heads.

Mia: *looks back* They are people.

Kraden: NO! Don't look!

Sheba: Oh come on, they can't hurt us now, we'll just-

Jenna: !!!

Felix: ???

Jenna: Mom, Dad! =O

Felix: What?!

Isaac: DAD!

Sheba: The... parents? o_O

Ivan: They are injured!

Kyle: Unnnhhh... groan... Isaac...?

Jenna: Oh no, we killed our parents!

Felix's mother: Unnn... Jenna? Felix?

Felix's father: Pain... so much pain...

Jenna: T_____T Mom, Dad.....

Isaac: Dad!

Piers: Mia, we had better heal them!

Mia: Okay!

Mia and Piers try to heal them but run out of Psynergy.

Ivan: Mia, whay did you stop? =\

Mia: I can't... go on...

Jenna: Piers! Why did YOU stop? >=\

Piers: I'm sorry but I can't go on either... I'm beat...

Sheba: But the parents need you.....

Jenna: I thought I was going to be with my mom and dad again but... Mom! Dad! It's me! Jenna! Don't leave me, you meanies, it's not fair! Not after you left me for three years!

Felix: I had no idea the doll's heads were our parents... that's just mean... =\

Kraden: There was nothing you could do... not only were they injured by the boulder, it took all their strength to transform and fight you in that form. Even had you lost, they would not have survived.

Jenna: Mom..... Dad..... T_____T

Felix: My parents..... T_____T

Isaac: Dad... ;_;

Garet: (to Wise One, wherever he is) YOU MONSTER!!!!!! Why did you make us fight Isaac and Jenna's parents?!

Sheba: You're no god, no protector! You're evil! EVIL! EEEEEVIIIIILLLL!!!!

Mia: But then why would he go to stop an evil guy if he's evil? =\

Ivan: Well, we could say Alex's not evil, but that thought alone is ludicrous, isn't it? After all, Alex is trying to rule the world!

Piers: Wise One, do you have any idea what you've done? Any idea of the damage done to a child who learns they killed their own parents?

Isaac: That's enough! Shut up! ;o; At least we can save the world. Our parents would understand, right, Felix?

Felix: Well, I don't think they were expecting this, so I don't think so. I don't know!

Jenna: I agree, but... it hurts, but I suppose we have to save the world...

Kraden: Felix, time is running out, you must hurry up and cast that object called the Mars Star into the beacon in front of you!

Felix: Fine. *removes the Mars Star from its Mythril Bag* The time has come to say farewell to the Mars Star that we have gone to so much trouble for. Fondly has it been nicknamed the Mars Bar despite its properties being different. It is not a chocolate, nougat and caramel bar but a lump of bright red rock. Some have said it could be cheese but it is too hard and firm to be cheese, I think.

Isaac: To think that four little jewels could have bought so many together, spelled the fate of Weyard and it took more than five people to figure it out =\ Had we waited much longer or had we stopped the quest, the world would have failed.

Ivan: Sweet cheese, I cannot wait to taste you. I hope that cheese will not die.

Mia: If Alex is indeed responsible for setting everything in motion, then I will never forgive him for as long as I live. He is evil, and I wish I had got the chance to kill him, but I suppose the Wise One will have to kill him instead.

Garet: Much excitement and horrors have we experienced on our quest, and I have to say that there's no place like home... *sigh* That day in Sol Sanctum... I thought we would just nab the Stars, let Kraden study them, put our feet up and be bored as usual. Actually, I'm not so sure if I want to go back...

Jenna: This quest was brilliant, we went to so many places and I acquired a taste for travelling. I think that it is fun to travel. I hope Vale do not lock us up when we return. The best day would be that day in Sol Sanctum, when we got out of there and the journey began, oh, and I found out that Felix was alive...

Felix: You never apologised for that mean prank in the inn...

Isaac: Aw, you're STILL hung up about that?!

Garet: It's not like Jenna's going to marry me... T_T

Jenna: Yeah. Dream on!

Piers: I think the quest has been enlightening, it sure was a refreshing break to get out of that boring place called Lemuria, and I'm kind of glad Conservato banned me although I don't get why we can walk back in any time we like. I learnt about how wonderful the outside world was! Fabulous!

Jenna: I got a pet Fenrir too... but alas he's lost... Rest in pieces, Inu.

Sheba: I'm so glad that I was freed from the evil soldiers of Tolbi and the people of Lalivero. They captured me, held me hostage, the Laliverans called me a holy child, or holy terror when they were feeling particularly mean, and I was saved from that boring, monotone life and embarked on a wonderful quest although I'm still kind of sad that I never did discover who I really am.

Ivan: And I'm happy to have found my sister-

Felix: This is taking too long. *throws Mars Star in* Goodbye, orange rock!

The beacon starts streaming with light. The Adepts and Kraden watch and then the Lighthouse splits into four.

Kraden: *hangs on* Eep! Help me!

Jenna: Stupid old man -.-'

Isaac: Just hold on, Kraden.

Kraden: B-but what if I'm still holding on when it snaps back together?!

Piers: Useless old man... *helps him up*

Kraden: And if I'm a useless 'old man', then what does that make you?!

Piers: o_O Um...

Ivan: Look, a ball of light!

The ball hovers in the air...

Jenna: Mom, Dad, Weyard is safe now...

???: AAAAAH!!! I hear voices!

???: You must have got psychosis!

Isaac: What?!

???: No! Really!!! I can hear them!

???: ... Hey, so can I!

Sheba: Where are you?

???: In Imil, at the base of the Mercury Lighthouse!

Mia: You... you can't be!

*Scene changes to Mercury Lighthouse where Megan and Justin are standing at the fountain in Mercury Lighthouse and an old woman and old

man are there too. Some
furbies are hopping around too...*

Mia: You... you can't be!

Megan: That voice...!

Justin: MIA! I just know it! MIA!!!

Megan: Mia, can you hear us?

Mia: Yes! But how is it we can hear each other?

Justin: We don't know, but he said we could if we came here!
The lighthouses are
becoming dangerous!

Old man: Weird kids, huh?

Old woman: Yeah, they are telling us to get out of the
lighthouse. It doesn't make
sense to me.

Mia: He? Who's he?

Megan: I don't know but he told us to warn everybody away
from the lighthouses!

Justin: Said they were dangerous!

Garet: Who's HE?! You still haven't told us!

Megan: >=(You're a meanie! I don't tell meanies anything!

Justin: I'm sick of these stupid furbies! *throws one in the
fountain and it explodes*

Mia: Don't pay any attention to him. Justin, stop abusing the furbies. It's me, Mia.
Who was he?

Megan: We told you, we don't know!

Justin: But he looked like a big rocky eye!

Sheba: The Wise One!

Scene changes back to lighthouse. It is now back together and the beacon's light is a nice red colour.

Felix: The Wise One is warning people away from the lighthouses?

Kraden: Yes, since the Golden Sun is forming, Vale and the lighthouses may become quite dangerous.

Isaac: But he made us fight our parents!

Garet: Doesn't that mean he's evil?

Hama: Haven't you learned yet? One's actions do not always reveal their true intentions.

Ivan: Hama..... SISTER! =D

Isaac: Master Hama! Where are you?

Hama: I was called to Jupiter Lighthouse in a dream.

Sheba: By the Wise One?

Hama: Yes... I see your victory has come with great losses.

Jenna: Master Hama... my parents T_____T

Hama: I know, but do not give up hope yet.

Jenna: !!! What do you mean?!

Hama: The Wise One has a caring heart.

Felix: What's caring about making us fight our parents?

Hama: If the Wise One was truly evil, he would not be warning us in our dreams.

Garet: Well, that's true...

Hama: I am heading for safety. You must all get away from the lighthouse immediately, it is becoming dangerous!

Kraden: She's right! We should go!

Jenna: But what about our parents?

Isaac: Make the decision, Felix! Should we take our parents?

Felix: Yes!

The beacon suddenly flares in rainbow colours for some reason.

Mia: Eek! The beacon!

Ivan: It's too late!

Piers: Hurry! Grab the parents and flee!

Sheba: The Golden Sun is forming! It's too late!

Kraden: Run!

Jenna: Mom, Dad!

Felix: We're doomed!

Isaac: No, we're not!

Garet: Let go of my WRIST! LET GO!!!

Isaac: Get a grip, Garet, nobody's touching you!

Garet: I'm serious, somebody was-

Mia: Maybe it was a ghost! Shut up and run!

The scene fades into Prox. Felix, Isaac and Kraden are chatting to Puelle and the Prox Elder.

Puelle: Thanks for saving Prox.

Prox Elder: It is fortunate your parents could be saved. When I saw them, I thought it was impossible but I suppose the Mars beacon would have rekindled their spirits. It is a good thing they are Adepts.

Puelle: I saw the beacon streaming away into the distance. It was an amazing sight.

Kraden: =\ I wish I could have seen it.

Puelle: Yes, you, as a useless scholar, would have been impressed.

Isaac: I saw the beacons of purple, yellow and blue stretching to the south.

Prox Elder: Is that not the direction in which Vale lies?

Felix: Yes, the beacons gathered over Mt. Aleph =\

Jenna: Felix! Isaac! Kraden! I'm getting impatient! Are we going or not?! :[

Isaac: *screams* It's Jenna! She's pissed!

Felix: o_O; Um... ^_^'

Kraden: But I want to stay here a bit longer...

Felix: No, we should go now.

Kraden: Aww!

Isaac: Bye!

Puelle & Prox Elder: Bye!

Felix: Farewell!

Kraden: T_____T

Felix, Isaac and Kraden leave Prox to find Jenna, and the rest of the Adepts waiting

Jenna: Finally! Mom and Dad are very fed up with waiting!>=|

Jenna's mother: Nonsense! Puelle and the others took good care of us! :)

Jenna: Don't tell him that, we'll be here forever!

Felix: Well, we're ready...

Isaac: I'm worried about Mom =\

Kyle: Dora is a strong woman, Son, she'll be fine.

Piers: You must be very relieved your parents are alright
Jenna. You wept such
mournful tears after the battle.

Jenna: What! As if! You can't prove anything at all!

Jenna's mother: Oh, were you crying?

Jenna: No, I said I wasn't!

Mia: You have to remember, she thought her parents had
died...

Garet: Man, now I'm missing my family heaps... =\

Sheba: We should go! Come on!

Ivan: Keep your hair on...

*Ivan, Sheba, Mia, Piers, Felix and Jenna's parents and Kyle
walk off but Isaac,
Felix, Jenna, Garet and Kraden remain.*

Isaac:

Kraden: Reluctant to leave?

Isaac: The journey's almost over...

Felix: Just the last stretch to Vale...

Garet: Will Vale be ok?

Kraden: Maybe...

Jenna: You think something's happened?

Kraden: It is a possibility which cannot be ignored. The Golden Sun, for all we know, could have totally annihilated Vale.

Jenna: Well, poo to them -_-

Isaac: Jenna, you can't mean that!

Jenna: They kept us all hostage and wouldn't let us travel!

Garet: But my family's in Vale! =O What if...?

Kraden: Now, I'm sure they are fine. Remember, the Wise One warned everybody away?
They may be fine.

Garet: So whatever happens, my family's okay!

Jenna: Come on, Garet, lets go and tell everybody else!

Garet: Okay! =D

Jenna and Garet walk off.

Isaac: Kraden... why did the Wise One make us beat up our parents?

Kraden: Well, I imagine that he knew they would be revived by the beacon.

Felix: Could he have been testing us as well?

Kraden: Possibly.

Felix: Sneaky...

Isaac: =\ We didn't have time to have a snowball fight!

Felix: Haven't you had one?

Isaac: Yeah, in Lamakan Desert...

Felix: I had one on Tundaria continent.

Isaac: Snowball fights are fun.

Kraden: Look! We're far behind already?! Come on, I don't want to walk back to Vale! Felix, Isaac, lets go!

Felix: Back to Vale! =D

Isaac: To Vale! =D

Felix, Isaac and Kraden rush off to the ship and it sets sail towards Vale.

14. Chapter 14

Golden Sun: The Lost Tale

Last chapter! I'm still waiting for Camelot to release a sequel
so
that I can screw it up...

[Studio]

Jenna: *sigh* Why did I have to lose the Fenrir?

Sheba: I lost my Voodoo Doll too...

Ivan: The silkworms got killed as well...

Isaac: Cheer up, everyone. We're almost done!

Felix: But hopefully we'll get more opportunities for insanity.

Garet: Yeah! Hurry and make a sequel, Camelot!

Director: Let's get this over with. *tiredly drinks coffee*

[Return to Vale]

Alex is climbing Mt. Aleph and the sky begins to glow yellow.

Alex: *screams* It's happening! It's really happening! W-wait! Wait for meeeeeeeee!

;____; Wait until I reach the summit! *hit by falling bird and falls all the way down Mt. Aleph* Arrrrrrrrrrrrrrrrghhhh!!!!

The Mars Lighthouse, then Mercury Lighthouse, then Venus Lighthouse then Jupiter Lighthouse send sparkly light and fairy dust and twinkies all the way towards Mt.

Aleph and a golden beam shoots down, hitting it, and the screams of Valeans are heard for some reason.

Then Alex warps onto the summit of Mt. Aleph, looking worn and beaten and holds up his hands.

Alex: O, glorious cheese, long have I waited for you! Come to me, my precious! Now I shall rule the world with cheese! Lovely golden cheese, covering the sky and Mt. Aleph in its lovely yellow gunkiness!

The light stops and Alex looks around then holds up his hands again.

Alex: At last I have it! =D Unlimited power and unlimited life! It is time to show the puny mortals the power of cheese! Rise, cheese, rise and unleash your evil power upon Vale and the foothills of Mt. Aleph! May rinds of cheese

run it to the ground!
RISE!

Nothing happens.

Alex:?

Still nothing.

Alex:? I'm powerful, I have the power of cheese,
so why can't I
conjure up a simple cheese storm? Oh, cheese, why won't
you fall?

Wise One appeared!

Alex: Eek! *steps back, looking horrified* W-who are you?!

Wise One: You know perfectly well who I am!

Alex: N-no, I don't!

Wise One: I am the Wise One, guardian of the elemental
stars!

Alex: V-vale's Protector?!

Wise One: Aha! So you do know who I am!

Alex: I never said I did! Honest! R-really...

Wise One: But you knew I was Vale's protector!

Alex: So? Want to make something of it?

Wise One: You bet I do! >=|

Alex: Go ahead!

Wise One: You wish to have unlimited cheese?

Alex: Hah! I just got it! >=D

Wise One: Don't give me that! Where is it then?

Alex: Um, it's... in Imil... yeah, in Imil.

Bird flying overhead: That's funny, I just passed Imil and I didn't see any cheese...

Alex: O_O;;; Vault, then?

Bird: I can see Vault from here, no cheese there either.

Alex: -_-+ Die, bird! *casts Glacier on it*

Wise One: Cruelty to birds will not go unnoticed! Er, except you get special recognition if it's pigeons.

Alex: Pigeons?

Wise One: Yes, I was sitting in a field one day and these cheeky little pigeons perched on me and did their business on me... evil birds! But at least they are not liars like YOU.

Alex: M-me?! ^_^

Wise One: You do not have unlimited cheese.

Alex: I do! I do!

Wise One: No, you have a lot of cheese, and your life is somewhat longer, and you may have a bit more Psynergy.

Alex: You're lying! ToT

Wise One: I am afraid not.

Alex: You speak in meaningless riddles, rock! Can you not see? CHEESE IS MINE!

I'll sing a song about cheese too! (singing)

Chomping on Cheddar is what I love,
Consuming Camembert is simply divine.
Eating Edam is a fine way to pass the time.
Pass the Ploughman's, please!
I just gotta have all that cheese!

O, Cheese, I just love you so much,
I made this cheesy song just for you!
Alas, I would name more cheeses so fine,
But my memory will not permit me!

Cheese, cheese, beautiful cheese!

Wise One: You are merely under the pretence of being obsessed with cheese.

Alex: Pretence? Pah! I can say I love cheese in French! ^_^
J'aime beaucoup le fromage!

Wise One: Cheddar, Camembert and Edam are cheeses, but you could also have mentioned
Stilton, Leicester, Gorgonzola, Parmesan, Brie, Gloucester...

Alex: *screams like a girl* No! My cover is blown!

Wise One: You are merely leading the cheese on! It hates you!

Alex: It does? *is suddenly covered in gunky cheese*

Wise One: See?

Alex: Huh! NO! MY HAIR IS RUINED!

Wise One: That's what you get for being unfaithful to cheese!

Alex: You can't even EAT cheese!

Wise One: >=|

Alex: You're just a rocky eyeball! I am mad now! *starts using Psynergy* Fear me!

Oh wow, I'm so powerful! =D

Wise One: You have reminded me of my problem, being unable to eat cheese. DIE! *uses Psynergy and knocks Alex flat to the ground*

Alex: OW!

Wise One: ^_^ Serves ya right! *levitates Alex and smacks him down again*

Alex: O-ow! That's cruelty to Mercury Adepts! N-no! I have been defeated!

This cannot be! I am invincible!

Wise One: All evil, powerful people say that once they are defeated! You do not have unlimited life and unlimited power!

Alex: This isn't fair! ;_ ; Who is responsible for this utter treachery? Who has robbed me of my dream?!

Wise One: It was me, the Wise One ^_^ I saw straight through you from the start! >=D
I, the Wise One, imbued that nice little rock known as the Mars Star with some of the power from the forming Golden Sun! Even now, it rests in the hands of young Isaac.

Alex: WHY?!?!?!?!?!?!?! T_____T

Wise One:

Before the Wise One can be bothered to answer, the ground begin to shake and lemmings begin raining down from the sky and evil fanged furbies are flying through the sky and attacking birds.

Wise One: I shall have to talk to Mia about the evil fanged furbies...

Alex: Wh-what's happening?

Wise One: The heavens and earth are changing, Alex! Normally I'd tell you to flee straight away because I'm supposed to be this good little rock who does not let people die so easily!

Alex: WHAT?!?!?!?

Wise One: Mt. Aleph is sinking into the ground! The force of falling lemmings is causing it to sink into the ground! You must get away or risk joining

it forever in the centre
of the earth!

Alex: I-I can't even move!

Wise One: Yes, what a pity. You'll wish you'd been born a mole instead or something.

Alex: I can't flee! T_T

Wise One: Well, duh, that's because of the limit of your powers and also the fact you happened to be covered in gunky cheese which I imagine is not quite so pleasant. It is not likely you will survive. If you do, perhaps we shall meet again someday- perish the thought! I've seen enough of you to last a lifetime!

Alex: I-I'm insulted! HEY!
WAAAAAAAAAAAAAAAAAAAAAIIIIIIIIIIIT!!!!!!

Wise One flees and the scene fades out.

Some Random Lemming: What a weirdo! You'd think he could just jump off Mt. Aleph!

Nearly at Vale...

Jenna: Finally! We're finally near Vale!

Isaac: How would you know, you've only left once?

Jenna: Shut up, Isaac!

Isaac: T_T I was just asking...

Mia: So where is it then?

Felix: It's just over the last hill...

Garet: Are we there yet?

Felix: Nearly!

Garet: When will we be there then?

Ivan: Soon!

Garet:

Sheba: Garet is not looking very happy.

Garet: =\

Ivan: I guess he's worried about his family and what's happened to Vale.

Piers: I cannot wait to see your hometown!

Isaac: If it's still there.

Jenna: Surely it is? I know the people there are pretty stupid with their rules, but did they deserve it?

Felix: Let's talk about that once we've seen what's happened.

Mia: Flying furbies in the sky! o_O

Piers: Is that your doing?

Mia: No! Honest!

Sheba: Maybe your apprentices set them loose?

Mia: ... I'll have to talk to them >=|

Garet: Are we there yet?

Kyle: Can we see it from the top of that hill?

Isaac: I think so.

Jenna's mother: I don't think I can bear to look for myself...

Jenna's father: We'll stay down here and wait to hear what's happened.

Isaac: Felix, lets go and look for ourselves.

Felix: They are probably worrying about nothing, it might be fine-

Isaac: 'Might' is not very reassuring- O_____O

Felix: Yeah, so what- O_____O;;;;;;

Jenna: Felix? Isaac? What's wrong? Can you see anything?!
Tell me!!!

Felix: Sorry, Jenna, but Vale and Mt. Aleph are... almost gone.
=\ I don't think
Piers is going to see our hometown after all.

Jenna: Oh no! =\

Piers: We should have gone to visit earlier =\ Now I will
forever regret I didn't
get to see Vale...

Felix's dad: Is that Mt. Aleph?

Felix's mother: Of course it is! You didn't think it was some random mountain did you?

Isaac: Mom...

Kyle: Dora...

Garet: Mom... Dad...

Kraden: It would seem that Vale and Mt. Aleph are submerged in the ground.

Ivan: Kraden, we can all see it.

Mia: And hearing it makes it even worse!

Felix: Isaac, Garet, I understand how you're feeling but I don't think that standing here like dummies is going to improve anything. I suggest we all just go to Vault and think there instead. How about that?

Isaac: =\

Kyle:

Garet: Huh! It's alright for you, Felix, you've still got your family, but what about ME?! I'm all alone in case nobody noticed!

Sheba: Awwwwww! Poor baby! ^_^

Jenna: SHEBA! >=\ How could you go and say that to Garet?!

Sheba: >=) I thought he needed a wake-up call.

Mia: Tee-hee! Hehehehehehehehe! =D Hmm..... I wonder -_^
Heh heh heh...

Jenna: That's it, you've all officially gone crazy -_-'

Piers: Send them to Lemuria. That should sort them out.

Garet: Mia, Sheba?!?! You think that this is actually funny?
Look I'm all alone! What
am I going to do? My whole family... T_____T

???: Garet! Don't be so sad!

???: I hoped you might be a little more confident after all the
adventures you've had!

Isaac: !

???: Hahaha! This is SO great! I finally got to see my big
brother cry!

Garet: !!!

The scene moves to Garet's family standing nearby.

Garet's dad: Did you have a good time? I knew it would take
more than this to beat you.

Garet: What, hanging off a light- err, I'll tell you... later...
yeah... ^____^;;;;;

Sheba: You're not the only one... ¬_¬

Piers: Is hanging off lighthouses an occupation?

Mia: I don't think it is...

Garet's mother: Welcome home, Garet! We would have had a welcome meal cooked for you but as you can see it is a bit difficult at the moment...

Garet: Ok.....

The Mayor of Destroyed Vale: You are looking surprised to see us, Garet...

Garet: I was worried! >\ It's not funny to make me worry!

Kyle: How did you survive?

Kay: It was the Wise One, he warned us of danger and guided us here to safety.

Aaron: He gave me some cheese but I don't want it! *throws it*

Ivan: Cheese! =D

Kay: Oh, and Garet, don't think I forgot about the flowers.

Garet: Y-you haven't even GOT any flowers now! O_O;;;

Kay: No, but I can still punish my dear little brother, can't I? >=)

Garet: Meep... o_o;;;

Garet's grandmother: Everything was destroyed =\ Our homes, our town... I blame those pesky lemmings, we were fine before they came...

Kraden: The Wise One saved you all?

Garet's father: Oh absolutely, he's a very good little rock isn't he?

Garet's grandfather: He's actually quite a big rock.

Felix's father: I've never seen the Wise One, have I?

Jenna: He turned you into a three headed doll.

Felix's mother: Really? I don't remember that!

Felix: -_-;;; You don't?!

Kyle: No o_O Why would a rock turn us into a doll?

Isaac: Long story.

Garet: Whoop! =D I'M NOT ALONE! ^_____^

Mia/Sheba: See?! =D

Garet: Aw, shut your mouths! ¬_¬

Kraden: Did Dora make it out too then?

The scene moves sideways to show Dora.

Kyle: Dora!

Isaac: Mom! =D

Dora: Isaac, you're home? Kyle! You're home too! =D I don't believe this! And to think I spent three years mourning for you when you were alive all along?! Oh, and don't think I was a faithful widow or anything. >_>

Kyle: Sorry, I didn't really have much choice in the matter... but anyway you survived!
And... wait, what's that about not being faithful?!

Dora: So, uh... you survived too! ^_^

Jenna: Lets sing a song! =D

Ivan: All of us?

Mia: Yeah! =D

Isaac: Okay!

Garet: Uh, I know, you start, Felix!

Felix: I hate starting songs. Let Jenna start it.

Jenna: Why do I have to start it?

Felix: Because I don't want to.

Isaac: -_- ' If you two are going to argue, I'll start it!

(starts singing)

We could tell you how it started,
But since we already told you,
We're just going to sing about going back!

Jenna:

To think that we finished the quest already!
We had quite the party,
Going home on the wonderful ship,
It was a beautiful trip!

Garet:

I couldn't help feeling worried,
Thinking everybody might be buried,
Or other horrible things I couldn't bear,

Vale's gone down, down a long way...
But at least I'm not alone today!

Felix:

We almost paid such a high price for saving the world,
But the Wise One was quick to lead people away from the
earth's fold,
So sue me, I used a stupid phrase in a song, and I can't see
why,
Why songs must rhyme!

Ivan:

I thought we'd be getting lots of cheese,
But now I think I was duped.
I don't care anymore, at least I've got a home!
No more living at Hammet Palace,
With Layana, the woman with a temper like seventy storms,
and Hammet, the anti-cheese silk merchant!

Mia:

Oh, ungrateful little Ivan! I should scold you,
But right now I'm too happy to care!
I don't know if Alex's dead or not, but who cares?
I think I could just party all night!

Sheba:

Since I am out of ideas for what to sing,
I'll just try a little rhyming!
Ivan is really annoying!
Isaac didn't get his Golden Ring,
But it was a tacky piece of bling-bling!
Lemuria has a king!
Please stop shouting,

Im not stopping...
Or maybe I should before I start hurting...

Piers:

Alas, I am very sorry to say,
That the song is coming to an end!
All I see are lemmings running around,
There is nothing interesting about that to me,
Neither are crazy furbies with fangs!

Isaac: Ok, really, lets stop now, this is stupid...

Ivan: I'm not getting any cheese, am I? v_v+

Isaac: I guess not... *puts hand in pocket* O_____o
*pulls out orange coloured
cheese* Where did this come from?

Ivan: CHEESE! =D

Garet: Oh, poo, who needs stupid cheese? I dont want any...

Ivan: You insult cheese! =O

Aaron: Cheese is yuck!

Ivan: AAAH! Insulting of cheese! *faints*

Sheba: Get a life, Ivan... -_-'

Isaac: *holds cheese up* CHEESE?

Dora: Isaac, really, it's not polite to play with food.

Isaac: Honest, I wasn't playing!

Kyle: The cheese in Prox was weird...

Garet: I'm hungry though...

Felix: We should be going to Vault...

Sheba: All of us?

Piers: Of course.

Mia: Wow, there's like... eighteen people here... oh, nineteen...

Kraden: Harumph! You are all ignoring me again!

Jenna: Why were you quiet?

Kraden: I was merely engrossed in taking apart a fanged furby and examining it.

Felix: And what happened? o_O

Kraden: It blew up in my face!

Felix's mother: That's... fascinating.

Felix's dad: Well, maybe you should have asked it first.

Mia: Furbies only speak furbish ^_^

Aaron: Look! =D *holds up another fanged furby* Cute!
bitten OUCH! *jumps up and
down on top of it*

Kay: Where are those stupid things coming from?

Mia: Imil, I think ¬_¬

Mayor of Destroyed Vale: Come, we should go to Vault now so that I can decide what

my new title is.

Garet's grandmother: You could just be Garet's grandfather?
^_^

Garet's dad: Are we going to meet the Wise One?

Garet's mother: Why?

Garet's dad: I want his autograph ^_^

Garet: O_O But the Wise One's a rock!

Garet's mother: And the protector of Vale, do not forget that!

Garet: Then why is Vale sitting in a huge crater?

Garet's grandfather: That's it. As soon as we get to Vault me and you are going to have a long talk.

Garet: Oh poo.

Ivan: *awakes* Unnnh... *notices everybody walking away*
Hey! Wait for me!

Everybody walks off to Vault... and that's it.

The end, for now.
